Glossary of Terms	227

SECTION 1 – PLAYING AREA

Rule 1 – Rink

1.1. Rink - APHL games shall be played on an ice surface known as the “Rink” and must adhere to the dimensions and specifications prescribed by the League and these rules. No ice markings shall be permitted except those provided for under these rules unless express written permission has been obtained from the League. On ice logos must not interfere with any official ice markings provided for the proper playing of the game. In the

interval between periods, the ice surface shall be flooded unless mutually agreed to the contrary.

1.2. Dimensions - The official size of the rink shall be two hundred feet (200') long and eighty-five feet (85') wide. The corners shall be rounded in the arc of a circle with a radius of twenty-eight feet (28').

1.3. Boards and Glass - The rink shall be surrounded by a wall known as the "boards" which shall extend not less than forty inches (40") and not more than forty-eight inches (48") above the level of the ice surface. The ideal height of the boards above the ice surface shall be forty-two inches (42"). Except for the official markings provided for in these rules, the entire playing surface and the boards shall be white in color except the kick plate at the bottom of the boards, which shall be light yellow in color.

Any variations from any of the foregoing dimensions shall require official authorization by the League.

The boards shall be constructed in such a manner that the surface facing the ice shall be smooth and free of any obstruction or any object that could cause injury to players.

Affixed to the boards and extending vertically shall be approved safety glass extending eight feet (8') above the boards at each end of the rink and not less than five feet (5') along both sides of the rink. Protective glass shall be required in front of the penalty benches. The glass and gear to hold them in position shall be properly padded or protected and mounted on the boards on the side away from the playing surface including the spectator netting outlined in Rule 1.4.

1.4. Spectator Netting – Spectator netting shall be hung in the ends of the arena, of a height, type, and in a manner approved by the League.

1.5. Lines - Eleven feet (11') from each end of the rink and in the center of a red line two inches (2") wide drawn completely across the width of the ice and continued vertically up the side of the boards, regulation goal posts and nets shall be set in such a manner as to remain stationary during the progress of a game. The red line, two inches (2") wide, between the goal posts on the ice and extended completely across the rink, shall be known as the "GOAL LINE." In front of each goal, a "GOAL CREASE" area shall be marked by a red line two inches (2") in width.

The ice surface between the goals shall be divided into three zones by lines, twelve inches (12") in width, and blue in color, drawn sixty feet (64') out from the goal lines, and extended completely across the rink, parallel with the goal lines, and continued vertically up the side of the boards. (Paint code PMS 286.) Another line, twelve inches (12") in width and red in color, drawn completely across the rink in center ice, parallel with the goal lines and continued vertically up the side of the boards, known as the "CENTER LINE." This line shall contain regular interval markings of a uniform distinctive design, which will readily distinguish it from the two blue lines, the outer edges of which must be continuous. (Paint code PMS 186.)

1.6. Division of Ice Surface - That portion of the ice surface in which the goal is situated shall be called the "DEFENDING ZONE" of the Team defending that goal; the central portion shall be known as the "NEUTRAL ZONE," and the portion farthest from the defended goal as the "ATTACKING ZONE."

1.7. Goal Crease / Referee Crease - The goal crease shall be laid out as follows: One foot (1') outside of each goal post a two-inch (2") line shall be painted extending four feet, six inches (4'6") in length. These lines shall be at right angles to the goal line. A semi-circle line six feet (6') in radius and two inches (2") in width shall be drawn using the center of the goal line as the center point and connecting both ends of the side of the crease.

On the side of the crease lines, four feet (4') from the goal line, extend a five-inch (5") line into the crease. (see diagram on pages preceding the table of contents) The goal crease area shall include all the space outlined by the crease lines and extending vertically four feet (4') to the level of the top of the goal frame. The area outlined by the crease line and the goal- line shall be painted a light blue color. (Paint code PMS 298.) The area inside the goal frame to the goal line shall be painted a gloss white color. On the ice immediately in front of the Penalty Timekeeper's seat there shall be marked in red on the ice a semi-circle of ten foot (10') radius and two inches (2") in width which shall be known as the "REFEREE'S CREASE."

1.8. Goalkeeper's Restricted Area - A restricted trapezoid-shaped area behind the goal will be laid out as follows: Seven feet (7') outside of each goal crease and eight feet (8') from each goal post, a two-inch (2") red line shall be painted extending from the goal line to a point on the end of the rink ten feet (10') from the goal crease and eleven feet (11') from the goal post and continuing vertically up the kick plate (see diagram on the pages preceding the table of contents). (Paint code PMS 186.)

1.9. Face-off Spots and Circles - A circular blue spot, twelve inches (12") in diameter, shall be marked exactly in the center of the rink; and with this spot as a center, a circle of fifteen feet (15') radius shall be marked with a blue line two inches (2") in width. Two red spots two feet (2') in diameter shall be marked on the ice in the neutral zone five feet (5') from each blue line. Within the face-off spot, draw two parallel lines three inches (3") from the top and bottom of the spot. The area within the two lines shall be painted red; the remainder shall be painted white. The spots shall be forty-four feet (44') apart and each shall be a uniform distance from the adjacent boards.

In both end zones and on both sides of each goal, red face-off spots and circles shall be marked on the ice. The face-off spots shall be two feet (2') in diameter. Within the face-off spot, draw two parallel lines three inches (3") from the top and bottom of the spot. The area within the two lines shall be painted red; the remainder shall be painted white. The circles shall be two inches (2") wide with a radius of fifteen feet (15') from the center of the face-off spots. At the outer edge of both sides of each face-off circle and parallel to the goal line shall be marked two red lines, two inches (2") wide and two feet (2') in length and five feet, seven inches (5'7") apart. One foot away from the outer edge of the face-off spot, two lines shall be drawn parallel with the side boards that shall be four feet (4') in length and eighteen inches (18") apart. Parallel to the end boards, commencing at the end of the line nearest to the face-off spot, a line shall extend two feet ten inches (2'10") in length. All lines shall be two inches (2") in width. The location of the face-off spots shall be fixed in the following manner: Along a line twenty feet (20') from each goal line and parallel to it, mark two points twenty-two feet (22') on both sides of the straight line joining the center of the two goals. Each such point shall be the center of a face-off spot and circle.

Rule 2 – Goal Posts and Nets

2.1. Goal Posts - The goal posts shall be kept in position by means of flexible pegs affixed in the ice or floor. The flexible pegs shall be ten inches (10") in length and yellow in color. The goal posts shall be of approved design and material, extending vertically four feet (4') above the surface of the ice and set six feet (6') apart measured from the inside of the posts. A cross bar of the same material as the goal posts shall extend from the top of one post to the top of the other. The goal posts and cross bar shall be painted in red and all other exterior surfaces shall be painted in white unless the Commissioner determines that alternate colors be used.

2.2. Nets - There shall be attached to each goal frame a net of approved design made of white nylon cord which shall be draped in such a manner as to prevent the puck coming to rest on the outside of it, yet strung in a manner that will keep the puck in the net. A skirt of heavy white nylon fabric or heavyweight white canvas shall be laced around the base plate of the goal frame in such a way as to protect the net from being cut or broken. This protective padding must be attached in a manner that will not restrict the puck from completely crossing the goal line. This padding must be set back six inches (6") from the inside of the goal post. This skirt shall not project more than one inch (1") above the base plate. The frame of the goal shall be draped with a nylon mesh net so as to completely enclose the back of the frame. The knotless nylon netting shall be made of heat-set, resin-treatment twine (0.197 inch [5 mm] diameter) or equivalent braided twine of multifilament white nylon with an appropriate break strength of 550 to 600 pounds. The size of the mesh shall be two and one-half inches (2½") (inside measurement) from each knot to each diagonal knot when fully stretched. The net shall be laced to the frame with medium white nylon cord no smaller in size than No. 21.

Rule 3 – Benches

3.1. Players' Benches - Each rink shall be provided with seats or benches for the use of players of both teams. The accommodations provided, including benches and doors, **MUST** be uniform for both teams. Such seats or benches shall have accommodation for at least fourteen (14) persons of each team. The benches shall be placed immediately alongside the ice as near to the center of the rink as possible. Two doors for each bench must be uniform in location and size and as convenient to the dressing rooms as possible. Each players' bench should be twenty-four feet (24') in length and when situated in the spectator area, shall be separated from the spectators by a protective glass so as to afford the necessary protection for the players. The

players' benches shall be on the same side of the playing surface opposite the penalty bench and should be separated by a substantial distance, if possible. Each players' bench shall have two doors which must be uniform in location and size. ("Mirrored image benches") All doors opening to the playing surface shall be constructed so that they swing inward.

3.2. Penalty Bench - Each rink must be provided with benches or seats to be known as the "PENALTY BENCH." These benches or seats must be capable of accommodating a total of ten persons including the Off-Ice Officials. Separate penalty benches shall be provided for each Team and they shall be situated on opposite sides of the Timekeeper's area, directly across the ice from the players' benches. The penalty bench(es) must be situated in the neutral zone. Each Penalty Bench shall be protected from the spectator area by means of a glass partition which shall not be less than five feet (5') above the height of the boards.

Rule 4 – Signal and Timing Devices

4.1. Signal Devices - Each rink must be provided with a suitable sound device that will sound automatically at the conclusion of each period of play. Should the sound device fail to sound automatically when time expires, the determining factor as to whether or not the period has ended shall be the game clock. Behind each goal, electrical lights shall be set up for the use of the Goal Judges. A red light will signify the scoring of a goal and a greenlight will signify the end of a period or a game. A goal cannot be scored when a green light is showing A light, normally red in color, will be situated at or near the Timekeeper's Bench and will be illuminated when a commercial time- out is in progress. This light will be extinguished when the commercial time- out is complete to indicate to the teams and the officials that play may resume. This light is controlled by an authorized APHL Commercial Coordinator as applicable.

4.2. Timing Devices - Each rink shall be provided with some form of electronic clock for the purpose of keeping the spectators, players and game officials accurately informed as to all time elements at all stages of the game including the time remaining to be played in any period and the time remaining to be served by at least five penalized players on each Team. Time recording for both game time and penalty time shall show time remaining to be played or served. The game time clock shall measure the time remaining in tenths of a second during the last minute of each period.

SECTION 2 – TEAMS Rule 5 – Team

5.1. Eligible Players - A team shall be composed of 20 players (18 skaters and two goalkeepers) who shall be under contract to the Club they represent. For the purpose of these playing rules, any reference to “player” shall refer to both skaters and goalkeepers. Any reference to “goalkeeper” shall mean that the section of the rule book is specific to goalkeepers. At the beginning of each game, the Manager or Coach of each team shall list the players who shall be eligible to play in the game. Not more than seventeen (17) skaters and two (2) goalkeepers, shall be permitted. One non-uniformed player shall be permitted on the players’ bench in a coaching capacity. He must be indicated on the Roster Sheet submitted by the Coach to the Referee or Official Scorer prior to the start of the game. A list of names and numbers of all eligible players must be handed to the Official Scorer before the game, and no change shall be permitted to the list after the commencement of the game. Prior to the game, if an official (on-ice or off-ice) notices that a player is in uniform but has not been included on the Official Game Report, the Referee shall bring this to the attention of the offending team so that the necessary correction can be made to the Official Game Report with no penalty assessed.

5.2. Ineligible Player - Only players on the list submitted to the Official Scorer before the game may participate in the game. The determining factor when considering whether or not a player is eligible is that the player's name, and not necessarily the player's number, must be correctly listed by the Manager or Coach of that team. Whenever an ineligible player is identified to the Referee, the ineligible player will be removed from the game and the Club shall not be able to substitute another player from its roster. No additional penalties are to be assessed. For an ineligible goalkeeper, see 5.3. If a goal is scored when an ineligible player or goalkeeper is on the ice (whether he was involved in the scoring or not), the goal will be disallowed. This only applies to the goal scored at the stoppage of play whereby the player or goalkeeper was deemed to be ineligible. All other goals scored previously by the ineligible player or goalkeeper's team (with him on the ice or not) shall be allowed. The ineligible player will be removed from the game and the Club shall not be able to substitute another player from its roster. No additional penalties are to be assessed.

5.3. Goalkeeper - Each team shall be allowed one goalkeeper on the ice at one time. The goalkeeper may be removed and another skater substituted. Such substitute shall not be permitted the privileges of the goalkeeper. Each team shall have on its bench, or on a chair immediately beside the bench (or nearby), a substitute goalkeeper who shall, at all times, be fully equipped and ready to play.

Except when both goalkeepers are incapacitated, no player on the playing roster in the game shall be permitted to wear the equipment of the goalkeeper. In regular League and Playoff games, if both listed goalkeepers are incapacitated, that team shall be entitled to dress and play any goalkeeper who is eligible. In the event that the two regular goalkeepers are injured or incapacitated in quick succession, the third goalkeeper shall be provided with a reasonable amount of time to get dressed, in

addition to a two-minute warm-up (except when he enters the game to defend against a penalty shot). If, however, the third goalkeeper is dressed and on the bench when the second goalkeeper becomes incapacitated, the third goalkeeper shall enter the game immediately and no warm-up is permitted.

5.4. Coaches and Team Personnel - No one but players in uniform, non- playing team personnel duly registered on the Line-Up Card as the Manager, Coach(es), Trainer, Equipment Manager, etc. shall be permitted to occupy the benches so provided. One non-uniformed player shall be permitted on the players' bench in a coaching capacity. He must be indicated on the Line-Up Card submitted by the Coach to the Official Scorer prior to the start of the game.

Rule 6 – Captain and Alternate Captains

6.1. Captain - One Captain shall be appointed by each team, and he alone shall have the privilege of discussing with the Referee any questions relating to interpretation of rules which may arise during the progress of a game. He shall wear the letter "C," approximately three inches (3") in height and in contrasting color, in a conspicuous position on the front of his sweater. No co-Captains are permitted. Either one Captain and no more than two Alternate Captains, or no Captain and no more than three Alternate Captains are permitted (see 6.2). Only the Captain, when invited to do so by the Referee, shall have the privilege of discussing any point relating to the interpretation of rules. Any Captain, Alternate Captain or any player or goalkeeper who comes off the bench and makes any protest or intervention with the officials for any purpose shall be assessed a minor penalty for unsportsmanlike conduct under Rule 39 – Abuse of Officials. Should this protest continue, he may be assessed a misconduct penalty, and if it further continues, a game misconduct penalty shall be assessed. A complaint about a penalty is NOT a matter "relating to the interpretation of the rules" and a minor penalty

shall be imposed against any Captain, Alternate Captain or any other player or goalkeeper making such a complaint. The Referee and Official Scorer shall be advised, prior to the start of each game, the name of the Captain and the Alternate Captains of both teams. No playing coach, playing manager or goalkeeper shall be permitted to act as Captain or Alternate Captain.

6.2. Alternate Captains – If the Captain is not on the ice, an Alternate Captain on the ice shall be accorded the privileges of the Captain. Alternate Captains shall wear the letter “A” approximately three inches (3”) in height and in contrasting color, in a conspicuous position on the front of their sweaters. Only when the Captain is not in uniform (or if there is no Captain), the Coach shall have the right to designate three Alternate Captains. This must be done prior to the start of the game.

Rule 7 – Starting Line-up

7.1. Starting Line-up - Prior to the start of the game, at the request of the Referee, the Manager or Coach of the visiting team is required to name the starting line-up to the Referee or Official Scorer. Prior to the start of the game, the Manager or Coach of the home team, having been advised by the Official Scorer the names of the starting line-up of the visiting team, shall name the starting line-up of the home team. This information shall be conveyed by the Official Scorer to the Coach of the visiting team. No change in the starting line-up of either team as given to the Official Scorer, or in the playing line-up on the ice, is permitted unless reviewed and approved by the referee prior to the start of the game.

7.2. Violation - For an infraction of this rule, a bench minor penalty shall be imposed upon the offending team. This is an appeal play and must be brought to the Referee’s attention prior to the second face-off in the game. There is no penalty to the requesting team if their appeal is unsustainable. The determining

factor is the player or goalkeeper's name, and not necessarily the player or goalkeeper's number, must be correctly listed by the team. In the event a team scores on the first shift of the game, and it is brought to the attention of the Referee by the opposing team that the team that scored did not have the correct starting line-up on the ice, the goal shall be allowed and a bench minor penalty assessed to the offending team for having an improper starting line-up. If the team that scores a goal on the first shift of the game challenges the starting line-up of the opposing team and the opposing team did not have the correct starting line-up, the scoring of the goal would nullify the bench minor penalty. **Rule**

8 – Injured Players

8.1. Injured Player - When a player is injured or compelled to leave the ice during a game, he may retire from the game and be replaced by a substitute, but play must continue without the teams leaving the ice. During the play, if an injured player wishes to retire from the ice and be replaced by a substitute, he must do so at the players' bench and not through any other exit leading from the rink. This is not a legal player change and therefore when a violation occurs, a bench minor penalty shall be imposed. If a penalized player has been injured, he may proceed to the dressing room without taking a seat on the penalty bench. If the injured player receives a minor penalty, the penalized team shall immediately put a substitute player on the penalty bench, who shall serve the penalty until such time as the injured player is able to return to the game. He would replace his teammate on the penalty bench at the next stoppage of play. If the injured player receives a major penalty, the penalized team shall place a substitute player on the penalty bench before the penalty expires and no other replacement for the penalized player shall be permitted to enter the game except from the penalty bench. For violation of this rule, a bench minor penalty shall be imposed. Should the injured penalized player who has been replaced on the penalty bench return to his players' bench prior to the

expiration of his penalty, he shall not be eligible to play until his penalty has expired. This includes coincidental penalties when his substitute is still in the penalty box awaiting a stoppage in play. The injured player must wait until his substitute has been released from the penalty box before he is eligible to play. If, however, there is a stoppage of play prior to the expiration of his penalty, he must then replace his teammate on the penalty bench and is then eligible to return once his penalty has expired. When a player is injured so that he cannot continue play or go to his bench, the play shall not be stopped until the injured player's team has secured control of the puck. If the player's team is in control of the puck at the time of injury, play shall be stopped immediately unless his team is in a scoring position. In the case where it is obvious that a player has sustained a serious injury, the Referee and/or Linesman may stop the play immediately. When play has been stopped by the Referee or Linesman due to an injured player, or whenever an injured player is attended to on the ice by the Trainer or medical personnel, such player must be substituted for immediately. This injured player cannot return to the ice until play has resumed. When play is stopped for an injured player, the ensuing face-off shall be conducted at the face-off spot in the zone nearest the location of the puck when the play was stopped. When the injured player's team has control of the puck in the attacking zone, the faceoff shall be conducted at the nearest face-off spot in the neutral zone. When the injured player is in his defending zone and the attacking team is in possession of the puck in the attacking zone, the face-off shall be conducted at the nearest face-off spot in the defending team's zone.

