

Community PARTNERSHIP PROGRAM

In partnering with ROC Foundation to share the family-friendly stage at Milwaukee Milkmen and MKE Wave games, nonprofit organizations are provided a multi-faceted approach to fundraise for their programs & services

ROC Foundation in conjunction with the Milwaukee Milkmen and the Milwaukee Wave, have put in place different ways for our community partners to raise both awareness and revenue for their organization. From ticket fundraising to auction donations to a donation station where 100% of ball toss and 50/50 raffle proceeds go directly to the organization, we are working towards a meaningful impact.

The final step is where you come in, our matching corporate donor. We would like you to be a part of our community partners day as well. You and your business can have a presence at our donation station, throw out a first pitch/first ball and we will promote your partnership with our community partner and the Milkmen/ Wave.
