TURF FIELD OF DREAMS
FUNDRAISING PROJECT

The Great Lake Canadians Field of Dreams Turf Project is a community fundraising initiative to transform our home baseball field with a synthetic turf infield. This project will create a safer, more reliable playing surface, reduce weather-related cancellations and extend the season—giving our athletes more opportunities to play, practice and compete.

We are inviting local businesses and community partners to join us in making this vision a reality. Your sponsorship is an investment in our athletes, our programs and the future of baseball in our community. Together, we can build a field that serves our players and community for years to come.
