Pumpkin Carving Instructions

Use this stencil so that the **black areas** are cut out and the **white areas** remain as pumpkin surface.

1. **Attach the stencil** – Tape or pin it flat against your cleaned pumpkin.
2. **Transfer the design** – Use a pin or poking tool to trace along the **edges of the black areas**.
3. **Carve carefully** – Cut out the **black sections only**, leaving **white areas and bridges** intact for support.
4. **Finish up** – Push out cut pieces from the inside and clean the edges for detail.
5. **Light it up** – Add a candle or light and let your Prowler glow!
6. **Show your spirit** – Snap a photo of your masterpiece, share it on Facebook, Instagram or X and tag the **Port Huron Prowlers** to be entered to win a family 4 pack of tickets!