8.2. Injured Goalkeeper - If a goalkeeper sustains an injury or becomes ill, he must be ready to resume play immediately or be replaced by a substitute goalkeeper and no additional time shall be allowed for the purpose of enabling the injured or ill goalkeeper to resume his position. The substitute goalkeeper

shall be allowed a one (1) minute warm-up during all pre-season games. No warm-up shall be permitted for a substitute goalkeeper in all regular League or Playoff games. The Referee shall report to the Commissioner for disciplinary action any delay in making a goalkeeper substitution. The substitute goalkeeper shall be subject to the regular rules governing goalkeepers and shall be entitled to the same privileges. When a substitution for the regular goalkeeper has been made, such regular goalkeeper shall not resume his position until the next stoppage of play. For a violation of the rule, a minor penalty for delay of game shall be assessed. When play has been stopped by the Referee or Linesman due to an injured goalkeeper, such goalkeeper must be substituted for only if he has to proceed to the players' bench to receive medical attention. If the Trainer has come onto the ice to attend to the goalkeeper and there is no undue delay, the goalkeeper may remain in the game. However, no additional time shall be permitted by the Referee for the purpose of enabling the injured goalkeeper to resume his position (i.e. no warm-up).

8.3. Blood – A player who is bleeding or who has visible blood on his equipment or body shall be ruled off the ice at the next stoppage of play. Such player shall not be permitted to return to play until the bleeding has been stopped and the cut or abrasion covered (if necessary). It is required that any affected equipment and/or uniform be properly decontaminated or exchanged.

Rule 9 – Uniforms

9.1. Team Uniform – All players shall be dressed uniformly with approved design and color of their helmets, sweaters, short pants, stockings and skates. Altered uniforms of any kind, i.e. Velcro inserts, over-sized jerseys, altered collars, etc., will not be permitted. Any player or goalkeeper not complying with this rule shall not be permitted to participate in the game. For violations, refer to 9.5. Each member Club shall design and wear distinctive and contrasting uniforms for their home and road games, no parts

of which shall be interchangeable except the pants. Any concerns regarding uniforms (including the goalkeeper) shall be reported by the Referee to the ECHL Hockey Operations Department.

9.2. Numbers - Each player listed in the line-up shall wear an individual identifying number at least ten inches (10") high on the back of his sweater. Sweater numbers such as 00, $\frac{1}{2}$ (fractions), .05 (decimals), 101 (three digit) are not permitted. In addition, each player shall wear his surname in full, in block letters three inches (3") high, across the back of his sweater at shoulder height.

9.3. Player's Jersey – The maximum jersey size is (see diagram).

No inserts or additions are to be added to the standard players' jersey as produced by the manufacturer. (Modifications at the manufacturer are not allowed unless approved in advance by the League) No alteration of the neck opening is permitted. Sleeves must extend into the cuff of the glove. Jerseys must be "tied down" properly at all times.

9.4. Goalkeeper's Jersey - No inserts or additions are to be added to the standard goalkeeper-cut jersey as produced by the manufacturer. Modifications at the manufacturer are not allowed unless approved in advance by the League. No "tying down" of the sweater is allowed at the wrists if it creates a tension across the jersey such that a "webbing effect" is created in the armpit area. No other tie downs are allowed that create a "webbing effect."

The length of a jersey is illegal if it covers any area between the goalkeeper's legs.

9.5. Protective Equipment - All protective equipment, except gloves, headgear and goalkeepers' leg pads must be worn under the uniform. Should it be brought to the attention of the Referee

that a player or goalkeeper is wearing, for example, an elbow pad that is not covered by his jersey, he shall instruct the player to cover up the pad and a second violation by the same player or goalkeeper would result in a minor penalty being assessed. Whenever it is deemed by the Referee that a player is wearing any equipment that does not meet with League regulations, he shall instruct the player to change or remove the piece of equipment. If the player refuses he shall be assessed a minor penalty for delay of game and if he returns to the ice without making the change he shall be assessed a misconduct penalty. Should this happen a third time, he shall be assessed a game misconduct penalty. All player pants must be worn in a uniform fashion by all players. The pants must be one consistent color around and throughout the leg of the pant. Pant legs are not to be ripped, cut, or torn in the leg/thigh area.

9.6. Helmets - All players must wear a helmet, visor, and mouth guard of design, material and construction approved by the League while participating in the game, either on the playing surface or the players' or penalty benches. A fine of \$100.00 shall be assessed to each player who fails to wear his helmet, visor and mouth guard as required under this rule. Any player who is not wearing a mouth guard when he enters the playing surface, shall be assessed a misconduct penalty. Any player who during the course of the game fails to wear his visor in the proper position shall be assessed a misconduct penalty. A player on the ice whose helmet comes off during play will be assessed a minor penalty unless he immediately (a) exits the playing surface or (b) puts the helmet back on his head (with or without his chin strap fastened). If, after losing his helmet, he goes to his players' bench to be substituted for, he may not return to the ice during play without a helmet (nor may a player exit the penalty bench during play without a helmet). Should he do so, the play shall be stopped once his team has gained possession of the puck, and a minor penalty shall be assessed to the player and the ensuing faceoff

will take place at the end zone face-off spot of the offending team. A player who intentionally removes an opponent's helmet during play shall be assessed a minor penalty for roughing (See Rule 51). When a goalkeeper has lost his helmet and/or face mask and his team has possession of the puck, play shall be stopped immediately to allow the goalkeeper the opportunity to regain his helmet and/or face mask. When the opposing team has possession of the puck, play shall only be stopped if there is no immediate and impending scoring opportunity. When play is stopped because the goalkeeper has lost his helmet and/or face mask, the ensuing face-off shall take place at one of the defending team's end zone face-off spots. When a goalkeeper deliberately removes his helmet and/or face mask in order to secure a stoppage of play, the Referee shall stop play as outlined above and assess the goalkeeper a minor penalty for delay of game. If the goalkeeper deliberately removes his helmet and/or face mask when the opposing team is on a breakaway, the Referee shall award a penalty shot to the non-offending team, and the shot shall be taken by the player last in possession of the puck. If the goalkeeper deliberately removes his helmet and/or face mask during the course of a penalty shot or shootout attempt, the Referee shall award a goal to the non-offending team.

9.7. Dangerous Equipment - The use of pads or protectors made of metal, or of any other material likely to cause injury to an opposing player is prohibited. Referee's have the authority to prohibit any equipment they feel may cause injury to any participant in the game. Failure to comply to the Referee's instructions shall result in a minor penalty for delay of game. A mask or protector of a design approved by the League may be worn by a player who has sustained a facial injury. In the first instance, the injured player shall be entitled to wear any protective device prescribed by the Club doctor. If any opposing club objects to the device, it may record its objection with the

Commissioner. In cases where a stick may have been modified and it is evident that the edges have not been beveled, the Referee shall deem the stick to be dangerous equipment and removed from the game until the edges can be beveled sufficiently. No penalty is to be assessed unless the player returns to the ice with the unmodified stick, in which case he will be assessed a minor penalty for delay of game. Only authorized On-Ice Official Suppliers' logos/marks may be displayed on players' uniforms and/or equipment. Any player not complying with this rule shall be ordered off the ice surface by the referee at the first stoppage of play and shall not be permitted to return until he has complied. Should the player return to the ice surface and not be in compliance, he shall be assessed a minor penalty for Delay of Game. Further non-compliance shall result in the player being assessed a Game Misconduct penalty in accordance with Rule 23. Inadvertent exchanges of equipment during play will not be deemed as non-compliance.

Rule 10 – Sticks

10.1. Player's Stick – (See 10.2 for goalkeeper) The sticks shall be made of wood or other material approved by the League, and must not have any projections. Adhesive tape of any color may be wrapped around the stick at any place for the purpose of reinforcement or to improve control of the puck. No stick shall exceed sixty-three inches (63") in length from the heel to the end of the shaft nor more than twelve and one-half inches (12 1/2") from the heel to the end of the blade. Requests for an exception to the length of the shaft (only) may be submitted in writing to and must be approved by the Hockey Operations Department prior to any such stick being used. Only players 6'6" tall or more will be considered for exception. Maximum length of a stick granted an exception under this rule is sixty-five inches (65"). The blade of the stick shall not be more than three inches (3") in width at any point between the heel and 1/2" in from the mid-point of the tip of the blade, nor less than two inches (2"). All edges of the blade

shall be beveled (see 9.6). The curvature of the blade of the stick shall be restricted in such a way that the distance of a perpendicular line measured from a straight line drawn from any point at the heel to the end of the blade to the point of maximum curvature shall not exceed three-quarters of an inch ($3/4$ ").

10.2. Goalkeeper's Stick - In the case of a goalkeeper's stick, there shall be a knob of white tape or other protective material approved by the League. This knob must not be less than one-half inch ($1/2$ ") thick at the top of the shaft. Failure to comply with this provision of the rule will result in the goalkeeper's stick being deemed unfit for play. The goalkeeper's stick must be changed without the assessment of a minor penalty. The blade of the goalkeeper's stick shall not exceed three and one-half inches ($3\frac{1}{2}$ ") in width at any point except at the heel, where it must not exceed four and one-half inches ($4\frac{1}{2}$ ") in width; nor shall the goalkeeper's stick exceed fifteen and one-half inches ($15\frac{1}{2}$ ") in length from the heel to the end of the blade. There is to be no measurement of the curvature of the blade on the goalkeeper's stick. All other elements of the stick are subject to a measurement and the appropriate applicable penalty. The widened portion of the goalkeeper's stick extending up the shaft from the blade shall not extend more than twenty-six inches (26") from the heel and shall not exceed three and one-half inches ($3\frac{1}{2}$ ") in width. Requests for an exemption to the length of the paddle (only) may be submitted in writing to and must be approved by the Hockey Operations Department prior to any stick being approved. Only players 6'6" tall or more will be considered for exemption. Maximum length of a stick paddle granted an exception under this rule is twenty-six inches (26").

10.3. Broken Stick – Player - A broken stick is one which, in the opinion of the Referee, is unfit for normal play. A player without a stick may participate in the game. A player whose stick is broken may participate in the game provided he drops the broken stick. A minor penalty shall be imposed for an infraction of this rule. A

player who has lost or broken his stick may receive a replacement stick by having one handed to him from his own players' bench; by having one handed to him by from a teammate on the ice; or, by picking up his own unbroken stick or that of a teammate from the ice. A player will be penalized if he throws or shoots a stick to a teammate on the ice, or by picking up his own unbroken stick or that of a teammate's from the ice. A player may not participate in the play using a goalkeeper's stick. A minor penalty shall be imposed for an infraction of this rule. A player using a stick thrown on the ice from the players' or penalty bench will not receive a penalty. However, the person responsible for throwing the stick will receive a bench minor penalty.

10.4. Broken Stick – Goalkeeper - A goalkeeper may continue to play with a broken stick until a stoppage of play or until he has one legally provided to him by a teammate. The teammate must hand the stick to him. He cannot throw or shoot it to the goalkeeper (this includes situations where the goalkeeper has lost his stick and a teammate is trying to return it to him). For a violation of this rule, a minor penalty for throwing the stick shall be assessed to the offending player (no penalty to the goalkeeper for receiving the stick). A goalkeeper whose stick is broken or illegal may not go to the players' bench for a replacement but must receive his stick from a teammate. A goalkeeper may participate in the play using a skater's stick until such time as he is legally provided with a replacement goalkeeper's stick. For an infraction of this rule, a minor penalty shall be imposed on the goalkeeper.

10.5. Stick Measurement - A request for a stick measurement shall be limited to one request per team during the course of any stoppage in play. When a formal complaint is made by the Captain or Alternate Captain of a team, against the dimensions of an opponent's stick, that opponent must be on the ice at the time the request is made to the referee. Once the request is made, and as long as the officials' maintain visual contact with the stick, it can be measured. This means that if the player who's stick is

about to be measured steps off the ice onto his players' bench, his stick may still be measured provided the request was received prior to him leaving the ice surface and the stick remains in the view of at least one of the on-ice Officials. The Referee shall take the stick to the penalty bench where the necessary measurement shall be made immediately. Players on both teams shall retire to their respective benches. To measure the curvature of the blade of the stick, the Referee must draw an imaginary line along the outside of the shaft to the bottom of the blade and then along the bottom of the blade - this will determine the location of the heel. Using a League-approved measuring gauge, the Referee shall secure the gauge at the heel of the stick and measure the curvature of the blade from the heel to any point along the toe of the blade. To measure any other dimension of the stick, the Referee shall use a measuring tape. The result shall be reported to the Penalty Timekeeper, who shall record it on the back of the Penalty Record form. The Referee will convey the result of the measurement to the Captain or Alternate Captain of the team whose stick was measured. If the stick proves to be illegal, the stick shall remain at the penalty bench until the end of the game. A player whose stick has been measured and it is found not to conform to the rule shall be assessed a minor penalty. If the complaint is not sustained, a bench minor penalty shall be imposed against the complaining Club in addition to a fine of twenty five dollars (\$25). A player who participates in the play (i.e. checks or prevents the movement of an opponent or who plays the puck) while carrying two sticks (including while taking a replacement stick to his goalkeeper) shall incur a minor penalty under this rule. The automatic fine of twenty five dollars (\$25) shall not be imposed. If this participation causes an infraction resulting in a penalty, the Referee shall report the incident to the Commissioner for disciplinary action. A request for a stick measurement in regular playing time is permitted, including after the scoring of a goal, however, a goal cannot be disallowed as a result of the measurement. A request for a stick measurement

following a goal in overtime (including one scored on a penalty shot in overtime) is not permitted. Stick measurements prior to or during the shootout are permitted, subject to the guidelines outlined in 10.7. Any player who deliberately breaks his stick or who refuse to surrender his stick for measurement when requested to do so by the Referee shall be assessed a minor penalty plus a ten-minute (10) misconduct. In addition, this player or goalkeeper shall be subject to a 100 hundred dollar (\$100) fine.

10.6. Stick Measurement – Prior to Penalty Shot – A stick measurement request may be made prior to a penalty shot following the guidelines below: First Stick If the stick is “legal” the complaining Club is assessed a bench minor penalty, and a player is placed in the penalty box immediately.

Regardless as to the result of the shot, the bench minor penalty is assessed and served. If the stick is “illegal” the player will be assessed a minor penalty. He will be ordered to obtain a new (second) stick prior to the shot. After he takes the shot he will be required to serve his penalty. Second Stick The player will be told that the second stick will be measured prior to the shot to verify the legality of the stick. If the second stick is “legal”, proceed with the shot. If second stick is “illegal”, disallow the opportunity for the shot and assess one minor penalty for the first illegal stick. If the player refuses to surrender his stick for measurement, the shot shall not be permitted and the player shall be assessed a misconduct penalty.

10.7. Stick Measurement – Prior to Shootout Attempt – A stick measurement request must be made prior to the Referee blowing his whistle to begin the shootout attempt. If the stick is “legal” the complaining Club forfeits their next shootout attempt. In addition, the complaining Club’s Coach shall be fined fifty dollars (\$50) and the Club shall be fined 100 hundred dollars (\$100). Their next shootout attempt would be recorded as “no goal”. If the stick is “illegal”, the offending team forfeits that shootout attempt by that

player, and the player becomes ineligible to participate in the shootout. In addition, the player is fined fifty dollars (\$50) and his Club is fined one hundred dollars (\$100). This shootout attempt would be recorded as "no goal". Stick measurement violations during the shootout shall not be subject to the fines and suspensions outlined in 10.5.

Rule 11 – Goalkeeper's Equipment

11.1. Goalkeeper's Equipment - With the exception of skates and stick, all the equipment worn by the goalkeeper must be constructed solely for the purpose of protection, and he must not wear any garment or use any contrivance which would give him undue assistance in keeping goal. The Hockey Operations Department is specifically authorized to make a check of each teams' equipment to ensure the compliance with the rule. It shall report its findings to the Commissioner for his disciplinary action. Only the dimensions of the goalkeeper's stick (exclusive of the curvature of the blade) may be measured during the course of the game. **11.2. Leg Pads** – The leg pads worn by goalkeepers shall not exceed eleven inches (11") in extreme width when on the leg of the player. Each goalkeeper must wear pads that are anatomically proportional and size specific based on the individual physical characteristics of that goalkeeper. The Hockey Operations Department will have the complete discretion to determine the maximum height of each goalkeeper's pads based on measurements obtained by the Hockey Operation's Department, which will include the floor to the center of knee and center of knee to pelvis measurements. Each goalkeeper will be given a Limited Distance Size based of these measurements.

