ROY MCKAY — Manager

The 1984 London Majors finished at or near the top of the league in several important categories; Tops in pitching and homeruns; 2nd in final league standings and fielding; and 3rd in overall team batting average. Manager Roy McKay hopes the '85 version can add to these statistics with a stronger playoff performance. Experience, youth plus several off season acquisitions, hold the promise of an exciting summer of baseball in London this summer.

BARRY WHITE

London Major Coach

This is one of the most dedicated people to be involved with the London Majors in a long time. Barry is most always the first to the Park to see that everything gets off on the right foot and his always pleasant, positive attitude make life at the ball park a real pleasure. Barry's #1 sports love is Baseball but a close second is sailing — as long as they stay in that order...we'll all be happy.

WAYNE FENLON

Ht. 6' Wt. 205, B-L T-R, Catcher

Despite several nagging injuries last summer, Wayne still battled his way to a healthy .356 average. Master of the art of bunting, Wayne feels that "bat control" is the key is consistent hitting in any league. He is also the proud owner of the oldest catcher's mitt still in active use.

MIKE PATERSON

Ht. 5'11" Wt. 170, B-R T-R, Pitcher

Mike allowed only 1 earned run during the regular season in 1984 posting a 0.28 ERA. Working as a starting pitcher or coming out of the bullpen, his control is superb (1.97 bases on balls per-centage in '84). His very distinct side arm motion will keep batters on their heels this summer.

RON ST. LOUIS

Ht. 5'6" Wt. 148, B-L T-R, Infielder

A smooth gloveman in the field, Ron's knowledge of the game is rivaled by few. As a batter, Ron's patience allows him to wait-out pitchers and rarely chases any poor pitches. A good teacher of the game Ron is always passing along helpful tips from his wealth of baseball experience.

BILL NOWICKI

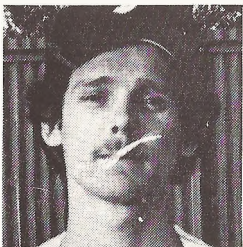

Ht. 5'8" Wt. 160, B-R T-R, Outfield

Looking to make his mark in baseball with the Majors this season is American import Bill Nowicki. Just 20 years of age, Bill combines natural ability with plenty of desire and hard work.

CHUCK WESTMAN

Ht. 5'11" Wt. 170, B-R T-R, Outfield

Faster than a speeding bullet? Not quite but he is damn quick. Charles, Chuck, Chaz, an excellent athlete who has developed into a first rate outfielder in this league. Predominently a line drive style hitter, Chuck can hit to all fields with equal proficiency.

MIKE VAN ESCH

Ht. 5'10" Wt. 145, B-L T-R, Infield

Beginning his third season with London, Mike is an agile ball player. With a batting style ideally suited to play on astro-turf, he chops down on the ball and gets a good jump towards first base. One of the speedier Majors, Mike is also called upon as a pinch runner.

DAVE BYERS

Ht. 6'2" Wt. 218, B-L T-R, Infield

Players and fans will readily agree that Dave Byers is one of the finest shortstops to ever play in the inter county. Year in and year out he hits for power and average, not to mention a great glove and a strong arm. Having undergone ankle surgery in the off season to help alleviate a persistent pain he has endured the last 2 seasons.

FERGIE JENKINS

Ht. 6'5" Wt. 215, B-R T-R, Pitcher

What a pleasant experience we all (Players and Fans) had in 1984, having this gentleman around. By Gosh, you know he enjoyed it enough to come back for **"another summer"** after winning 9 games last year, Fergie, needs only 7 more to win 300 in and for the Majors. Fergie led the league with those 9 wins, also in strike-outs and least walks per 9 innings. Fergie was the only man to strike-out more than 3,000 in the Major Leagues and walked less than 1,000. Young aspiring pitchers...control is the way it's done.

ALEX MCKAY

Ht. 6' Wt. 180, B-R T-R, 2nd Base, Infield

Alex split the 1984 season with the London Majors and the Honeymoon Circuit. Only 27, he has had experience in 11 major inter-county seasons. Alex makes a solid contribution to the team in many ways especially with timely hitting.

HOW TO MANAGE — A BALL CLUB

1st: Get 15 men who will run through a brick wall for you.

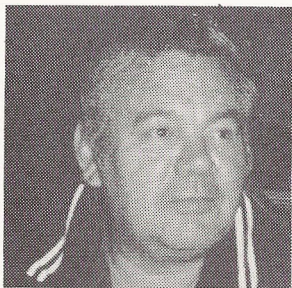

2nd: Get 5 men who hate your guts.

3rd: Get 5 men who are undecided.

The trick is to keep the 5 men who hate your guts away from the 5 who are undecided.

**ARDEN EDDIE**

Ht. 5'11" Wt. 184, B-L T-R, Infield

For most of his senior career Arden has been the starting centre-fielder for London. This season will see him in a new role...as a first baseman. In spite of his veteran status, Arden is still one of the game's most avid students. Known for a keen batting eye and clutch hitting, his love of baseball has grown right along with each passing season.

CHRIS BARR

Ht. 6'3" Wt. 170, B-L T-L, Pitcher

Returning for his second season with the majors, Chris is a quick, energetic pitcher. Second only to pitching is his love of fast food. During last season Chris set several London eating records including speed, cleanliness, and total trips to a restaurant in 1 day.

SCORING MADE EASY

Baseball shorthand as used by baseball writers will render every game more enjoyable to baseball enthusiasts. All players are numbered and all plays are recorded by symbols.

Just number the players as follows:

Pitcher	1
Catcher	2
First Baseman	3
Second Baseman	4
Third Baseman	5
Shortstop	6
Left Fielder	7
Center Fielder	8
Right Fielder	9
Designated Hitter	DH

And use these simple symbols

for plays:

Single	=
Double	==
Triple	===
Home Run	HR
Error	E
Foul Fly	F
Double Play	DP
Fielder's Choice	FC
Hit by Pitcher	HP
Wild Pitch	WP
Stolen Base	SB
Sacrifice Hit	SH
Sacrifice Fly	SF
Caught Stealing	CS
Passed Ball	PB
Balk	BK
Struck Out	K
Base on Balls	BB
Force Out	FO
Intentional Walk	IW

In the totals line on the scoring block, records the runs made in each inning in the top part of the slanting box, the hits in the lower part. Complete details are published in any Baseball Rule Book.

JON OWEN

Ht. 6'2" Wt. 195, B-R T-R, Pitcher

A poised competitor who is looking towards another solid year as the mainstay for London's pitching staff. Along with the balance of the major's hurlers, Jon helped give London the lowest ERA in the Inter-County last year. Jon has a good fastball and an excellent off speed forkball in his pitching arsenal to keep opposition hitters off balance.
