BUILDING RELATIONSHIPS WITH THE MILKMEN

Sharing experiences with current and prospective clients outside the office is an important part of relationship building. Baseball is America's pastime, and attending games is a great way to get to know your clients in a more casual setting and make them feel special. This creates loyalty and trust, leading to long-lasting relationships. Let's play ball!

"We use many different sports and live events for entertaining our employees and guests. We weren't sure about minor league baseball since the major league team is not too far from many of our offices. Wow, were we wrong! The Milkmen provided a different experience that everyone enjoyed. The price was on point and our seats were right on top of the action. Plus, there is always something going on before and after games and between innings, so the children of our employees often ended up having the most fun. We're looking forward to the 2020 season!"

- Craig Haskins, Chief Operating Officer at Knight Barry Title, Inc.

"Thank you so very much for your hospitality at the Zuern All-Star Day! The day was enjoyed by all and the planning process was great. By far the easiest employee party we've had yet, as well as the first employee family day! Everyone had a blast! Again, thank you for accommodating the Zuern team, we hope to be back next year!"