The Limited Distance size will be the sum of the floor to knee and 45% of the knee to pelvis measurements plus a four inch (4") allowance for the height of the skate. The Limiting Distance size is a vertical measurement from the playing surface and will be measured with the Limited Distance Gauge. Any pads deemed

too large for a goalkeeper, regardless of whether or not they would have fallen within previous equipment maximums. The minimum length of the boot of the pad is to be no less than seven (7"). The goal pad must have a defined boot channel with no inserts. The channel must be big enough so that the skate slots into it and is not resting on the pad. No attachments such as plastic puck foils are permitted. Pads can only be ten and one-half inches (10 1/2') deep. The measurements will be taken from the face of the pad to the last edge of the inner knee protection. Calf-wing protectors can no longer cannot be attached to the five-hole or the five-hole seam. Calf-wings must be inset one-half inch (1 /2") from the inside five-hole, creating a distinct edge, and attached to the back cover. Calf-wing protectors must be one piece and cannot include wedges (removable or non-removable). Calfwing protectors may be flat for five and one-half inches (5 1 /2") before contouring to the shape of the leg. Calf-wing protectors must contour and cannot be visible to the shooter when strapped to the goalkeeper's leg. Calf-wing protectors may not exceed one inch (1") in thickness. Calf-wing protector straps must run through or wrap around so the calf protector follows the contour of the goalkeeper's leg even if the straps are worn loosely. No zippers, Velcro, or Velcro attachments are allowed. The knee strap pad is not to exceed six inches (6") in length by five and one-half inches (5 1 /2") in width. The knee strap pad must be fastened to the inner risers/lifts The inner knee risers are not to exceed seven inches (7") in length by five and one-half inches (5 1 /2") in width. The length of seven inches (7") is measured from where the inner padding attaches to the leg pad and back to the end of the inner padding. The total measurement of the entire inner knee padding (pad risers) including the outer knee strap pad must not exceed two and one-half inches (2 1 /2") in thickness and will be measured when non-compressed. Knee strap pads and riser/lifts must have a one inch (1") radius (rounded) on the top edge. Knee straps must wrap around the knee build-ups and cannot come out behind or through knee

buildups. Medial rolls (raised seam ridges) will not be permitted. All knee protection attached to the leg pad must be worn under the thigh guard of the pant.

11.3. Chest and Arm Pads – No raised ridges are allowed on the front edges or sides of the chest pad, the inside or outside of the arms, or across the shoulders. Layering at the elbow is permitted to add protection but not to add stopping area. This layering, both across the front and down the sides, to protect the point of the elbow shall not exceed seven inches (7"). Shoulder cap protectors must follow the contour of the shoulder cap without becoming a projection/extension beyond or above the shoulder or shoulder cap. This contoured padding must not be more than one inch (1") in thickness beyond the top ridge of the shoulder and shoulder cap. On each side the shoulder clavicle protectors are not to exceed seven inches (7") in width. Their maximum thickness is to be one inch (1"). This protection is not to extend or project above or beyond the shoulder or shoulder cap nor extend beyond the armpit. No insert is allowed between the shoulder clavicle protector and the chest pad that would elevate the shoulder clavicle protector. If, when the goalkeeper assumes his normal crouch position, the shoulder and/or shoulder cap protection is pushed above the contour of the shoulder, the chest pad will be considered illegal. The chest and arm protector worn by each goalkeeper must be anatomically proportional and size specific based on the individual physical characteristics of that goalkeeper. The Hockey Operations Department will have the complete discretion to determine the maximum size for each goalkeeper's chest and arm protector based on measurements obtained by the Hockey Operations Department, which will include but not be limited to, measurements for torso and arm length. Any chest and arm protector deemed too large for a goalkeeper will be considered illegal equipment for that goalkeeper, regardless of whether or not it would have fallen within previous equipment maximums.

11.4. Pants – No internal or external or cheater padding is permitted on the pant leg or waist beyond that which is required to provide protection (no outside or inside ridges). The maximum width (straight line) of the thigh pad across the front of the leg is ten inches (10"). If the groin and/or hip pads extend beyond the edge of the front thigh pad they are to be included in this ten-inch (10") measurement. This measurement is to be taken while the goalkeeper is in an upright standing position. This measurement is to be made five inches (5") up from the bottom of the pant. All thigh pads must follow the contour of the leg. Square thigh pads are considered illegal. Each goalkeeper must wear pants that are anatomically proportional and size specific based on the individual physical characteristics of that goalkeeper. The Hockey Operations Department will have the complete discretion to determine the maximum size of each goalkeeper's pants based on measurements obtained by the Hockey Operations Department, which will include but not limited to, measurements for waist circumference and length of pant above and below waist line. In determining pants sizes, whether or not a goalkeeper wears his chest and arm pads inside or outside of his pants will also be a consideration. Any pants deemed too large for a goalkeeper will be considered illegal equipment for that goalkeeper, regardless of whether or not they would have fallen within previous equipment maximums.

11.5. Knee Pads - All knee protection must be strapped and fit under the thigh pad of the pant leg and not exceed a contoured nine inches (9"), with no flat surfaces and must not be permanently attached or fixed to the pants. Layering at the knee is permitted to add protection but not to add stopping area. Any layering to protect the knee, whether across the front or along the sides, shall not exceed nine inches (9"). This measurement is to be taken while the goalkeeper is in an upright standing position. In the event a goalkeeper is required to wear a medical appliance

to support the knee, the measurement will be taken without the goalkeeper wearing the medical appliance.

11.6. Catching Glove – A maximum perimeter of forty-five inches (45") is permitted. The perimeter of the glove is the distance around the glove (see measurement procedures below). The wrist cuff must be four inches (4") in width. The cuff of the glove is considered to be the portion of the glove protecting the wrist from the point where the thumb joint meets the wrist. Any protection joining/enhancing the cuff to the glove will be considered part of the glove rather than the cuff. The wrist cuff is to be a maximum of eight inches (8") in length (this includes the bindings). All measurements follow the contour of the cuff. The distance from the heel of the glove along the pocket and following the contour of the inside of the trap of the glove to the top of the "T" trap must not exceed eighteen inches (18"). The heel is considered to be the point at which the straight vertical line from the cuff meets the glove (see diagram at right). Measuring Procedures for Goalkeepers' Catching Glove Suggested Equipment - binder clip, pins and a 5/8" fiberglass cloth measuring tape that measures eighth of an inch. Procedure: 1) At the "starting point" of the measurement, anchor the tape with a pin or binder clip. 2) Ensure that the midpoint line of the measuring tape follows the outside top ridge of the edge/binding. 3) If at the junction of the cuff and catch portions of the glove there is a "jagged point," the measurement tape will follow the imaginary perpendicular line to the glove ridge above. (A "jagged joint" anywhere else on the glove will not be allowed this "straight line" privilege, i.e. where the trap joins the main glove).

11.7. Blocking Glove – Protective padding attached to the back or forming part of the goalkeeper's blocking glove shall not exceed eight inches (8") in width nor more than fifteen inches (15") in length at any point (this includes the bindings). All measurements follow the contour of the back of the glove. The blocking glove must be rectangular in shape. The flap protecting

the thumb and wrist must be fastened to the blocker and must follow the contour of the thumb and wrist. This thumb protection must not exceed seven inches (7") in extreme length when measured from the top of the blocking surface. Raised ridges are not to be added to any portion of the blocking glove. All goalkeepers must use one of each a blocking glove and catching glove, meeting League-approved sizing specifications.

11.8. Masks – Protective masks of a design approved by the League must be worn by goalkeepers. Protective masks deemed to be worn only to increase stopping area will be considered illegal.

11.9. League Inspections - These inspections can take place at any time, before, or after any game. A member of the Hockey Operations or Officiating Department may obtain equipment from any or all of the four participating goalkeepers. This equipment may be removed to a secure location for measuring. Any violation of this rule will result in an automatic one thousand dollar (\$1000) team fine and be reported to the Commissioner for further action. Additional sanctions may include fines to the equipment manager and subsequent suspension of the goalkeeper(s) under Rule 28 – Supplementary Discipline. Refusal to submit the equipment for League measurement will result in the same sanctions as those imposed on a goalkeeper with illegal equipment. Any violation of this rule shall be reported to the Club involved and to the Commissioner of the League.

Rule 12 – Illegal Equipment

12.1. Illegal Equipment - All protective equipment, except gloves, headgear and goalkeepers' leg pads must be worn under the uniform. For violation of this rule, after warning by the Referee, a minor penalty shall be imposed. Players violating this rule shall not be permitted to participate in the game until such equipment has been corrected or removed.

12.2. Gloves - A glove from which all or part of the palm has been removed or cut to permit the use of the bare hand shall be considered illegal equipment and if any player wears such a glove in play, a minor penalty shall be imposed on him. When a complaint is made under this rule, and such complaint is not sustained, a bench minor penalty shall be imposed against the complaining Club for delaying the game.

12.3. Elbow Pads - All elbow pads which do not have a soft protective outer covering of sponge rubber or similar material at least one-half inch (1/2") thick shall be considered dangerous equipment.

12.4. Fair Play - These equipment regulations (Section 3) are written in the spirit of "fair play". If at any time the League feels that this spirit is being abused, the offending equipment will be deemed ineligible for play until a hearing has ruled on its eligibility.

12.5. League Inspections - The Hockey Operations or Officiating departments are specifically authorized to make a check of each team's equipment to ensure the compliance with this rule. They shall report their findings to the Commissioner for his disciplinary action.

12.6. Facial Protection- All skaters must wear a half shield for facial protection, and a maximum of three players may wear a cage or bubble. The three players wearing a cage or bubble must be reported on the game sheet prior to the start of the game. This may be indicated by writing C/B next to players' names on the roster. A player with a facial injury may wear a cage or bubble in addition to the three approved players with a cage or bubble. The injured player wearing a cage or bubble must be reported on the game sheet with IC/B next to the player's name on the roster.

Rule 13 - Puck

13.1. Dimensions - The puck shall be made of vulcanized rubber, or other approved material, one inch (1") thick and three inches (3") in diameter and shall weigh between five and one-half ounces (5 1/2" oz.) and six ounces (6 oz.). All pucks used in competition must be black in color and approved by the League.

13.2. Supply - The home team shall be responsible for providing an adequate supply of official pucks which shall be kept in a frozen condition. This supply of pucks shall be kept at the penalty bench under the control of one of the regular off-ice Officials or a special attendant.

13.3. Illegal Puck - If at any time while play is in progress, a puck other than the one legally in play shall appear on the playing surface, the play shall not be stopped but shall continue with the legal puck until the play in progress is completed by change of possession.

Rule 14 – Adjustment to Clothing or Equipment

14.1. Adjustment to Clothing or Equipment - Play shall not be stopped nor the game delayed by reasons of adjustments to clothing, equipment, skates or sticks. The onus of maintaining clothing and equipment in proper condition shall be upon the player. If adjustments are required, the player shall leave the ice and play shall continue with a substitute. No delay shall be permitted for the repair or adjustment of goalkeeper's equipment. If adjustments are required, the goalkeeper shall leave the ice and his place shall be taken by the substitute goalkeeper immediately.

SECTION 4 – TYPES OF PENALTIES

Rule 15 – Calling of Penalties

15.1. Calling a Penalty - Should an infraction of the rules which would call for a minor, major, misconduct, game misconduct or match penalty be committed by a player of the side in control of the puck, the Referee shall immediately blow his whistle and penalize the offending player or goalkeeper. Should an infraction of the rules which would call for a minor, major, misconduct, game misconduct or match penalty be committed by a player of the team not in control of the puck, the Referee shall raise his arm to signal the delayed calling of a penalty. When the team to be penalized gains control of the puck, the Referee will blow his whistle to stop play and impose the penalty on the offending player or goalkeeper. When a player, Trainer, Manager, Coach or non-playing Club personnel is ejected from the game for a violation of the playing rules, that individual must vacate the players' bench area and may not, in any manner, further participate in the game. This includes directing the team from the spectator area or by radio communications. Any violations shall be reported to the commissioner. Refer to Reference Tables – Table 1 – Summary of Penalties to Coaches and Non-playing Club Personnel (page 124) for a list of infractions specific of those individuals.

15.2. Calling a Minor Penalty – Goal Scored - If the penalty to be imposed is a minor penalty and a goal is scored on the play by the non- offending side, the minor penalty shall not be imposed but major and match penalties shall be imposed in the normal manner regardless of whether or not a goal is scored. If two or more minor penalties were to be imposed and a goal is scored on the play by the non-offending side, the Captain of the offending team shall designate to the Referee which minor penalty(ies) will be assessed and which minor penalty will be washed out as a result of the scoring of the goal.

15.3. Calling a Double-minor Penalty – Goal Scored - When the penalty to be imposed is applicable under Rule 47 for Head-butting or Rule 58 Butt-ending, Rule 60 High-sticking or Rule 62 Spearing, and a goal is scored, two minutes of the appropriate penalty will be assessed to the offending player. (This will be announced as a double - minor for the appropriate infraction and the player will serve two (2) minutes only.)

15.4. Calling a Penalty – Short-handed Team – Goal Scored - If when a team is “short-handed” by reason of one or more minor or bench minor penalties, and the Referee signals a further minor penalty or penalties against the “short-handed” team and a goal is scored by the non offending side before the whistle is blown, then the goal shall be allowed. The penalty or penalties signaled shall be assessed and the first of the minor penalties already being served shall automatically terminate under Rule 16 – Minor Penalties. Major and match penalties shall be imposed in the normal manner regardless of whether or not a goal is scored.

Should a minor or bench minor penalty be signaled against a team already short-handed by reason of a major (or match) penalty, but before the play can be stopped to assess the minor or bench minor penalty, and a goal is scored by the non-offending side, the signaled minor or bench minor penalty shall not be imposed due to the scoring of the goal. Should a penalty be signaled against a team already shorthanded by reason of one or more minor or bench minor penalties, and the signaled penalty would result in the awarding of a penalty shot, but before the Referee can stop play to award the penalty shot, the non-offending team scores a goal, then the signaled penalty (that would have resulted in a penalty shot) shall be assessed as a minor (double- minor, major or match) penalty and the first of the minor penalties already being served shall automatically terminate under Rule 16 – Minor Penalties.

15.5. Face-off Locations –When players are penalized at a stoppage of play so as to result in penalties being placed on the penalty time clock to one team, the ensuing face-off shall be conducted at one of the two face-off spots in the offending team's end zone. There are three (3) exceptions to this application. (i) when a penalty is assessed after the scoring of a goal – face-off at center ice; (ii) when a penalty is assessed at the end (or start) of a period – face-off at center ice; (iii) when the defending team is about to be penalized and the attacking players enter the zone beyond the outer edge of the end zone face-off circle – face-off in the neutral zone (see Rule 76.2, paragraph 10)

Rule 16 – Minor Penalties

16.1. Minor Penalty - For a minor penalty, any player, other than a goalkeeper, shall be ruled off the ice for two (2) minutes during which time no substitute shall be permitted. **16.2. Short-handed** - "Short-handed" means that the team is below the numerical strength of its opponent on the ice at the time the goal is scored. The minor or bench minor penalty which terminates automatically is the one with the least amount of time on the clock. Thus coincident minor penalties to both Teams do not cause either side to be "short-handed" (see Rule 19). If while a team is "short-handed" by one or more minor or bench minor penalties, the opposing team scores a goal, the first of such penalties shall automatically terminate. This rule shall also apply when a goal is awarded. This rule does not apply when a goal is scored on a penalty shot (i.e. offending team's penalized player(s) do not get released on the scoring of a goal on a penalty shot). Minor penalty expiration criteria: (i) Is the team scored against short-handed? (ii) Is the team scored against serving a minor penalty on the clock?

If both criteria are satisfied, the minor penalty with the least amount of time on the clock shall terminate except when coincidental penalties are being served. Refer to Reference

Tables – Table 17 – Goals Scored Against a Short-handed Team (page 137). No penalty shall expire when a goal is scored against a team on a penalty shot. When the minor penalties of two players of the same team terminate at the same time, the Captain of that team shall designate to the Referee which of such players will return to the ice first and the Referee will instruct the Penalty Timekeeper accordingly.

16.3. Infractions – Refer to Reference Tables – Table 2 – Summary of Minor Penalties (page 125), for a list of infractions that can result in a minor penalty being assessed (see specific rule numbers for complete descriptions)

Rule 17 – Bench Minor Penalties

17.1. Bench Minor Penalty - A bench minor penalty involves the removal from the ice of one player of the team against which the penalty is assessed for a period of two (2) minutes. Any player except a goalkeeper of the team may be designated to serve the penalty by the Coach through the playing Captain and such player shall take his place on the penalty bench promptly and serve the penalty as if it were a minor penalty imposed upon him.

17.2. Short-handed – see 16.2. 17.3. Infractions –Refer to Reference Tables – Table 3 - Summary of Bench Minor Penalties (page 126) for a list of infractions that can result in a bench minor penalty being assessed (see specific rule numbers for complete descriptions).

Rule 18 – Double-minor Penalties

18.1. Double-minor Penalty - For a double-minor penalty, any player, other than a goalkeeper shall be ruled off the ice for four (4) minutes during which time no substitute shall be permitted.

18.2. Short-handed – see 16.2. When a double-minor penalty has been signaled by the Referee and the non-offending team scores during the delay, one of the minor penalties shall be washed out and the penalized player will serve the remaining two minutes of the double-minor penalty. The penalty will be announced as a double-minor penalty but only two minutes would be shown on the penalty time clock.

