TAV VOLLEYBALL

ASC Facility: 2800 N Interstate 35-E, Carrollton, TX 75007

Dallas Stars: 2601 Ave of the Stars, Frisco, TX 75034 (Attn: Ashlee Gaston)

www.tavvolleyball.com

Dear TAV Families,

This was definitely not the season we or anyone could have planned or imagined. Everyone's world was turned upside down and we were all faced with different challenges and so many unknowns. One of the greatest things to come from this was the sense of "community" and everyone coming together to find ways to help. The volleyball community is a special one and our hope is that once we can get back on the court, the love of the game and just being around one another is truly the most important thing.

This newsletter is intended to keep us connected and updated on the ever-constant changing situation. We would love to say the season will continue on a certain date, but unfortunately, we all know there is no answer yet. ***Stay healthy, take care of your families, and let's all do our part to flatten the curve!***

GO TAV!!!

USA VOLLEYBALL RESPONSE TO COVID-19. 3/31/2020

USA Volleyball is extending the elimination of sanctions for **all USA Volleyball activities (including but not limited to events, practices, team activities, individual training sessions or anything covered by USA Volleyball insurance) through April 30, 2020.** USA Volleyball is monitoring the situation daily and will continue to provide updates on a regular basis.

USA Volleyball has been asked by local clubs whether such ban applies to club activities covered under the club's own (non-USA Volleyball) insurance. **In these**

TENTATIVE Upcoming Events

May 30-June 1

Lone Star Qualifier: 11-14's

May 30-31

situations, USA Volleyball strongly encourages all member clubs and coaches to adhere to USA Volleyball's policies. However, should a club decide to voluntarily disregard those policies and assume all risks associated therewith, we recommend that the club adhere to CDC; local, state and federal guidelines and recommendations when deciding whether or not to host practices or individual training sessions. If a club does host practice or individual training sessions, those activities would be considered a non-sanctioned activity by USA Volleyball and thus NOT covered by USA Volleyball insurance.

The health and welfare of our membership, volleyball families and fellow citizens is our primary concern in all decisions we are making during these uncharted times.

RECRUITING INFORMATION

To all of our High School Aged players and recruiting:

At this time, with the loss of tournaments and practices, College Coaches across the country have not been able to evaluate players like they have in the past. With that being said, we would like to also make sure you know that this is the case for all players across the country right now.

Players, you can still email coaches, check in with them and share stories or ideas of things that you are doing during quarantine. Watching video of college matches or players that play your position is always a good thing to do to learn what it takes to play at the next level. Coaches like to read emails and hear from you as they are also sitting at home currently.

Please do not pay for any recruiting services at this time. You do not need them. You can look email addresses up from College Websites and send emails to coaches directly. Please reach out to your Coach or Recruiting Coordinator at your location for any questions you may have currently.

Here is a link that you can use to get ideas of what can be done at this time:

AT HOME WORKOUTS

Pursue Performance has worked very hard this past week to put a program together for our TAV athletes. It is pretty cool, and our athletes will be able to connect with them live through the portal so they can ask for help if needed. Click on the link, and then you will see a blue box for "TAV athletes who train with Pursue Performance." If your team does not participate in the weekly sessions with Pursue Performance, they have a sign-up for membership on that front page too.
