

The AT&T MSHSL observes and follows the TAHA Video Review Policy outlined below.

TAHA Video Review Policy

Increasingly, TAHA receives unsolicited video during the season with a request that we consider supplemental discipline for an infraction that either went uncalled or, where the penalty assessed was not appropriate (either too harsh or not harsh enough). TAHA has not considered this type of review in the past given the inconsistencies and quality of available video in many of our buildings. However, the continued availability of higher quality video, and in the interest of ensuring the safety of our athletes, we are introducing a trial video review program for the 2019-2020 season.

TAHA will NOT use video review for the purpose of changing any on ice call, UNLESS the video clearly and unambiguously demonstrates MAJOR/GAME MISCONDUCT penalty assessments were made to the wrong player. (PLEASE NOTE: video must clearly show, without question, that the wrong player was identified and penalized by officials during the infraction. (TAHA will only consider a review if the penalty assessed was a MAJOR/GAME MISCONDUCT.)

Video submitted for potential review by TAHA, will only be accepted/considered if presented by a member Association or Rink partner. (No individual or parent submissions will be accepted.) The following process shall be followed:

TAHA Guidebook - 33 - April 29, 2019

- Upon review by the Association or Rink leadership, and determination that a request for further action is requested, the Association's Director of Hockey or Rink's GM must complete the "Video Review Request" form.
- Completed form must be sent within 48 hours of the incident to vicepresident@tahahockey.org. Form must be submitted with a \$100 check (\$250 check if the request is for review of misidentified player). (If the video is accepted and supplemental disciplinary hearing is conducted, the check will be returned. If the video does NOT result in a hearing to determine additional discipline or correct player identification, the \$100/\$250 check will be considered a fine to the organization that submitted the video.)
- Upon receipt, the Vice President will review and determine if the actions shown on video warrants further review.
 - If further review is deemed warranted, a review process will be undertaken by a Video Review Committee (the "VR Committee).
- The Video Review Committee will make a recommendation to the TAHA President who will make the final determination on conducting a supplemental discipline hearing.
- Supplemental Discipline will not be imposed unless and until a hearing has been conducted with the player, coach or parent that is the subject of the request.
- Discipline administered by TAHA will be imposed immediately and the subject of supplemental discipline will retain all appeal rights as provided for in the TAHA Guidebook and USA Hockey Bylaw 10. (Any discipline assessed will not be delayed while an appeal is in process.) The procedures outlined here represent the complete TAHA Video Review Policy for the 2019/20 season. The policy MAY or MAY NOT be adopted permanently after the coming season. The video review request form will be available on the TAHA web site.