18.3. Infractions – Refer to Reference Tables – Table 4 – Summary of Double-minor Penalties (page 126) for a list of infractions that can result in a double-minor penalty being assessed (see specific rule numbers for complete descriptions).

Rule 19 – Coincidental Penalties

19.1. Coincidental Minor Penalties - When coincidental minor penalties or coincidental minor penalties of equal duration are imposed against players of both teams, the penalized players shall all take their places on the penalty benches and such penalized players shall not leave the penalty bench until the first stoppage of play following the expiry of their respective penalties. Where goalkeepers are involved, refer to 27.1. Immediate substitution shall be made for an equal number of minor penalties or coincidental minor penalties of equal duration to each team so penalized and the penalties of the players for which substitutions have been made shall not be taken into account for the purpose of the delayed penalty rule (Rule 26). This rule only applies when at least one team is already serving a time penalty in the penalty box that causes them to be short-handed. When one minor penalty is assessed to one player of each team at the same stoppage in play, these penalties will be served without substitution provided there are no other penalties in effect and visible on the penalty clocks. Both teams will therefore play four skaters against four skaters for the duration of the minor

penalties. Should one or both of these players (or any other players) also incur a misconduct penalty in addition to their one minor penalty, this rule shall apply and the teams would still play four skaters against four skaters (the player incurring the misconduct penalty would have to serve the entire 12 minutes - minor plus misconduct – and his team would have to place an additional player on the penalty bench to serve the minor penalty and be able to return to the ice when the minor penalty expires). When multiple penalties are assessed to both teams, equal numbers of minor and major penalties shall be eliminated using the coincidental penalty rule and any differential in time penalties shall be served in the normal manner and displayed on the penalty time clock accordingly (see 19.5). If there is no differential in time penalties, all players will serve their allotted penalty time, but will not be released until the first stoppage of play following the expiration of their respective penalties. For coincidental penalties that carry over into, or are assessed during regular-season overtime, refer 84.3, to Reference Tables - Table 20 – Penalties in Effect Prior to the Start of Overtime – Regular-season on page 168, and to Reference Tables – Table 21 – Penalties Assessed in Overtime – Regular-season on page 154.

19.2. Coincidental Major Penalties - When coincidental major penalties or coincidental penalties of equal duration, including a major and/or a match penalty, are imposed against players of both teams, the penalized players shall all take their places on the penalty benches and such penalized players shall not leave the penalty benches until the first stoppage of play following the expiry of their respective penalties. Immediate substitutions shall be made for an equal number of major penalties, or coincidental penalties of equal duration including a major penalty to each team so penalized, and the penalties of the players for which substitutions have been made shall not be taken into account for the purpose of the delayed penalty rule, (Rule 26). In such situations, if one or both players have received a game

misconduct in addition to their major penalties, no substitutes are required to take their places on the penalty benches.

19.3. Coincidental Match Penalties - When coincidental match penalties or coincidental penalties of equal duration, including a major and/or a match penalty, are imposed against players of both teams, the players with the match penalties shall be immediately removed from the game. The remaining penalized players shall not leave the penalty benches until the first stoppage of play following the expiry of their respective penalties. Immediate substitutions shall be made for an equal number of major and/or match penalties, or coincidental penalties of equal duration including a major or match penalty to each team so penalized, and the penalties of the players for which substitutions have been made shall not be taken into account for the purpose of the delayed penalty rule, (Rule 26).

19.4. Last Five Minutes and Overtime - During the last five (5) minutes of regulation time, or at any time during regular season overtime, when a minor penalty (or double-minor penalty) is assessed to one player or goalkeeper of Team A, and a major (or match) penalty is assessed to one player or goalkeeper of Team B at the same stoppage of play, the three-minute (or one-minute) differential shall be served immediately as a major penalty. This is also applicable when coincidental penalties are negated, leaving the aforementioned examples. In such instances, the team of the player receiving the major penalty must place the replacement player in the penalty bench prior to expiration of the penalty. In the case of a match penalty, the team must place the replacement player on the penalty bench immediately. The differential will be recorded on the penalty clock as a three (3) minute or a one (1) minute penalty (as applicable), and served in the same manner as a major penalty. This rule shall be applied regardless as to the

on-ice strength of the two teams at the time the above outlined penalties are assessed.

19.5. Applying the Coincidental Penalty Rule – When multiple penalties are assessed to both teams at the same stoppage of play, the following rules are to be utilized by the Referee to determine the on ice strength for both teams: (i) Cancel as many major and/or match penalties as possible (ii) Cancel as many minor, bench minor and or double-minor penalties as possible Refer to Reference Tables - Table 18 – Coincidental Penalties on page 141.

Rule 20 – Major Penalties

20.1. Major Penalty - For the first major penalty in any one game, the offender, except the goalkeeper, shall be ruled off the ice for five (5) minutes during which time no substitute shall be permitted. When one player receives a major penalty and a minor penalty at the same time, the major penalty shall be served first by the penalized player (or substitute for the goalkeeper), except under Rule 19.2 where coincidental major penalties are in effect, in which case the minor penalty will be recorded and served first.

20.2. Short-handed – Although a major penalty does cause a team to be short-handed, the penalized player serving the major penalty does not leave the penalty bench when the opposing team scores. The player must wait for the entire major penalty to expire before he is permitted to exit the penalty bench

20.3. Substitution – When a player has been assessed a major penalty and has been removed from the game or is injured, the offending team does not have to place a substitute player on the penalty bench immediately, but must do so at a stoppage of play prior to the expiration of the major penalty. He may then legally exit the penalty bench when the major penalty has expired. If the

player has been assessed penalties in addition to the major penalty that must also be served on the penalty time clock, the offending team must place a substitute on the penalty bench immediately. Failure to place a player on the penalty bench prior to the expiration of the major penalty will result in that team having to continue playing one player short (but not officially considered short-handed) until the next stoppage of play. Any replacement player who enters the game other than from the penalty bench shall constitute an illegal substitution under Rule 68 – Illegal Substitution calling for a bench minor penalty. Furthermore, if the team fails to place a player on the penalty bench to return to the ice at the end of the major penalty, they continue to play short-handed but are not permitted to ice the puck as they are no longer short-handed by reason of a penalty.

20.4. Automatic Game Misconduct – An automatic game misconduct shall be applied to any player who has been assessed a third major penalty, or second Fighting major penalty, in the same game. The automatic game misconduct penalty due to the third major penalty, or second fighting major penalty, shall be waived for a player in the altercation if the opposing player was assessed an instigator penalty in either altercation. An automatic game misconduct shall also be applicable whenever a player or goalkeeper is assessed a major penalty for any of the infractions listed in the Reference Tables – Table 6 – Summary of Major Penalties that Result in an Automatic Game Misconduct (page 128). See specific rule numbers for complete descriptions. When a player or goalkeeper has been assessed a major penalty for any of the infractions listed in the Reference Tables – Table 7 – Summary of Major Penalties That Result In An Automatic Game Misconduct When A Player Recklessly Endangers An Opponent, a game misconduct must also be assessed. See specific rule numbers for complete descriptions. When a major and automatic game misconduct are assessed, the player shall be ruled off the ice for the balance of the game, but a substitute shall be

permitted to replace the player so suspended after five (5) minutes have elapsed.

20.5. Fines - An automatic fine shall also be added when a major penalty is imposed for any infraction causing injury to the face or head of an opponent by means of a stick. There are no specified fines or suspensions for game misconduct, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

20.6. Infractions – Refer to the Reference Tables – Table 5 – Summary of Major Penalties (page 127) for a list of the infractions that can result in a major penalty being assessed (see specific rule numbers for complete descriptions).

Rule 21 – Match Penalties

21.1. Match Penalty - A match penalty involves the suspension of a player for the balance of the game and the offender shall be ordered to the dressing room immediately. A match penalty shall be imposed on any player who deliberately attempts to injure or who deliberately injure an opponent in any manner. A match penalty will automatically be reviewed and is subject to a fine and/or suspension upon review by the VP of Hockey Operations.

21.2. Short-handed - A substitute player is permitted to replace the penalized player after five (5) minutes playing time has elapsed. The match penalty, plus any additional penalties, shall be served by a player (excluding a goalkeeper) to be designated by the Manager or Coach of the offending team through the playing Captain, such player to take his place in the penalty box immediately. For all match penalties, a total of fifteen minutes shall be charged in the records against the offending player (five minutes on the penalty clock, plus an additional 10 minutes for being removed from the game). In addition to the match penalty,

the player shall be automatically suspended from further competition until the Commissioner has ruled on the issue. See also Rule 28 – Supplementary Discipline.

21.3. Reports - The Referee and Linesmen are required to report all match penalties and the surrounding circumstances to the Commissioner of the League immediately following the game in which they occur.

21.4. Infractions – Refer to the Reference Tables – Table 8 – Summary of Match Penalties (page 129) for a list of the infractions that can result in a match penalty being assessed (see specific rule numbers for complete descriptions).

Rule 22 – Misconduct Penalties

22.1. Misconduct Penalty - In the event of misconduct penalties to any players except the goalkeeper, the players shall be ruled off the ice for a period of ten (10) minutes each. A substitute player is permitted to immediately replace a player serving a misconduct penalty. A player whose misconduct penalty has expired shall remain in the penalty box until the next stoppage of play.

22.2. Misconduct Penalty – Goalkeeper - Should a goalkeeper on the ice incur a misconduct penalty, this penalty shall be served by another member of his team who was on the ice when the offense was committed. This player is to be designated by the Coach of the offending team through the Captain.

22.3. Short-handed – A player receiving a misconduct penalty does not cause his team to play short-handed unless he also receives a minor, major or match penalty in addition to the misconduct penalty. When a player receives a minor penalty and a misconduct penalty at the same time, the penalized team shall immediately put a substitute player on the penalty bench and he shall serve the minor penalty without change. Should the

opposing team score during the time the minor penalty is being served, the minor penalty shall terminate (unless 15.4 is applicable) and the misconduct to the originally penalized player shall start immediately. When a player receives a major penalty and a misconduct penalty at the same time, the penalized team shall place a substitute player on the penalty bench before the major penalty expires and no replacement for the penalized player shall be permitted to enter the game except from the penalty bench.

22.4. Fines - A misconduct penalty imposed on any player at any time shall be accompanied with an automatic fine of twenty five dollars (\$25).

22.5. Infractions – Refer to the Reference Tables – Table 9 – Summary of Misconduct Penalties (page 130) for a list of the infractions that can result in a misconduct penalty being assessed (see specific rule numbers for complete descriptions).

Rule 23 – Game Misconduct Penalties

23.1. Game Misconduct Penalty - A game misconduct penalty involves the suspension of a player for the balance of the game but a substitute is permitted to replace the player or goalkeeper removed. Ten minutes are applied in the league records to the player incurring a game misconduct penalty.

23.2. Fines and Suspensions - A player incurring a game misconduct penalty shall incur an automatic fine of one fifty dollars (\$50) and the case shall be reported to the Commissioner who shall have full power to impose such further penalties by way of suspension or fine on the penalized player, goalkeeper or any other player involved in the altercation. Any game misconduct penalty for which a player or goalkeeper has been assessed an automatic suspension or supplementary discipline in the form of game suspension(s) by the Commissioner shall not be taken into account when calculating the total number of offenses under this subsection.

The automatic suspensions incurred under this subsection in respect to League games shall have no effect with respect to violations during Playoff games. Any request by a Club to have a game misconduct reviewed and rescinded by the League must be submitted in writing to the Hockey Operations Department within 48 hours of the conclusion of the game in which the game misconduct was assessed. Failure to submit the written request within this time frame will automatically result in the game misconduct being upheld and no further review of the incident will be considered or entertained. This does not apply to infractions addressed under Rule 28 – Supplementary Discipline.

23.3. Fines and Suspensions – Abuse of Officials Category - In regular League or Playoff games, any player who incurs a total of three (3) game misconduct penalties for abuse of officials related infractions penalized under Rule 39 – Abuse of Officials, shall be automatically suspended for his team's next League or Playoff game. For each subsequent game misconduct penalty, the automatic suspension shall be increased by one game.

23.4. Fines and Suspensions – General Category - In regular League games, any player who incurs a total of three (3) game misconduct penalties in the "General Category" and exclusive of other designated categories, shall be suspended for the next League game of his team. For each subsequent game misconduct penalty, the automatic suspension shall be increased by one game. In Playoff games, any player or goalkeeper who incurs a total of two (2) game misconduct penalties in the "General Category" shall be suspended automatically for the next Playoff game of his team. For each subsequent game misconduct penalty during the Playoffs, the automatic suspension shall be increased by one game. For a list of infractions involving game misconducts that are included in the "General Category", please refer to the Reference Tables – Table 10 – Summary of Game Misconduct Infractions Included in the "General Category" (page 131). See specific rule numbers for complete descriptions.

23.5. Fines and Suspensions – Instigator or Aggressor

Category In regular League or Playoff games, any player who incurs a total of three (3) penalties for instigator infraction penalized under Rule 46 - Fisticuffs, shall be suspended automatically for the next league or Playoff game of his team. For each subsequent game misconduct penalty, the automatic suspension shall be increased by one game. In regular League games, any player who incurs a total of three (3) penalties for aggressor infraction penalized under Rule 46 - Fisticuffs, shall be suspended automatically for the next two (2) League games of his team. For each subsequent game misconduct penalty, the automatic suspension shall be increased by (2) games.

23.6. Fines and Suspensions – Stick Infractions, Boarding, Checking from Behind Category and Charging - In regular League games, any player or goalkeeper who incurs a total of three (3) game misconduct penalties for stick-related infractions, Boarding – Rule 41, Charging – 42, or Checking from Behind – Rule 43, shall be suspended automatically for the next League game of his team. For each subsequent game misconduct penalty, the automatic suspension shall be increased by one game. In Playoff games, any player or goalkeeper who incurs a total of two (2) game misconduct penalties for stick-related infractions, Boarding – Rule 41, Charging – 42, or Checking from Behind – Rule 43, shall be suspended automatically for the next Playoff game of his team. For each subsequent game misconduct penalty in this category during the Playoffs the automatic suspension shall be increased by one game. For a list of stick-related infractions, refer to the Reference Tables– Table 11 – Summary of Game Misconduct Infractions Included in the “Stick-Related Category” (page 132). See specific rule numbers for complete descriptions. For a list of checking-related infractions, refer to the Reference Tables – Table 12 – Summary of Game Misconduct Infractions Included in the “Checking-Related Category” (page 133). See specific rule numbers for complete descriptions.

23.7. Fines and Suspensions – Fisticuffs Category - In regular League games, any player who incurs a total of three (3) game misconduct penalties for fighting related infractions, Fighting off the playing surface, intervening in an altercation, Secondary altercation, Removing jersey prior to altercation - Rule 46 shall be suspended automatically for the next League game of his Team. For each subsequent game misconduct penalty in this category, the automatic suspension shall be increased by one game.

In regular League games, any player who incurs a total of ten (10) fighting major penalties shall be suspended automatically for the next League game of his team. For each subsequent fighting major penalty the player shall be suspended automatically for the next League game of his team. In regular League games, any player who incurs a total of fourteen (14) fighting major penalties shall then be suspended automatically for the next two (2) League games of his team. For each subsequent fighting major penalty the player shall be suspended automatically for the next two (2) League games of his team. In any instance where the opposing player was assessed an instigator penalty, the fighting major penalty assessed shall not count towards the player's total for the purpose of this rule. In Playoff games, any player who incurs a total of two (2) game misconducts for fighting related infractions under Rule 46 shall be suspended automatically for the next Playoff game of his team. For each subsequent game misconduct penalty in this category during the Playoffs the automatic suspension shall be increased by one (1) game. Prior to the commencement of each Kelly Cup Finals, a player or goal keeper will have his current game misconducts removed from his current playoff record. They will remain part of his historical record. For a list of fisticuff-related infractions, refer to the Reference Tables –Table 13 – Summary of Game Misconduct Infractions Included in the “Fisticuff Category” (page 133). See specific rule numbers for complete descriptions.

23.8. Automatic Game Misconduct – See 20.4. **23.9. Other Infractions That Could Result in a Game Misconduct** – The following list of infractions can also result in a game misconduct penalty being assessed: (i) interfering with or striking a spectator. (ii) post-game verbal abuse from players, goalkeepers, or nonplaying club personnel (on or off the ice) (iii) Uses language, taunts or gestures that are deemed discriminatory or derogatory in nature including race, gender, religion and sexual orientation (iv) spitting on or at an opponent or spectator Any player, goalkeeper or non-playing Club personnel who physically interferes with the spectators, becomes involved in an altercation with a spectator, throws or shots any object at a spectator or out of the playing surface, shall automatically incur a game misconduct penalty and the Referee shall report all such infractions to the Commissioner who shall have full power to impose such further penalty as he shall deem appropriate.

