## TEAM MESSAGE

Well the Majors won it all last year and in doing so played an exciting brand of baseball throughout the season. Fan support continued to improve from the year before and they were well rewarded with the play of their team. The pleasures of watching a winning team in one of the best kept and most picturesque ball parks in the league, yes in Canada, on a warm summer evening has to be one of the best entertainment values around.

The Majors can't promise another championship team, although, that certainly will be their goal, but they do promise to play better ball if the crowds are there and they show their appreciation of good plays. You can be a real fan and show your support by bringing another fan with you to the next game. The Majors will do their best to entertain you to-night and every night you are kind enough to come down and cheer them on.

**NORM ALDRIDGE**  
— Coach

"One more time" seems to be the most appropriate way to describe the return of the Majors senior coach, who last year announced his annual retirement from the game he loves so much. The team members couldn't be happier and as Manager Roy McKay stated "no one can really say just how important Norm's contribution to the success of this team has been over the years."

**NORM ALDRIDGE — Coach**

**ROY McKAY**  
— Manager

When you look at the record of Roy McKay as a manager you must consider him to be one of the better ones in the league. Selected as first team All-Star Manager in 1975, he has never had a losing team in the Inter-County, and has won the league championship two of his six years at the helm of the Majors. Whatever the reason for Roy's success, and it seems he makes the right decisions and moves most of the time, we are confident that the Majors will be right in the pennant race again this year, and hopefully bring home another championship to the city of London.

**JIM JACKSON**  
— Player Coach

The "Jet" is back after taking a year off to coach the Junior Athletics to an Inter-County Championship. The experience he has gained working with the younger players will greatly assist him in bringing along the several junior players who have moved up to the Majors this year. Look for Jim to contribute with his big bat in the designated hitter role as well. He certainly looked strong in spring training and the management is happy to have him back.

**REID HEFFERNAN**  
— Player Coach

There are few people in the city with more baseball knowledge than Reid, but his great attribute is his ability to pass this knowledge along to others. The younger players who have moved up to the Majors this year will certainly benefit from his guidance. Long recognized as one of the better players in the Inter-County he took last year off to rest a troublesome arm and helped to coach the Junior Athletics to a championship. A return to the playing field will be a big bonus to the Majors and a steady influence to the younger players.

## **BARRY FULLER**

— Catcher-Outfielder

Not spectacular but steady. A clutch hitter who does his job efficiently. He comes to play and will play wherever the manager asks just as long as he gets in the game. These are the comments you might make of Barry, and you would be right, but add to that a will to win that knows no bounds and you have a player that championship teams are made of. While batting a very tidy .309 last year he didn't commit a single error in twenty-two games as an outfielder.

**MIKE JOYCE**  
— Outfielder

One of the younger players on the team, Mike has looked exceptionally strong both in the field and at the plate this spring. His speed and strong arm qualify him as a senior ball player, and if he can hit the better pitching of the senior clubs he will be one of the regulars in the outfield.

**ALEX McKAY**  
 — Infielder

Another of the junior players who will likely see some action with the Majors this year. Alex has shown considerable improvement this spring. If determination, desire and hard work make ball players, and surely it must, then we will continue to see more of this young player. The first one on the practise field and the last one to leave, he has worked to strengthen his hitting over the winter months, and this should pay big dividends this summer.

The victories of last year as well as the disappointments and losses are soon forgotten. We start the new season with many of our veterans returning but also with what we feel to be some of the best young talent to come out of London in some time. Changes in our lineup will be many, but we are confident that by the end of the regular season these new players will have developed to the point where the Majors are once again championship contenders.

### MIKE MITCHELL

— Infielder

A graduate from the championship juniors Mike can play any of the infield spots with confidence and should be a great asset to the Majors. While not a power hitter, his speed on the bases and good bat control will likely produce lots of runs for the team. Mike is looking forward to making his rookie year a stand out one for the senior club.

**RANDY MERCER**  
— Outfielder

The first practise that Randy attended this spring the management knew that he could help us. He has a great arm, plenty of speed and has been "knocking the cover off the ball" at every practice. Randy has all the qualifications to be Rookie of the Year, and we wish him that kind of success as he joins the Majors after starring in the junior ranks.

