"GOOD SPORTS"

More and more each year our citizens realize how much sport affects the life of our youth for good. Experience has proven that "Thou shalt nots" or even punishments alone cannot cope with delinquency. There must be something constructive to give scope to the energies. There must be an outlet for pent-up enthusiasms along safe and sane lines. There must be guidance and direction to Youth for character building on the field of sport as well as in the home, the

school and the Church or the good influence of the latter may be largely lost. Percepts for self-discipline, for unselfishness, for courtesy and for fair dealing can best be learned by living them on the playing field and in everyday life and no sport that I know tests these qualities better than hockey. Parents need have little worry over their Youth if they are, in the best sense of the words, "Good Sports".