Rule 24 – Penalty Shot

24.1. Penalty Shot – A penalty shot is designed to restore a scoring opportunity which was lost as a result of an infraction being committed by the offending team, based on the parameters set out in these rules

24.2. Procedure - The Referee shall have announced over the public address system the player designated by him or selected by the team entitled to take the shot (as appropriate). He shall then place the puck on the center face-off spot and the player taking the shot will, on the instruction of the Referee (by blowing his whistle), play the puck from there and shall attempt to score on the goalkeeper. The puck must be kept in motion towards the opponent's goal line and once it is shot, the play shall be considered complete. No goal can be scored on a rebound of any kind (an exception being the puck off the goal post or crossbar, then the goalkeeper and then directly into the goal), and any time the puck crosses the goal line or comes to a complete stop, the

shot shall be considered complete. The lacrosse-like move whereby the puck is picked up on the blade of the stick and “whipped” into the net shall be permitted provided the puck is not raised above the height of the shoulders at any time and when released, is not carried higher than the crossbar. See also 80.1. The spin-o-rama type move where the player completes a 360° turn as he approaches the goal, shall not be permitted. Should a player perform such a move during the shot, the shot shall be stopped by the Referee and no goal will be the result. Only a player designated as a goalkeeper or alternate goal keeper may defend against a penalty shot. The goalkeeper must remain in his crease until the player taking a penalty shot has touched the puck. If at the time a penalty shot is awarded, the goalkeeper of the penalized team has been removed from the ice to substitute another player, the goalkeeper shall be permitted to return to the ice before the shot is taken. The team against whom the penalty shot has been assessed may replace their goalkeeper to defend against the shot, however, the substitute goalkeeper is required to remain in the game until the next stoppage of play. While the penalty shot is being taken, players of both sides shall withdraw to their respected benches.

24.3. Designated Player – In cases where a penalty shot has been awarded to a player specifically fouled, that player shall be designated by the Referee to take the shot. In all other cases where a penalty shot has been awarded, the shot shall be taken by a player selected by the Captain of the non offending team from the players on the ice at the time when the infraction was committed. Such selection shall be reported to the Referee and cannot be changed. If by reason of injury, the player designated by the Referee to take a penalty shot is unable to do so within a reasonable time, the shot may be taken by a player selected by the Captain of the non offending team from the players on the ice when the infraction was committed. Such selection shall be reported to the Referee and cannot be changed. Should the

player in respect to whom a penalty shot has been awarded commit an infraction in connection with the same play or circumstances, either before or after the shot has been awarded, he shall first be permitted to do so before being sent to the penalty bench to serve the penalty. Except when such penalty is for a game misconduct or match penalty in which case the shot shall be taken by a player selected by the Captain of the non-offending team from the players on the ice at the time when the infraction was committed.

24.4. Violations During the Shot – Should the goalkeeper leave his crease prior to the player taking the penalty shot touches the puck, or commits any infraction, the Referee shall allow the shot to be taken. If the shot fails, he shall permit the shot to be taken over again. When an infraction worthy of a minor penalty is committed by the goalkeeper during the shot causing it to fail, no penalty is assessed but the Referee shall permit the shot to be taken over again. Should a goalkeeper commit a second violation and the shot fails, he shall be assessed a misconduct penalty and the Referee shall permit the shot to be taken over again. A third such violation shall result in the goalkeeper being assessed a game misconduct penalty and the Referee shall permit the shot to be taken over again, against the alternate goalkeeper. When a major or match penalty is committed by the goalkeeper that causes the shot to fail, the Referee shall permit the shot to be taken over again and the appropriate penalties shall be assessed to the goalkeeper. The goalkeeper may attempt to stop the shot in any manner except by throwing his stick or any object, or by deliberately dislodging the goal, in which case a goal shall be awarded. During the shot, should the goalkeeper, in an attempt at making a save, dislodge the goal accidentally, the referee shall make one of the following determinations: (i) Award a goal if he deems the player would have scored into the area normally occupied by the net had it not been dislodged. (ii) Allow the shot to be re-taken if he does not score or it could not be determined if

the puck would have entered the area normally occupied by the net. (iii) If the goal becomes dislodged after the puck has crossed the goal line thus ending the shot, the above mentioned determinations do not apply and the shot is complete. If, while a penalty shot or shootout is being taken, any player, goalkeeper, Coach or non-playing Club personnel of the opposing team interferes with or distracts the player taking the shot and, because of such action, the shot fails, a second attempt shall be permitted. The Referee shall impose a bench minor penalty to the offending team, and if a player on the bench is responsible, a misconduct penalty on the player responsible shall be assessed. When a coach or non-playing Club personnel is guilty of such an act he shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for possible further disciplinary action. If, while the penalty shot is being taken, any player, goalkeeper, Coach or non-playing Club personnel of the team taking the shot interferes with or distracts the goalkeeper defending the shot and, because of such action, the shot is successful, the Referee shall rule no goal and shall impose a bench minor penalty to the offending team. If a player or goalkeeper on the bench is responsible, a misconduct penalty on the player or goalkeeper responsible shall be assessed. When a Coach or non-playing Club personnel is guilty of such an act, he shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for possible further disciplinary action. If, while the penalty shot is being taken, a spectator throws any object onto the ice that in the judgment of the Referee interferes with the player taking the shot or the goalkeeper defending the shot, he shall permit the shot be taken again. If, after a player's stick has been ruled illegal, he attempts to take a penalty shot with a second stick that is also ruled illegal prior to taking the shot, the opportunity to take the shot shall be disallowed. The player shall be assessed one minor penalty for the first illegal stick.

24.5. Face-Off Location - If a goal is scored from a penalty shot, the puck shall be faced-off at center ice. If a goal is not scored, the puck shall be faced-off at either of the end face-off spots in the zone in which the penalty shot was attempted, except when another rule dictates the face-off location should be in an alternate location, such as when the point men enter the zone beyond the outer edge of the end zone face-off circle or when the attacking team has been penalized on the same play (See Rule 76.2).

24.6. Results - Should a goal be scored from a penalty shot, a further penalty to the offending player or goalkeeper shall not be applied unless the offense for which the penalty shot was awarded is a major, match or misconduct penalty, in which case the appropriate penalty shall be imposed. If the offense for which the penalty shot was awarded would normally incur a minor penalty, then regardless of the outcome of the shot no further minor penalty shall be served. If the offense for which the penalty shot was awarded was to incur a double-minor penalty, or where the offending team is assessed an additional minor penalty on the same play, the first minor penalty is not assessed since the penalty shot was awarded to restore the lost scoring opportunity. The second minor penalty would be assessed and served regardless of whether the penalty shot results in a goal. This will be announced as a double-minor penalty for the appropriate infraction and the player will serve two (2) minutes only. Should two penalty shots be awarded to the same team at the same stoppage of play (two separate infractions), only one goal can be scored or awarded at a single stoppage of play. Should the first penalty shot result in a goal, the second shot would not be taken but the appropriate penalty would be assessed and served as normal.

24.7. Timing - If the infraction upon which the penalty shot is based occurs during actual playing time, the penalty shot shall be awarded and taken immediately in the usual manner

notwithstanding any delay occasioned by a slow whistle by the Referee to allow play to continue until the attacking side has lost possession of the puck to the defending side, which delay results in the expiry of the regular playing time in any period. The time required for the taking of a penalty shot shall not be included in the regular playing time or overtime. 24.8. Infractions – Refer to the Reference Tables – Table 14 – Summary of Penalty Shots (page 134) for a list of the infractions that shall result in a penalty shot being awarded (see specific rule numbers for complete descriptions).

There are four (4) specific conditions that must be met in order for the Referee to award a penalty shot for a player being fouled from behind. They are: (i) The infraction must have taken place in the neutral zone or attacking zone, (i.e. over the puck carrier's own blue line); (ii) The infraction must have been committed from behind; (iii) The player in possession and control (or, in the judgment of the Referee, clearly would have obtained possession and control of the puck) must have been denied a reasonable chance to score (the fact that he got a shot off does not automatically eliminate this play from the penalty shot consideration criteria. If the infraction was from behind and he was denied a "more" reasonable scoring opportunity due to the infraction, then the penalty shot should be awarded); (iv) The player in possession and control (or, in the judgment of the Referee, clearly would have obtained possession and control of the puck) must have had no opposing player between himself and the goalkeeper.

Rule 25 – Awarded Goals

25.1. Awarded Goal – A goal will be awarded to the attacking team when the opposing team has taken their goalkeeper off the ice and an attacking player has possession and control of the puck (or would have gained possession and control) in the neutral or attacking zone, without a defending player between himself

and the opposing goal, and he is prevented from scoring as a result of an infraction committed by the defending team (see 25.3 Infractions –When Goalkeeper is Off the Ice, below)

25.2. Infractions – When Goalkeeper is On the Ice – A goal will be awarded when an attacking player with an imminent scoring opportunity, is prevented from scoring as a result of a defending player or goalkeeper displacing the goal post, either deliberately or accidentally.

25.3. Infractions – When Goalkeeper is Off the Ice – Refer to the Reference Tables – Table 15 – Summary of Awarded Goals (When Goalkeeper has been Removed for an Extra Attacker) (page 135, 57.3) for a list of the infractions that shall result in an awarded goal when the goalkeeper has been removed for an extra attacker (see specific rule numbers for complete descriptions).

25.4. Infractions – During the Course of a Penalty Shot - A goal will be awarded when a goalkeeper attempts to stop a penalty shot by throwing his stick or any other object at the player taking the shot or by deliberately dislodging the goal.

Rule 26 – Delayed Penalties

26.1. Delayed Penalty - If a third player of any team is penalized while two players of the same team are serving penalties, the penalty time of the player shall not commence until the penalty time of one of the two players already penalized has elapsed. The third penalized player must proceed at once to the penalty bench. He may be substituted for on the ice to keep the on-ice strength at no less than three skaters for his team.

26.2. Penalty Expiration - When any team has three players serving penalties at the same time and because of the delayed penalty rule, a substitute for the third offender is on the ice, none of the three penalized players on the penalty bench may return to

the ice until play has stopped. When play has been stopped, the player whose penalty has fully expired may return to the ice. During the play, the Penalty Timekeeper shall permit the penalized players to return to the ice, in the order of expiration of their penalties, but only when the penalized team is entitled to have more than four players on the ice. Otherwise, these players must wait until the first stoppage of play after the expiration of their penalties in order to be released from the penalty bench. When the penalties of two players of the same team will expire at the same time, the Captain of that team will designate to the Referee which player will return to the ice first and the Referee will instruct the Penalty Timekeeper accordingly (this is done to expedite the release of a player from the penalty bench when the opposing team scores on the power-play).

26.3. Major and Minor Penalty - When a major and a minor penalty are imposed at the same time on different players of the same team, the Penalty Timekeeper shall record the minor as being the first penalty.

Rule 27 – Goalkeeper's Penalties

27.1. Minor Penalty to Goalkeeper – A goalkeeper shall not be sent to the penalty bench for an offense which incurs a minor penalty, but instead, the minor penalty shall be served by another member of his team who was on the ice when the offense was committed. This player is to be designated by the Coach of the offending team through the playing Captain and such substitute shall not be changed. If the goalkeeper is involved in coincidental penalties being assessed and as a result, his team is required to play shorthanded due to additional penalties assessed to the goalkeeper, the player designated to serve the additional time penalties assessed to the goalkeeper may be any player as designated by the Coach of the offending team through the captain. A penalized player may not serve a goalkeeper's penalty.

27.2. Major Penalty to Goalkeeper – A goalkeeper shall not be sent to the penalty bench for an offense which incurs a major penalty, but instead, the major penalty shall be served immediately by another member of his team who was on the ice when the offense was committed. This player is to be designated by the Coach of the offending team through the Captain and such substitute shall not be changed. When a goalkeeper is assessed a major penalty plus a game misconduct, which is coincidental with a major or match penalty to the opposing team, no player is required to serve the goalkeeper's penalties in the penalty box, since he has been ejected from the game. Should a goalkeeper incur three major penalties in one game, he shall be ruled off the ice for the balance of the game and his place shall be taken by a member of his own Club, or by a regular substitute goalkeeper who is available. Such player will be allowed the goalkeeper's full equipment. (Major penalty plus game misconduct penalty and automatic fine of fifty dollars (\$50).

27.3. Misconduct Penalty to Goalkeeper – Should a goalkeeper on the ice incur a misconduct penalty, this penalty shall be served by another member of his team who was on the ice when the offense was committed. This player is to be designated by the Manager or Coach of the offending team through the Captain and, in addition, the goalkeeper shall be fined.

27.4. Game Misconduct Penalty to Goalkeeper – Should a goalkeeper incur a game misconduct penalty, his place will then be taken by a member of his own Club, or by a regular substitute goalkeeper who is available, and such player will be allowed the goalkeeper's full equipment. There are no specified fines or suspensions for the game misconduct.

27.5. Match Penalty to Goalkeeper – Should a goalkeeper incur a match penalty, his place will then be taken by a member of his own Club, or by a substitute goalkeeper who is available, and such player will be allowed the goalkeeper's full equipment. The

match penalty, and any additional penalties assessed to the goalkeeper, shall be served immediately by a member of the team on the ice when the offenses were committed. This player shall be designated by the Coach of the offending team through the Captain. However, when the match penalty is coincidental with a match or major penalty to the opposing team, no player is required to proceed to the penalty bench to serve the goalkeeper's match penalty

27.6. Leaving Goal Crease – A minor penalty shall be imposed on a goalkeeper who leaves the immediate vicinity of his crease during an altercation. In addition, he shall be subject to a fine and this incident shall be reported to the Commissioner for further disciplinary action as may be required. However, should the altercation occur in or near the goalkeeper's crease, the Referee should direct the goalkeeper to a neutral location and not assess a penalty for leaving the immediate vicinity of the goal crease. Equally, if the goalkeeper is legitimately outside the immediate vicinity of the goal crease for the purpose of proceeding to the players' bench to be substituted for an extra attacker, and he subsequently becomes involved in an altercation, the minor penalty for leaving the crease would not be assessed. In addition, during stoppages of play in the game, he must not proceed to his players' bench for the purpose of receiving a replacement stick or equipment or repairs thereto, or due to an injury, or to receive instructions, without first obtaining permission to do so from the Referee. Otherwise, he must be replaced by the substitute goalkeeper immediately (without any delay) or be assessed a bench minor penalty for delay of game.

27.7. Participating in the Play Over the Center Red Line - If a goalkeeper participates in the play in any manner (intentionally plays the puck or checks an opponent) when he is beyond the center red line, a minor penalty shall be imposed upon him. The position of the puck is the determining factor for the application of this rule.

27.8. Restricted Area – A goalkeeper shall not play the puck outside of the designated area behind the net. This area shall be defined by lines that begin six feet (6') from either goal post and extend diagonally to points twenty-eight feet (28') apart at the end boards. Should the goalkeeper play the puck outside of the designated area behind the goal line, a minor penalty for delay of game shall be imposed. The determining factor shall be the position of the puck. The minor penalty will not be assessed when a goalkeeper plays the puck while maintaining skate contact with his goal crease.

27.9. Infractions – Unique to Goalkeepers – Refer to the Reference Tables – Table 16 – Summary of Goalkeeper Penalties (page 136) for a list of the infractions that shall result in a penalty to the goalkeeper (see specific rule numbers for complete descriptions).

Rule 28 – Supplementary Discipline

28.1. Supplementary Discipline - In addition to the automatic fines and suspensions imposed under these rules, the Commissioner may, at his discretion, investigate any incident that occurs in connection with any Pre-season, Exhibition, League or Playoff game and may assess additional fines and/or suspensions for any offense committed during the course of a game or any aftermath thereof by a player, goalkeeper, Trainer, Manager, Coach or non-playing Club personnel or Club executive, whether or not such offense has been penalized by the Referee. If an investigation is requested by a Club or by the League on its own initiative, it must be initiated by 12:00am local time on the day following the completion of the game in which the incident occurred.

28.2. Pre-Season and Exhibition Games - Whenever suspensions are imposed as a result of infractions occurring during pre-season and exhibition games, the Commissioner shall

exercise his discretion in scheduling the suspensions to ensure that no team shall be short more players in any regular League game than it would have been had the infraction occurred in regular League games.

28.3. League Fines - The commissioner and V.P. of officials may assess additional fines. Fines will be determined at the discretion of the V.P. of officials and approval from the league commissioner. Fines will be assessed at a minimum of \$25.00 and a maximum of \$500 based on the severity or frequency of misconduct or major penalties from players related to the infraction. All fines must be paid by the club or the player prior to returning to play. If a player returns to the ice without playing the fine, the fine and suspension will be doubled.

This signal is used by Referees to signal no goal; by the Linesmen to signal no icing and no off-side; and by all Officials to wash out a hand pass or a high-sticking the puck violation.

Rule 30 – Appointment of Officials

30.1. Appointment of Officials by Commissioner – The Commissioner shall appoint the Referee(s) and the Linesmen for the game. The Commissioner shall forward to all Clubs a list of Referee, Linesmen, and Off-ice Officials, all of whom must be treated with proper respect at all times during the season by all players and Club officials and representatives.

Rule 31 – Referee

31.1. Attire and Equipment - All Referee shall be dressed in black pants, APHL officials sweaters/jerseys, a League-approved black helmet with visor, and whistle.

31.2. Disputes - The Referee shall have general supervision of the game and shall have full control of all game officials and players during the game, including stoppages; and in case of any dispute, his decision shall be final. As there is a "human factor" involved in blowing the whistle to stop play, the Referee may deem the play to be stopped slightly prior to the whistle actually being blown. The fact that the puck may come loose or cross the goal line prior to the sound of the whistle has no bearing if the Referee has ruled that the play had been stopped prior to this happening. In the event of any dispute regarding time or the

expiration of penalties, the matter shall be referred to the Referee for adjustment and his decision shall be final.

31.3. Face-offs – The Referee shall face-off the puck to start the game. Linesmen are responsible for all other face-offs, including the start of the regular season overtime period.

31.4. General Duties - It shall be the duty of the Referee to impose such penalties as are prescribed by the rules for infractions thereof and they shall give the final on-ice decision in matters of disputed goals, which may be subjected to video review. The Referee may consult with the Linesmen or Goal Judge before making his decision. The Referee shall not halt the game for any infractions of the rules concerning Rule 83 - Off-side, or any violation of Rule 81 - Icing. Determining infractions of these rules is the duty of the Linesmen unless, by virtue of some unforeseen issue, the Linesman is prevented from doing so in which case the duties of the Linesman shall be assumed by a Referee until play is stopped.