Imported from the sunny south and more specifically The University of Southern Mississippi, this young fellow hit .271 with power in his last year as Captain of the Golden Eagles Baseball Team. He graduated with honours, obtaining his B.A. degree in Physical Education, and will not only be a great asset to the Majors as a player but also to the Junior Majors as coach. A native of New Orleans, La., he comes highly recommended by a former London pitcher and now the baseball coach at U.S.M., Bobby McBee.

**DON PLUMB**  
— Statistician

Don comes to us with many years of experience with the London Dukes. He is probably one of the greatest fans of the game of baseball in our city, and can quote facts and statistics like a computer. He is certainly a welcome addition to the London Majors and we are confident he will continue to do the fine work for our team that he has done for others in the past.

— Infielder

A native of Chatham where he played his minor baseball, Bob has shown a very slick glove at first base, and if he is able to hit the Major Inter-County League he may well find himself as one of the starters this year.

**PHIL SCHMIDT**  
— R.H. Pitcher

Phil has been the backbone of the Majors staff since coming to London. A real student of the game and a very intense competitor, we look for another great year from him. Phil and his wife Kathy are now permanent residents of our city and a teaching position with the Separate School Board, we hope will keep the Schmidts in our fair city for many years to come.

**MIKE KILKENNY**  
— L.H. Pitcher

Much of the Majors success last year was due to the pitching staff, and of course Mike, who was named Most Valuable Player, led the way. His record of nine wins without a loss, an E.R.A. of 1.31 and his league leading 129 strikeouts speak for themselves. Another great year from the "Killer" will go a long way in helping the Majors reach another championship. We hope that his job as club professional at the Llyndinshire Golf Course will allow him to play as much as he would like to.

### JOHN GOURLEY

Catcher - Infielder  
While still a junior John showed us last year that he was capable of senior play. Highly regarded by some of the professional scouts, he spent last winter playing for Louisburg College in North Carolina. Born in London, we look for John to develop into one of the best players to come out of the junior program in many years.

**NEIL AMBROSE**  
— L.H. Pitcher

While still of junior age Neil proved that he was capable of pitching senior ball with his excellent performances towards the end of the regular schedule last year and also in the play-offs. His father, John, was of course, one of the better Inter-County pitchers a few years ago, and with his coaching and some help from Mike Kilkenny, we feel that he should find a regular starting job with the Majors this year.

**DAVE BYERS**

— Infielder

Dave continues to be the class of the league at short-stop in our opinion. He led the team in home runs last year and made some spectacular plays in the field that the fans now seem to expect of him as routine. He should be a big help and a steadying influence on some of the younger infielders, and we hope this year will see him attain the All-Star recognition that we feel he deserves.

**ARDEN EDDIE**  
— Outfielder

Now the senior member of the Majors outfield Ardie will centre what we feel will be the best defensive outfield in the league. His batting average of .340 last year and league leading twelve stolen bases earned him All-Star recognition, and another great year from Ardie will go a long way in leading the Majors to another winning season.

**BOB GILLAN**  
— Trainer

Bob is a welcome returnee to the ball club. He keeps the players on the field when in some cases their injuries might keep them out of the line-up. His years of experience both as a hockey and baseball trainer will no doubt continue to be of valuable assistance in producing another winning team.

**DAVE LAPTHORNE**  
— Infielder-Captain

The younger ball players certainly will continue to benefit from the leadership and examples set by "Whitey". A school teacher by profession, never too busy to help the ball team, and in particular the rookies. London has had many successful seasons in recent years, and a great deal of the teams success is due in no small way to the efforts of this man.

**MIKE KOSMAC**  
— L.H. Pitcher

While still a junior player with the London Diamonds, Mike is expected to see some action with the Majors. His record of 5-0 with last years junior champions and good showing this spring rate him a try in senior competition. He has that good left handed curve ball and control for a young pitcher. His attitude and willingness to work and learn should all contribute to his development as an outstanding pitcher.
