## **Keeper Wars Event COVID-19 Safety Protocol**

\*Our event is by design a no contact event.

- The distance between keepers and the refs are beyond 6ft.
- The parents/family members/friends which are the ball retrievers, are the only ones near the keeper, behind the goal.

\*Modifications we will make during this time:

- We will follow the advice and guidelines from the US Youth Soccer Association, local governing bodies where our event will be held, and recommendations from the CDC, and strictly enforce all measures put in place.
- We will allow 3 people to be present with each goalkeeper, each game
  - One Ball Boy
  - Two spectators
    - This allows for each KW Field to have 9 people in total (2 keepers, 1 ref, 1 stats keeper, 1 ball boy & 2 spectators per player)
      - All will be required to keep 6 feet between each other
- Keepers will be required to tie long hair back away from their face to avoiding touching their face during play
- We will have sanitation stations available throughout the event
  - hand sanitizer stations
  - masks available for purchase for all attendees
  - Gloves will be provided for all ball boys/girls
- Referees will clean all balls after each game is done
- We will be providing extra space for all Keeper War Fields
- All Check in staff will wear gloves and masks during check in for the event
- Social distancing rules will apply throughout the complex at check in, sales booths, food vendors, concessions, etc

---

\*Family information:

We understand that some families may have more than 3 people attending the event, for example siblings.

- We will have to ask that you take turns watching your keeper from the sidelines, during the different matches that they will play in.
- There will be other areas of the complex your extra family members can be at during the games.
- We will have to ask that additional family members and friends are not invited to attend as we will have to also adhere to the facility maximum number of people allowed for the event to take place.
- We encourage you to film your keepers in action to share with other family and friends.