31.5. Goals - The Referee shall have announced over the public address system information regarding the legality of an apparent goal. The Official Scorer will confirm the goal scorer and any players deserving of an assist. See also Rule 78 – Goals. The Referee shall have announced over the public address system the reason for not allowing a goal every time the goal signal light is turned on in the course of play. This shall be done at the first stoppage of play regardless of any standard signal given by the Referee when the goal signal light was put on in error.

The Referee shall report to the Official Scorer the name or number of the goal scorer but he shall not give any information or advice with respect to the awarding of assists. The name of the scorer and any player entitled to an assist will be announced over the public address system. In the event that the Referee disallows a goal for any violation of the rules, he shall report the reason for

the disallowance to the Official Scorer who shall have announced the Referee's decision correctly over the public address system.

31.6. Off-ice Officials - The Referee shall, before starting the game, see that the appointed off-ice officials, including the Game Timekeeper and the Goal Judges are in their respective places and ensure that the timing and signaling equipment are in order.

31.7. Penalties - The infraction of the rules for which each penalty has been imposed will be announced correctly, as reported by the Referee, over the public address system. Where players of both teams are penalized on the same play, the penalty to the visiting player will be announced first. When a penalty is imposed by the Referee which calls for a mandatory or automatic fine, only the time portion of the penalty will be reported by the Referee to the Official Scorer and announced over the public address system, and the fine will be collected through the League office.

31.8. Players' Uniforms - It shall be the duty of the Referee to see to it that all players are properly dressed, and that the approved regulation equipment (including the approved on-ice branded exposure program) is in use at all times during the game.

31.9. Reports - The Referee shall report to the Commissioner promptly and in detail the circumstances surrounding the following: (i) The assessment of misconduct penalties for abuse of officials; (ii) The assessment of game misconduct penalties; (iii) The assessment of match penalties; (iv) The assessment of an instigator or aggressor penalty; (v) Any time a goalkeeper leaves his crease during an altercation; (vi) Any time a stick or other object is thrown outside the playing area; (vii) Any time a player, goalkeeper or non-playing Club personnel are involved in an altercation with a spectator; (viii) Any unusual occurrence that takes place on or off the ice, before, during or after the game. The

shooting of water at fans. (ix) The assessment of a diving penalty
(x) The Coach abusing a Security Guard

31.10. Start and End of Game and Periods - The Referee shall order the teams on the ice at the appointed time for the beginning of a game and at the commencement of each period. If for any reason, there is more than a fifteen (15) minute delay in the commencement of the game or any undue delay in resuming play after the League approved intermission length between periods, the Referee shall state in their report to the Commissioner the cause of the delay and the Club or Clubs which were at fault. The Referee shall remain on the ice at the conclusion of each period until all players have proceeded to their dressing rooms. The Referee shall check club rosters and all players in uniform before signing the Official Report of Match form.

31.11. Unable to Continue - Should a Referee accidentally leave the ice or receive an injury which incapacitates him from discharging his duties while play is in progress, the game shall be automatically stopped. If the Referee is unable to continue, one of the Linesmen shall perform the duties of the Referee during the balance of the game. In the event a member of the Hockey Operations department is in attendance at the game, he shall have the authority to select the Linesman. If, through misadventure or sickness, the Referee and Linesmen appointed are prevented from appearing, the League will make every attempt to find suitable replacement officials, otherwise, the Managers or Coaches of the two Clubs shall agree on Referee(s) and Linesman(men). If they are unable to agree, they shall appoint a player from each side who shall act as Referee and Linesman; the player of the home Club acting as Referee and the player of the visiting Club as Linesman. If the regularly appointed officials appear during the progress of the game, they shall at once replace the temporary officials.

Rule 32 – Linesmen

32.1. Attire and Equipment – All Linesmen shall be dressed in black pants, APHL officials sweaters/jerseys, League-approved black helmet with visor, and whistle.

32.2. Face-offs - The Linesman shall face-off the puck at all times except at the start of the game. A Linesman shall drop the puck to start the regular season overtime period.

32.3. General Duties – The Linesmen are generally responsible for calling violations of off-side (Rule 83) and icing (Rule 81). They may stop play for a variety of other situations as noted in sections 32.4 and 32.5 below.

32.4. Reporting to Referee - The Linesman shall give to the Referee his interpretation of any incident that may have taken place during the game. The Linesman may stop play and report what he witnessed to the Referee when: (i) There are too many men on the ice Rule 74 (ii) Articles are thrown on the ice from the players' bench or penalty bench Rule 75 (iii) When team personnel interfere with a game official Rule 39 (iv) When a player who has lost or broken his stick receives one illegally

(v) When it is apparent that an injury has resulted from a high-stick that has gone undetected by the referee and requires the assessment of a double minor penalty Rule 60 (vi) When any identifiable player on the player's or penalty bench, by means of his stick or his body, interferes with the movements of the puck or an opponent Rule 56

The Linesman must report upon completion of play, any circumstances pertaining to:

(vii) Major penalties Rule 20

(viii) Match penalties Rule 21

(ix) Misconduct penalties Rule 22

(x) Game Misconduct penalties Rule 23 (xi) Abuse of Officials Rule 39

(xii) Physical Abuse of Officials Rule 40 (xiii) Unsportsmanlike Conduct Rule 75 Should a Linesman witness an infraction (above) committed by an attacking player or goalkeeper (undetected by the Referee) prior to the attacking team scoring a goal, the Linesman shall report what he witnessed to the Referee, the goal shall be disallowed and the appropriate penalty assessed.

32.5. Stopping Play - The Linesman shall stop play:

(i) When premature substitution of the goalkeeper has occurred Rule 74

(ii) When he deems that a player has sustained a serious injury and this has gone undetected by the Referee Rule 8 (iii) For encroachment into the face-off area Rule 76

(iv) When the puck has been directed with a hand to a teammate in any zone other than the defending zone and this has gone undetected by the Referee Rule 79

(v) When the puck is struck by a stick above the normal height of the shoulders and this has gone undetected by the Referee Rule 80

(vi) When either team ices the puck Rule 81

(vii) When there has been interference by/with spectators Rule 23

(viii) For any infraction of the rules concerning an off-side play at the blue line Rule 83

(ix) When the puck is out of bounds or unplayable Rule 85

(x) When a goal has been scored that has not been observed by the Referee.

Rule 78

(xi) When the puck is interfered with by an ineligible player/person Rule 5, Rule 74, Rule 78, Rule 84.

(xii) The calling of a penalty shot under Rule 53 32.6. Unable to Continue - Should a Linesman appointed be unable to act at the last minute or through sickness or accident be unable to finish the game, the Referee shall have the power to appoint another in his stead, if they deem it necessary. If no replacement Linesman is available; the Referee will assist the remaining Linesman with his duties while still retaining his ability to assess penalties when deemed appropriate.

Rule 33 – Official Scorer

33.1. General Duties - Before the start of the game, the Official Scorer shall obtain from the Manager or Coach of both teams a list of all eligible players and the starting line-up of each team, which information shall be made known to the opposing Manager or Coach before the start of play. The Official Scorer shall secure the names of the Captain and Alternate Captains from the Manager or Coach at the time the lineups are collected and will indicate those nominated by placing the letter “C” or “A” opposite their names on the Official Report of Match form. The Official Scorer shall keep a record of the goals scored, the scorers, and players to whom assists have been credited and shall indicate those players on the lists who have actually taken part in the game. At the conclusion of the game, the Official Scorer shall complete and sign the Score Sheet form and forward same to the League office. The Official Scorer shall prepare the Official Report of Match form for signature by the Referee and forward it to the League office together with the Score Sheet and the Penalty Record forms. Under the Report of Match section, the Official Scorer must explain if the start of the game is delayed for any reason, any goalkeeper substitutions, time-outs, empty net goals,

any delays in the playing of the game due to injury or television, etc.

33.2. Goals and Assists - The Official Scorer shall award the points for goals and assists and his decision shall be final. The awards of points for goals and assists shall be announced twice over the public address system and all changes in such awards shall also be announced in the same manner. No requests for changes in any award of points shall be considered unless they are made at or before the conclusion of actual play in the game by the Team Captain, or following the game by a Team representative. A goal is awarded to the last player on the scoring team to touch the puck prior to the puck entering the net. (A puck entering the net is considered to be between the posts, from in front of, and below the crossbar, and entirely across the goal line.) An assist is awarded to the player or players (maximum two) who touches the puck prior to the goal scorer, provided no defender plays or possesses the puck in between.

Assists can be given to deserving players on a goal that has been awarded by the Referee, if the official Scorer deems that assists would have been given on the eventual goal anyway. When goals are scored in the final minute of a period where tenths of seconds are shown on the clock, the time of the goal shall be rounded up to the nearest second for the official records.

33.3. Line-ups - It is the policy of the APHL that the Coach of the visiting club provide to the Official Scorer, a list of eligible players, his starting line-up and designated Captain and Alternates, within five (5) minutes of the completion of the warm-up (twenty (20) minutes prior to face-off). This twenty (20) minutes gives the Official Scorer time to obtain the completed home team line-up, return it to the visiting Coach and provide a copy of both line-ups to the Referee. The Official Scorer should have an off-ice crew member assist him in order to save time and complete these duties. The Official Scorer must file a report to the Commissioner

or his designate if either Coach fails to cooperate within these recommended guidelines. This report should be forwarded to the APHL.

33.4. Location - The Official Scorer should view the game from an elevated position, well away from the players' benches, with house telephone communication to the public address announcer. He should also have access to a television monitor to aid in the awarding of points.

33.5. Penalties - The Official Scorer must help the Penalty Timekeeper with the numbers of the players on the ice, in the event a goalkeeper is assessed a penalty or a player is ejected from a game. He must also keep an eye on the players' benches during an altercation and record the numbers of any players who leave their respective players' or penalty benches and in the order that they so leave.

Rule 34 – Game Timekeeper

34.1. General Duties – The Game Timekeeper shall record the time of starting and finishing of each period in the game. During the game the Game Timekeeper will start the clock with the drop of the puck and stop the clock upon hearing the officials' whistle or the scoring of a goal. The Game Timekeeper shall cause to be announced over the public address system at the nineteenth minute in each period that there is one minute remaining to be played in the period.

34.2. Intermissions - For the purpose of keeping the spectators informed as to the time remaining during intermissions, the Game Timekeeper will use the electronic clock to record the length of intermissions. The clock will start for the intermission once the last official exits the ice surface upon termination of the period. Intermissions are 18 minutes (18:00) in length, unless otherwise notified. If there are unusual delays for any reason, (e.g.

altercation, building, ice, or ice resurfacing problems) it is important to use discretion in starting the clock.

34.3. Overtime - In the event of overtime in the regular season, the Game Timekeeper shall record a one (1) minute rest period on the clock. This time shall commence immediately following the end of the period. The rest period will be followed with a seven (7) minute, sudden victory overtime period. During overtime in the play-offs, each intermission will be 15 minutes (15:00) in length.

34.4. Signal Devices - If the arena is not equipped with an automatic signaling device or, if such device fails to function, the Game Timekeeper shall signal the end of each period by blowing a whistle.

34.5. Start of Periods - The Game Timekeeper shall signal the Referee and the competing teams for the start of the game and each succeeding period and the Referee shall start the play promptly in accordance with Rule 77 – Game and Intermission Timing. To assist in ensuring the prompt return to the ice of the teams and the officials, the Game Timekeeper shall give preliminary warnings of five (5) minutes and two (2) minutes prior to the resumption of play in each period.

34.6. Television - The Game Timekeeper is required to synchronize his timing device with the television producer of the originating broadcast

34.7. Verification of Time - Any loss of time on the game or penalty clocks due to a false face-off must be replaced as appropriate. In the event of any dispute regarding time, the matter shall be referred to the Referee for adjudication and their decision shall be final. The Game Timekeeper shall assist to verify game time using an additional timing device (League-approved stopwatch). In the event that clock fails to operate when play resumes, the on- ice officials may elect to stop play provided there is no imminent scoring opportunity or wait until the next

legitimate stoppage of play. In cooperation with the Game Timekeeper, the clock is to be re-set to the appropriate time.

Rule 35 – Penalty Timekeeper

35.1. General Duties – The Penalty Timekeeper shall keep, on the Penalty Record form, a correct record of all penalties imposed by the Referee including the names of the players penalized, the penalties assessed, the duration of each penalty and the time at which each penalty was imposed. The Penalty Timekeeper shall inform penalized players and the Penalty Box Attendants as to the correct expiration time of all penalties. In the event of a malfunction of the penalty time clock, the game clock shall be utilized to determine the expiration time of each penalty.

Otherwise, the penalty time clocks shall be the official timing device for all penalties that require a team to play with less than five skaters. Players shall only be released from the penalty box when indicated by the penalty time clock or as otherwise cover in the playing rules. The infraction of the rules for which each penalty has been imposed will be announced twice over the public address system as reported by the Referee. Where players of both teams are penalized at the same time, the penalty to the visiting player will be announced first. In situations where multiple game misconducts have been assessed to any one player at the same stoppage of play, only one game misconduct should be announced.

Misconduct penalties and coincident major penalties should not be recorded on the timing device (penalty time clock) but such penalized players should be alerted and released at the first stoppage of play following the expiration of their penalties. When a player is assessed a misconduct in addition to other penalties, the misconduct shall only commence after all other penalties have been served (or washed out by the scoring of a goal). If a player leaves the penalty bench before the time has expired, the Penalty Timekeeper must note the time and notify the Referee at his first

opportunity. It is the responsibility of the Penalty Timekeeper to ensure that penalized players return to the penalty box before the puck is dropped for the start of a new period. In the event that a penalized player is not in the penalty box, the Penalty Timekeeper should notify the Referee and prevent the game from resuming until the player is there.

35.2. Equipment - The Penalty Timekeeper shall have an official stick measuring gauge and tape measure available for the Referee to use during the game.

35.3. Goalkeeper's Penalties - In the event that a goalkeeper is penalized, the penalty shall be served by another member of his team who was on the ice when the offense was committed. Communication with the Official Scorer is important at this time as they can inform the Penalty Timekeeper who was actually on the ice to ensure only the proper players can serve the time.

35.4. Penalty Shot - He shall report on the Penalty Record form each penalty shot awarded, the name of the player taking the shot and the result of the shot.

35.5. Penalty Time Clock - He shall be responsible for the correct posting of penalties on the scoreboard at all times and shall promptly call to the attention of the Referee any discrepancy between the time recorded on the clock and the official correct time and he shall be responsible for making any adjustments ordered by the Referee. In the event that two players from one team and one player from the opposing team are penalized at the same time, the Penalty Timekeeper shall request through the Referee or the offending team's Captain, which penalty they prefer to have on the timing device.

35.6. Reports – Upon the completion of each game, the Penalty Timekeeper shall complete and sign the Penalty Record form and forward same to the League office. The Officiating Department shall be entitled to inspect, collect and forward to the League

office the actual worksheets used by the Penalty Timekeeper in any game. When a player is ejected from a game, the Penalty Timekeeper must complete a report of the incident (Off-Ice Officials Report of Game/Match Penalties). When there are more than one of these incidents, it is imperative to provide the Referee with accurate information for each incident so that his report(s) to the League office is correct. When penalties are assessed in the final minute of a period where tenths of seconds are shown on the clock, the time of the penalty shall be rounded up to the nearest second for official records.

35.7. Stick Measurements - He shall also record on the Penalty Record form the details and the result of any stick measurement performed by the Referee during the game.

35.8. Verification of Time - In the event that a goal is awarded even though play continued, the Penalty Timekeeper must adjust any existing penalties, according to the situation. The clock must revert back to the original time the goal was scored. If a penalty was in the process of being called, it will revert back to that time also.

Rule 36 – Goal Judge

36.1. General Duties - (Not required) The Goal Judge shall signal, normally by means of red light, a decision as to whether the puck passed between the goal posts and entirely over the goal line. The only decision is whether the puck actually entered the net, not how or when it went in. The light must be illuminated for a period of five (5) seconds each time the puck enters the net regardless of circumstances. It is up to the Referee to decide if it is a goal.

36.2. Communication - The Goal Judge must be connected to the penalty bench by a form of communication (usually phone) in the event that the Referee finds it necessary to consult with him.

36.3. Location - There shall be one Goal Judge situated behind each goal. Goal Judges shall be stationed behind the goals during the progress of play, in properly protected areas, if possible, so that there can be no interference with their activities. They shall not change goals during the game.

Rule 37 – Real Time Scorers

37.1. General Duties – The duty of the Real Time Scorers is to electronically record all official statistics for the game played. This data shall be compiled and recorded in strict conformity with the instructions provided by the League.

Rule 38 – Video Goal Judge –

Rule 39 – Abuse of Officials

39.1. General Description – A player, goalkeeper, Coach or non-playing person shall not challenge or dispute the rulings of an official before, during or after a game. A player, goalkeeper, Coach or non-playing person shall not display unsportsmanlike conduct including, but not limited to, obscene, profane or abusive language or gestures, comments of a personal nature intended to degrade an official, or persist in disputing a ruling after being told to stop or after being penalized for such behavior. sticks or other objects at any time, or who, in any manner show disrespect for an official's decision. If this is done in order to get the attention of the on-ice officials for a legitimate reason (i.e. serious injury, illness, etc.), then discretion must be exercised by the Referee. (iv) When a Captain, Alternate Captain or any other player or goalkeeper comes off the players' bench to question or protest a ruling by an official on the ice. (v) If a player bangs the glass in protest of the Goal Judge's ruling. If he persists, a misconduct penalty would then be assessed. (vi) If a penalized player is assessed an additional unsportsmanlike conduct penalty either before or after he begins serving his original penalty(ies), the additional minor penalty is added to his unexpired time and served consecutively.

39.3. Bench Minor Penalty - A bench minor penalty for unsportsmanlike conduct shall be assessed under this rule for the following infractions: (i) Any Coach or non-playing person who bangs the boards with a stick or other object at any time, showing disrespect for an official's decision. If this is done in order to get the attention of the on-ice officials for a legitimate reason (i.e. serious injury, illness, etc.), then discretion must be exercised by the Referee. (ii) (Any unidentifiable player or any Coach or non-playing person who uses obscene, profane or abusive language or gesture directed at an on or off-ice official to any person or uses the name of any official coupled with any vociferous remarks. (see also 39.5 (ii)) (iii) Any player, Coach, or non-playing person interferes in any manner with any game official including the Referee, Linesmen, Game or Penalty Timekeepers or Goal Judges in the performance of their duties.

39.4. (ii) Any player who intentionally knocks or shoots the puck out of the reach of an official who is retrieving it.

(iii) Any player who, after being assessed an unsportsmanlike conduct minor penalty, persists in challenging or disputing the ruling of an official.

(iv) Any player or players who bang the boards with their sticks or other objects at any time, showing disrespect for an official's decision, for which they have already been assessed a minor or bench minor penalty for unsportsmanlike conduct.

(v) Any player or players who, except for the purpose of taking their positions on the penalty bench, enter or remain in the Referee's crease while he is reporting to or consulting with any game official including the other Referee, the Linesmen, Game Timekeeper, Penalty Timekeeper, Official Scorer or Public Address Announcer.

(vi) A misconduct penalty (or game misconduct penalty at the discretion of the Referee) shall be imposed on any player who deliberately throws any equipment out of the playing area. When this is done in protest of an official's ruling, a minor penalty plus a game misconduct shall be assessed (see 39.5)

(vii) If a player after previously being assessed a minor penalty for unsportsmanlike conduct for banging the glass in protest of the Goal Judge's ruling, shall be assessed a misconduct penalty.

(viii) In general, participants displaying this type of behavior are assessed a minor, then a misconduct and then a game misconduct if they persist with this type of behavior.

39.5. Game Misconduct Penalty – Game misconduct penalties shall be assessed under this rule for the following infractions (i) Any player who, after being assessed a misconduct penalty, persists in challenging or disputing the ruling of an official. (ii) When a player, Coach or non-playing person uses obscene,

profane or abusive language or gesture directed at any On or Off-Ice Official or uses the name of any official coupled with any vociferous remarks, after already being assessed a bench minor penalty (39.3 (ii)), this Coach or non-playing person is to be assessed a game misconduct and the situation reported to the Commissioner for further action. When this type of conduct occurs after the expiration of the game, on or off the ice, the game misconduct shall be applied without the necessity of having been assessed a bench minor penalty previously. See Rule 75.5 and 75.6 Game Misconducts and Report (iii) Any player who deliberately applies physical force in any manner against an official, in any manner attempts to injure an official, physically demeans, or deliberately applies physical force to an official solely for the purpose of getting free of such an official during or immediately following an altercation shall receive a game misconduct penalty and the guidelines set out in Rule 40 – Physical Abuse of Officials are to be applied. (iv) Any player who, having entered the penalty bench, leaves the penalty bench prior to the expiration of his penalty for the purpose of challenging an official's ruling, shall be assessed a game misconduct penalty. He shall also be automatically suspended for the next three (3) regular League and/or Playoff games of his Club. This rule does not replace any other more severe penalty that may be imposed for leaving the penalty bench for the purpose of starting or participating in an altercation. See Rule 70 – Leaving the Bench. (v) A minor penalty for unsportsmanlike conduct plus a game misconduct shall be imposed on a player who throws his stick or any part thereof, or any other piece of equipment or object outside the playing area in protest of an official's decision. (vi) Any player, Coach or non-playing person who throws or shoots any equipment or other object in the general direction of an official but does not come close to making any contact. This action may occur on or off the ice. (vii) In general, participants displaying this type of behavior are assessed a minor, then a misconduct and then a game misconduct for this type of behavior. Any player,

goalkeeper, Coach or non-playing Club personnel penalized under this section may be subject to supplemental discipline under Rule 28. 39.6. Reports - It is the responsibility of all game officials and all club officials to send a confidential report to the Commissioner setting out the full details concerning the use of obscene gestures or language by any player, Coach or non-playing Club personnel. The Commissioner shall take such further disciplinary action as he deem appropriate.

Rule 40 – Physical Abuse of Officials

40.1. Game Misconduct - Any player who deliberately applies physical force in any manner against an official, in any manner attempts to injure an official, physically demeans, or deliberately applies physical force to an official solely for the purpose of getting free of such an official during or immediately following an altercation shall receive a game misconduct penalty. In addition, the following (40.2, 40.3, 40.4) disciplinary penalties shall apply.

40.2. Automatic Suspension – Category I - Any player who deliberately strikes an official and causes injury or who deliberately applies physical force in any manner against an official with intent to injure, or who in any manner attempts to injure an official shall be automatically suspended for not less than twenty (20) games. (For the purpose of the rule, “intent to injure” shall mean any physical force which a player or goalkeeper knew or should have known could reasonably be expected to cause injury.)

40.3. Automatic Suspension – Category II - Any player who deliberately applies physical force to an official in any manner (excluding actions as set out in Category I), which physical force is applied without intent to injure, or who spits on an official, shall be automatically suspended for not less than seven (7) games.

40.4. Automatic Suspension – Category III - Any player who, by his actions, physically demeans an official or physically threatens

an official by (but not limited to) throwing a stick or any other piece of equipment or object at or in the general direction of an official, shooting the puck at or in the general direction of an official, spitting at or in the general direction of an official, or who deliberately applies physical force to an official solely for the purpose of getting free of such an official during or immediately following an altercation shall be suspended for not less than three (3) games.

40.5. Automatic Suspension – Process - Immediately after the game in which such game misconduct penalty is imposed, the Referee shall, in consultation with the Linesmen, decide the category of the offense. They shall make a verbal report to the League's VicePresident of Hockey Operations and advise of the category and of the offense. In addition, they shall file a written report to the Vice President of Hockey Operations in which they may request a review as to the adequacy of the suspension. The player and the Club involved shall be notified of the decision of the Referee on the morning following the game. The player or the officials may request the Commissioner to review, subject to the provisions of this rule, the penalty imposed by the Referee. Such request must be filed with the Commissioner in writing not later than seventy-two (72) hours following notification of the penalty. If a review of the incident is requested by either the player, goalkeeper or by the officials, a hearing will be conducted by the Commissioner on an expedited basis, and best efforts will be used to provide a hearing before the second game missed by the player or goalkeeper due to the automatic suspension imposed under this rule. The player or goalkeeper's suspension shall continue pending the outcome of the hearing by the Commissioner. After any review as called for hereby, the Commissioner shall issue an order that: (i) sustaining the minimum suspension, or (ii) increasing the number of games within the category, or (iii) changing to a lower category, or (iv) changing to a lower category and increasing the number of games within this category, or (v) in the case of a Category III

suspension only, reducing the number of games of the suspension.

40.6. Supplementary Discipline - In the event that the player has committed more than one offense under this rule, in addition to the penalties imposed under this offense, his case shall be referred to the Commissioner of the league for consideration of supplementary disciplinary action.

40.7. Coach or Non-Playing Club Personnel - Any manager, coach or non- playing Club personnel who holds or strikes an official shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for further disciplinary action. **40.8. Police Protection and Security** - All Clubs shall provide adequate police or other protection for all players, goalkeepers and officials at all times. The Referee shall report to the VP of Hockey Operations any failure of this protection observed by him or reported to him with particulars of such failure.

SECTION 6 – PHYSICAL INFRACTIONS

Rule 41 - Boarding

41.1. Boarding – A boarding penalty shall be imposed on any player who checks or pushes a defenseless opponent in such a manner that causes the opponent to hit or impact the boards violently or dangerously. The severity of the penalty, based upon the impact with the boards, shall be at the discretion of the Referee. There is an enormous amount of judgment involved in the application of this rule by the Referee. The onus is on the player (or goalkeeper) applying the check to ensure his opponent is not in a defenseless position and if so, he must avoid or minimize contact. However, in determining whether such contact could have been avoided, the circumstances of the check, including whether the opponent put himself in a vulnerable position immediately prior to or simultaneously with the check or

whether the check was unavoidable can be considered. The balance must be considered by the Referee when applying this rule. Any unnecessary contact with a player playing the puck on an obvious “icing” or “off-side” play which results in that player hitting or impacting the boards is “boarding” and must be penalized as such. In other instances where there is no contact with the boards, it should be treated as “charging.” **41.2. Minor Penalty** – The Referee, at his discretion, may assess a minor penalty, based on the degree of violence of the impact with the boards, to a player guilty of boarding an opponent.

41.3. Major Penalty – The Referee, at his discretion, may assess a major penalty, based on the degree of violence of the impact with the boards; to a player guilty of boarding an opponent (see 41.5).

41.4. Match Penalty – The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by boarding. **41.5. Game Misconduct Penalty** - When a major penalty is imposed under this rule for an infraction that recklessly endangers an opponent, a game misconduct shall be imposed.

41.6. Fines and Suspensions - Any player or who incurs a total of three (3) game misconducts in the Checking related category during the Regular season, shall be suspended automatically for the next game of his team. For each subsequent game misconduct penalty the automatic suspension shall be increased by one game. There are no specified fines or suspensions for boarding, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 42 - Charging

42.1. Charging - A minor or major penalty shall be imposed on a player or goalkeeper who skates, jumps into, or charges an opponent in any manner. Charging shall mean the actions of a

player who, as a result of distance traveled, shall violently check an opponent in any manner.

A “charge” may be the result of a check into the boards, into the goal frame or in open ice. A minor, major or a major and a game misconduct shall be imposed on a player who charges a goalkeeper while the goalkeeper is within his goal crease. A goalkeeper is not “fair game” just because he is outside the goal crease area. The appropriate penalty should be assessed in every case where an opposing player makes unnecessary contact with a goalkeeper. However, incidental contact, at the discretion of the Referee, will be permitted when the goalkeeper is in the act of playing the puck outside his goal crease provided the attacking player has made a reasonable effort to avoid such contact.

42.2. Minor Penalty - The Referee, at his discretion, may assess a minor penalty, based on the degree of violence of the check, to a player guilty of charging an opponent.

42.3. Major Penalty – The Referee, at his discretion, may assess a major penalty, based on the degree of violence of the check; to a player guilty of charging an opponent (see 42.5).

42.4. Match Penalty – The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by charging. **42.5. Game Misconduct Penalty** - When a major penalty is imposed under this rule for an infraction that recklessly endangers an opponent, a game misconduct shall be imposed.

42.6. Fines and Suspensions – any player, who incurs a total of three (3) game misconducts in the Checking related category for charging during the Regular season, shall be suspended automatically for the next game of his team. For each subsequent game misconduct penalty the automatic suspension shall be increased by one game. There are no specified fines or

suspensions for charging, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 43 – Checking from Behind

43.1. Checking from Behind – A check from behind is a check delivered on a player who is not aware of the impending hit, therefore unable to protect or defend himself, and contact is made on the back part of the body. When a player intentionally turns his body to create contact with his back, no penalty shall be assessed.

43.2. Minor Penalty - There is no provision for a minor penalty for checking from behind.

43.3. Major Penalty – Any player who cross-checks, pushes or charges an opponent from behind who is unable to protect or defend himself, shall be assessed a major penalty. This penalty applies anywhere on the playing surface (see 43.5). **43.4. Match Penalty** - The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by checking from behind.

43.5. Game Misconduct – A game misconduct penalty must be assessed anytime a major penalty is applied for checking from behind.

43.6. Fines and Suspensions - Any player who incurs a total of three (3) game misconducts in the Checking related category, during the Regular season shall be suspended automatically for the next game of his team. For each subsequent game misconduct penalty the automatic suspension shall be increased by one game. There are no specified fines or suspensions for checking from behind, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 44 - Clipping

44.1. Clipping - Clipping is the act of throwing the body across or below the knees of an opponent from any direction. A player may not deliver a check in a “clipping” manner, nor lower his own body position to deliver a check on or below an opponent’s knees. An illegal “low hit” is a check that is delivered by a player or goalkeeper who may or may not have both skates on the ice, with his sole intent to check the opponent in the area of his knees. A player or goalkeeper may not lower his body position to deliver a check to an opponent’s knees.

44.2. Minor Penalty - A player who commits these infractions will be assessed a minor penalty for “clipping.” **44.3. Major Penalty** - If an injury occurs as a result of this “clipping” check, the player must be assessed a major penalty (see 44.5).

44.4. Match Penalty - The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by clipping. **44.5. Game Misconduct Penalty** - A game misconduct penalty must be assessed anytime a major penalty is applied for injuring an opponent by clipping.

44.6. Fines and Suspensions – There are no specified fines or suspensions for clipping, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 45 - Elbowing

45.1. Elbowing - Elbowing shall mean the use of an extended elbow in a manner that may or may not cause injury.

45.2. Minor Penalty - The Referee, at his discretion, may assess a minor penalty, based on the degree of violence, to a player guilty of elbowing an opponent.

45.3. Major Penalty - A major penalty, at the discretion of the Referee, shall be imposed on any player who uses his elbow to

foul an opponent. A major penalty must be imposed under this rule for an infraction that recklessly endangers an opponent (see 45.5).

45.4. Match Penalty - The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by elbowing.

45.5. Game Misconduct Penalty - When a major penalty is imposed under this rule for an infraction that recklessly endangers an opponent, a game misconduct penalty shall also be imposed.

45.6. Fines and Suspensions - There are no specified fines or suspensions for elbowing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 46 - Fighting

46.1. Fighting – A fight shall be deemed to have occurred when at least one player punches or attempts to punch an opponent repeatedly or when two players wrestle in such a manner as to make it difficult for the Linesmen to intervene and separate the combatants. The Referee is provided very wide latitude in the penalties with which they may impose under this rule. This is done intentionally to enable them to differentiate between the obvious degrees of responsibility of the participants either for starting the fight or persisting in continuing the fight. The discretion provided should be exercised realistically.

46.2. Aggressor – The aggressor in an altercation shall be the player who continues to throw punches in an attempt to inflict punishment on his opponent who is in a defenseless position or who is an unwilling combatant. A player must be deemed the aggressor when he has clearly won the fight but he continues throwing and landing punches in a further attempt to inflict punishment and/or injury on his opponent who is no longer in a position to defend himself. A player who is deemed to be the

aggressor of an altercation shall be assessed a major penalty for fighting and a game misconduct. A player who is deemed to be the aggressor of an altercation will have this recorded as an aggressor of an altercation for statistical and suspension purposes. When a player receives his third aggressor penalty in one Regular season, he is automatically suspended two (2) games. A player who is deemed to be both the instigator and aggressor of an altercation shall be assessed an instigating minor penalty, a major penalty for fighting, and a game misconduct penalty (aggressor).

46.3. Altercation - An altercation is a situation involving two players (including goalkeepers), with at least one to be penalized.

46.4. Clearing the Area of a Fight - When a fight occurs, all players not engaged shall go immediately to the area of their players' bench and in the event the altercation takes place at a players' bench, the players on the ice from that team shall go to their defending zone. Goalkeepers shall remain in their goal crease, except in the event the altercation takes place in the vicinity of the goal crease, and therefore shall obey the directions of the Referee. Failure to comply can result in penalties incurred for their involvement in and around the area and fines as outlined in 46.17.

46.5. Continuing or Attempting to Continue a Fight - Any player who persists in continuing or attempting to continue a fight or altercation after he has been ordered by the Referee to stop, or who resists a Linesman in the discharge of his duties shall, at the discretion of the Referee, incur a misconduct or game misconduct penalty in addition to any penalties imposed.

46.6. Helmets - No player may remove his helmet prior to engaging in a fight. If he should do so, he shall be assessed a two minute minor penalty for unsportsmanlike conduct. Helmets that

come off in the course of and resulting from the altercation will not result in a penalty to either player.

46.7. Fighting After the Original Altercation - A game misconduct penalty shall be imposed on any player who is assessed a major penalty for fighting after the original altercation. Notwithstanding this rule, at the discretion of the Referee, the automatic game misconduct penalty may be waived for a player or goalkeeper in the altercation if the opposing player was clearly the instigator of the altercation.

46.8. Fighting Off the Playing Surface - A misconduct or game misconduct penalty shall be imposed on any player involved in fighting off the playing surface or with another player who is off the playing surface. These penalties are in addition to any other time penalties assessed, including the major penalty for fighting. Whenever a Coach or other non-playing Club personnel becomes involved in an altercation with an opposing player, Coach or other non- playing Club personnel on or off the ice, shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for further disciplinary action.

46.9. Fighting Other Than During the Periods of the Game - Any teams whose players become involved in an altercation, other than during the periods of the game, shall be fined pursuant to 46.20, in addition to any other appropriate penalties that may be imposed upon the participating players by supplementary discipline or otherwise. Players involved in fighting other than during the periods of the game shall be assessed a major penalty and a game misconduct. Should one player be deemed the instigator of the fight, the game misconduct shall not be assessed to his opponent. Any player who would be deemed to be an instigator pursuant to this rule at a time other than during the periods of the game shall be suspended pursuant to 46.20. In the case of altercations taking place after the period or game the fine

under this rule shall be assessed only in the event that an altercation is commenced after the period or game has terminated. Should players come onto the ice from their players' benches after the period ends and prior to the start of an altercation, they shall not be penalized if they remain in the vicinity of their players' bench and provided they do not get involved in any altercations.

46.10. Fighting Prior to the Drop of the Puck – Unless this occurs prior to the start of the game or any period (see 46.9), a player or players who enter into a fight, prior to, at the drop of the puck, or immediately following any face-off during the game, shall be assessed an automatic game misconduct in addition to any penalties assessed. Should one player be deemed the instigator of the fight, the game misconduct shall not be assessed to his opponent. When, in the opinion of the Referee, specific personnel changes have been made by one or both teams late in a game and an altercation ensues, the appropriate penalties are to be assessed and the incident reported to the Commissioner immediately following the game for review and possible supplementary discipline under Rule 28.

46.11. Instigator - An instigator of an altercation shall be a player who by his actions or demeanor demonstrates any/some of the following criteria: distance traveled; gloves off first; first punch thrown; menacing attitude or posture; verbal instigation or threats; conduct in retaliation to a prior game (or season) incident; obvious retribution for a previous incident in the game or season. A player who is deemed to be the instigator of an altercation shall be assessed an instigating minor penalty and a major penalty. If the same player is deemed to be the instigator of a second altercation in the same game, he shall be assessed an instigating minor penalty, a major penalty for fighting and a game misconduct. When a player receives his third instigator penalty in one Regular season, he is automatically suspended one (1) game. A player who is deemed to be both the instigator and

aggressor of an altercation shall be assessed an instigating minor penalty, a major penalty for fighting and a game misconduct penalty (aggressor).

46.12. Instigator in Final Five Minutes of Regulation Time (or Anytime in Overtime) - A player who is deemed to be the instigator of an altercation in the final five (5) minutes of regulation time or at any time in overtime shall be assessed an instigator minor penalty, a major penalty for fighting, and a game misconduct penalty (see 46.22).

46.13. Jerseys - A player who deliberately removes his jersey prior to participating in an altercation or who is clearly wearing a jersey that has been modified and does not conform to Rule 9 – Uniforms, shall be assessed a minor penalty for unsportsmanlike conduct and a game misconduct. This is in addition to other penalties to be assessed to the participants of an altercation. If the altercation never materializes, the player or goalkeeper would receive a minor penalty for unsportsmanlike conduct and a ten-minute misconduct for deliberately removing his jersey. A player who engages in fisticuffs and whose elbow pad(s) are removed other than through the actions of his opponent in the altercation or through the actions of the linesman, shall be assessed a minor penalty for unsportsmanlike. A player who engages in a fight and whose jersey is removed (completely off his torso), other than through the actions of his opponent in the altercation or through the actions of the Linesman, shall be assessed a game misconduct penalty. A player who engages in a fight and whose jersey is not properly “tied-down” (jersey properly fastened to pants), and who loses his jersey (completely off his torso) in that altercation, shall receive a game misconduct penalty. If the player or goalkeeper loses his jersey despite the tie down remaining intact and attached to the pants, the game misconduct is not applicable, however this must be reported to the League office so that the jersey and the tie down can be examined. A player who is involved in an altercation, when the

opponent has been identified as an instigator or an aggressor, shall not be assessed a game misconduct penalty if his jersey should be removed by an opponent or an official in the discharge of his duties, regardless as to whether or not he was properly “tied-down” (jersey properly fastened to pants).

46.14. Major Penalty – A major penalty shall be imposed on any player who fights.

46.15. Match Penalty - Any player wearing tape or any other material on his hands (below the wrist) who cuts or injures an opponent during an altercation will receive a match penalty in addition to any other penalties imposed including for fighting under this rule. A match penalty shall be assessed to a player who punches an unsuspecting or unwilling opponent (i.e. “sucker punch”) and causes an injury.

46.16. Third Man In - A game misconduct penalty, at the discretion of the Referee, shall be imposed on any player who is the first to intervene (third man in) in an altercation already in progress except when a match penalty is being imposed in the original altercation. This penalty is in addition to any other penalties incurred in the same incident. This rule also applies to subsequent players who elect to intervene in the same or other altercations during the same stoppage of play.

46.17. Fines and Suspensions – Aggressor – (see 46.2) A player who is deemed to be the aggressor for the third time in one Regular season shall be suspended for the next two (2) regular season games of his team. For the fourth aggressor penalty in the same Regular season, the player or goalkeeper will be suspended for the next four (4) games of his team. For the fifth aggressor penalty in the same Regular season, the player or goalkeeper will be suspended for the next six (6) games of his team. During the Play-offs, any player who is deemed to be the aggressor for the second time shall be suspended automatically

for the next Play-off game of his team. For each subsequent aggressor violation during the Play-offs, the automatic suspension shall be increased by one game. Prior to the commencement of each Kelly Cup Final, a player or goalkeeper will have his current aggressor violations removed from his current playoff record. They will remain part of his historical record.

46.18. Fines and Suspensions – Clearing the Area of a Fight - Failure by players (or goalkeepers as required) to clear the area of a fight shall, in addition to the other penalties that may be assessed, result in a fine to the team of fifty dollars (\$50).

Such determination may be made by the Referee at the time of the incident or subsequently by the Commissioner or his designee based upon such reports and other information as he deems sufficient, including but not limited to Video. For the fifth instigator penalty in the same Regular season, the player or goalkeeper will be suspended for the next three games of his team. During the Play-offs, any player who is deemed to be the instigator of an altercation for the second time shall be suspended automatically for the next Play-off game of his team. For each subsequent instigator violation during the Play-offs, the automatic suspension shall be increased by one game. Prior to the commencement of each Kelly Cup Final, a player or goalkeeper will have his current instigator violations removed from his current playoff record. They will remain part of his historical record.

46.22. Fines and Suspensions – Instigator or Aggressor in Final Five Minutes of Regulation Time (or Anytime in Overtime) – A player or goalkeeper who is deemed to be the instigator or aggressor of an altercation in the final five (5) minutes of regulation time or at any time in overtime, shall automatically be suspended for one game. The Vice President of Hockey Operations may review such incident and may rescind the suspension based on a number of criteria.

46.23. Fines and Suspensions – Sucker Punch –In addition to the other penalties that may be assessed, a player who is deemed to have thrown a forceful or violent punch or punches on an unsuspecting, defenseless, or unwilling opponent may be

subject to supplementary discipline at the discretion of Hockey Operations.

Rule 48 - Illegal Check to the Head

48.1. Illegal Check to the Head - A hit resulting in contact with an opponent's head where the head was the main point of contact is not permitted. In determining whether contact with an opponent's head was avoidable, the circumstances of the hit including the following, shall be considered. (i) Whether the player attempted to hit squarely through the opponent's body and the head was not "picked" as a result of poor timing, poor angle of approach, or unnecessary extension of the body upward or outward. (ii) Whether the opponent put himself in a vulnerable position by assuming a posture that made head contact on an

otherwise full body check unavoidable. (iii) Whether the opponent materially changed the position of his body or head immediately prior to or simultaneously with the hit in a way that significantly contributed to head contact.

48.2. Minor Penalty - For violation of this rule, a minor penalty shall be assessed.

48.3. Major Penalty - There is no provision for a major penalty for this rule.

48.4. Game Misconduct - There is no provision for a game misconduct for this rule.

49.1. Kicking – The action of a player deliberately using his skate(s) with a kicking motion to propel the puck or to contact an opponent.

49.2. Goals - Kicking the puck shall be permitted in all zones. A goal cannot be scored by an attacking player who uses a distinct kicking motion to propel the puck into the net with his skate/foot. A goal cannot be scored by an attacking player who kicks a puck that deflects into the net off any player, goalkeeper or official. A puck that deflects into the net off an attacking player's skate who does not use a distinct kicking motion is a legitimate goal. A puck that is directed into the net by an attacking player's skate shall be a legitimate goal as long as no distinct kicking motion is evident. The following should clarify deflections following a kicked puck that enters the goal:

(i) A kicked puck that deflects off the body of any player of either team (including the goalkeeper) shall be ruled no goal.

(ii) A kicked puck that deflects off the stick of any player (excluding the goalkeeper's stick) shall be ruled a good goal. (iii) A goal will be allowed when an attacking player kicks the puck and the puck deflects off his own stick and then into the net.

(iv) A goal will be allowed when a puck enters the goal after deflecting off an attacking player's skate or deflects off his skate while he is in the process of stopping. A goal cannot be scored by an attacking player who kicks any equipment (stick, glove, helmet, etc.) at the puck, including kicking the blade of his own stick, causing the puck to cross the goal line.

49.3. Match Penalty – A match penalty shall be imposed on any player who kicks or attempts to kick another player. Whether or not an injury occurs, the Referee will impose a five (5) minute time penalty under this rule.

49.4. Fines and Suspensions - There are no specified fines or suspensions for kicking and opponent, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28). Rule 50 - Kneeing

50.1. Kneeing - Kneeing is the act of a player leading with his knee and in some cases extending his leg outwards to make contact with his opponent.

50.2. Minor Penalty - The Referee, at his discretion, may assess a minor penalty, based on the severity of the infraction, to a player guilty of kneeling an opponent.

50.3. Major Penalty - The Referee, at his discretion, may assess a major penalty, based on the severity of the infraction; to a player guilty of kneeling an opponent (see 50.5).

50.4. Match Penalty – The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by kneeling. **50.5. Game**

Misconduct Penalty - When a player has been assessed a

major penalty for kneeing he shall also be assessed a Game Misconduct.

50.6. Fines and Suspensions - There are no specified fines or suspensions for kneeing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 51 - Roughing

51.1. Roughing – Roughing is a punching or slamming motion, with or without the glove on the hand, normally directed at the head or face of an opponent, or if a player intentionally removes an opponent's helmet during play pursuant to Rule 9.6. Roughing is a minor altercation that is not worthy of a major penalty to either participant. (An altercation is a situation involving two players, including goalkeepers, with at least one to be penalized).

51.2. Minor Penalty - A minor penalty shall be imposed on a player who strikes an opponent with his hand or fist, or if a player intentionally removes an opponent's helmet during play pursuant to Rule 9.6.

Fines and Suspensions - There are no specified fines or suspensions for roughing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28), provided, however, supplementary discipline cannot be applied to a player for intentionally removing an opponent's helmet during play pursuant to Rule 9.6.

Rule 52 – Slew-footing

52.1. Slew-footing - Slew-footing is the act of a player using his leg or foot to knock or kick an opponent's feet from under him, or pushing an opponent's upper body backward with an arm or elbow, and at the same time with a forward motion of his leg, knocking or kicking the opponent's feet from under him, causing him to fall violently to the ice.

52.2. Match Penalty - Any player or goalkeeper who is guilty of slew footing shall be assessed a match penalty. 52.3. Fines and Suspensions - There are no specified fines or suspensions for slew-footing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28). Rule 53 – Throwing Equipment

53.1. Throwing Equipment – A player shall not throw a stick or any other object in any zone. A player who has lost or broken his stick may only receive a stick at his own players' bench or be handed one from a teammate on the ice (see 10.3).

53.2. Minor Penalty - A minor penalty shall be imposed on any player on the ice who throws his stick or any part thereof or any other object in the direction of the puck or an opponent in any zone, except when such act has been penalized by the assessment of a penalty shot or the awarding of a goal. When a defending player or goalkeeper shoots or throws a stick or any other object at the puck or the puck carrier in the defending zone but does not interfere in any manner with the puck or puck carrier, a minor penalty shall be assessed. When the player or goalkeeper discards the broken portion of a stick or some other object by tossing it or shooting it to the side of the ice (and not over the boards) in such a way as will not interfere with play or opposing player, no penalty will be imposed for so doing. When moving a stick that is not broken, no penalty shall be assessed as long as it does not interfere with the play and the player or goalkeeper who lost said stick is not attempting to retrieve it, otherwise an interference penalty must be assessed. A minor

penalty for unsportsmanlike conduct plus a game misconduct penalty shall be imposed on a player or goalkeeper who throws his stick or any part thereof or any other object or piece of equipment outside the playing area in protest of an official's decision.

53.3. Bench Minor Penalty – Should any player, Coach, or non-playing person on the players' bench or penalty bench throw anything on the ice during the progress of the game or during a stoppage of play, a bench minor penalty for unsportsmanlike conduct shall be assessed. See 75.3.

53.4. Misconduct or Game Misconduct Penalty - A misconduct penalty, shall be imposed on a player who unintentionally/accidentally throws his stick or any part thereof or any other object or piece of equipment outside the playing area. If the offense is committed intentionally, a minor for delay of game plus a game misconduct penalty shall be assessed to the offending player or goalkeeper. If the offense is committed in protest of an official's decision, a minor penalty for unsportsmanlike conduct plus a game misconduct penalty shall be assessed to the offending player or goalkeeper.

53.5. Match Penalty – If a player attempts to or deliberately injures an opponent by throwing a stick or any other object or piece of equipment at an opposing player, Coach or non-playing club person, he shall be assessed a match penalty. If injury results from the thrown object, a match penalty must be assessed for deliberate injury of an opponent.

53.6. Penalty Shot - When any member of the defending team, including the Coach or any non-playing person, throws or shoots any part of a stick or any other object or piece of equipment at the puck or puck carrier in his defending zone, the Referee or Linesman shall allow the play to be completed and if a goal is not scored, a penalty shot shall be awarded to the non-offending

team. This shot shall be taken by the player designated by the Referee as the player fouled. If the officials are unable to determine the person against whom the offense was made, the non-offending team, through the Captain, shall designate a player on the ice at the time the offense was committed to take the shot. If a player on a breakaway in the neutral or attacking zone is interfered with by a stick or any other object or piece of equipment that is thrown by any member of the defending team, including the Coach or any non-playing club person, a penalty shot shall be awarded to the non-offending team. See also Rule 57.3 – Tripping for infractions from behind to a player on a breakaway. If a player on a breakaway in the neutral or attacking zone is interfered with by an object thrown on the ice by a spectator that causes him to lose possession of the puck or to fall, the Referee shall award a penalty shot to the player who was fouled.

53.7. Awarded Goal - If, when the opposing goalkeeper has been removed, a member of the defending team, including the Coach or any non- playing person, throws or shoots any part of a stick or any other object or piece of equipment at the puck or puck carrier in the neutral or his own defending zone, thereby preventing the puck carrier from having a clear shot on an “open net”, a goal shall be awarded to the attacking side. For the purpose of this rule, an “open net” is defined as one from which a goalkeeper has been removed for an additional attacking player. The goalkeeper is considered off the ice once the replacement player has entered the playing surface.

53.8. Fines and Suspensions - There are no specified fines or suspensions for throwing equipment, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

SECTION 7 – RESTRAINING INFRACTIONS

Rule 54 – Holding

54.1. Holding – Any action by a player that restrains or impedes the progress of an opposing player whether or not he is in possession of the puck.

54.2. Minor Penalty - A minor penalty shall be imposed on a player who holds an opponent by using his hands, arms or legs. A player or goalkeeper is permitted to use his arm in a strength move, by blocking his opponent, provided he has body position and is not using his hands in a holding manner, when doing so. A player or goalkeeper is not permitted to hold an opponent's stick. A minor penalty shall be assessed to a player or goalkeeper who holds an opponent's stick (assessed and announced as "holding the stick"). A player is permitted to protect himself by defending against an opponent's stick. He must immediately release the stick and allow the player to resume normal play.

54.3. Penalty Shot – refer to Rule 57.3 – Tripping.

54.4. Awarded Goal – refer to Rule 57.4 – Tripping.

Rule 55 – Hooking

55.1. Hooking - Hooking is the act of using the stick in a manner that enables a player to restrain an opponent. When a player is checking another in such a way that there is only stick-to-stick contact, such action is not to be penalized as hooking.

55.2. Minor Penalty - A minor penalty shall be imposed on a player who impedes the progress of an opponent by "hooking" with his stick. A minor penalty for hooking shall be assessed to any player or goalkeeper who uses the shaft of the stick above the upper hand to hold or hook an opponent. **55.3. Major Penalty** - A major penalty shall be imposed on any player who injures an opponent by "hooking" (see 55.4). **55.4. Game Misconduct** – When a major penalty has been assessed for hooking as a result of an injury to an opponent, a game misconduct penalty must also be assessed.

55.5. Penalty Shot – refer to Rule 57.3 – Tripping.

55.6. Awarded Goal – refer to Rule 57.4 – Tripping.

55.7. Fines and Suspensions - There are no specified fines or suspensions for hooking, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 56 – Interference

56.1. Interference - A strict standard on acts of interference must be adhered to in all areas of the rink. **Body Position:** Body position shall be determined as the player skating in front of or beside his opponent, traveling in the same direction. A player who is behind an opponent, who does not have the puck, may not use his stick, body or free hand in order to restrain his opponent, but must skate in order to gain or reestablish his proper position in order to make a check. A player is allowed the ice he is standing on (body position) and is not required to move in order to let an opponent proceed. A player may “block” the path of an opponent provided he is in front of his opponent and moving in the same direction. Moving laterally and without establishing body position, then making contact with the non-puck carrier is not permitted and will be penalized as interference. A player is always entitled to use his body position to lengthen an opponent’s path to the puck, provided his stick is not utilized (to make himself “bigger” and therefore considerably lengthening the distance his opponent must travel to get where he is going); his free hand is not used and he does not take advantage of his body position to deliver an otherwise illegal check. **Possession of the Puck:** The last player to touch the puck, other than the goalkeeper, shall be considered the player in possession. The player deemed in possession of the puck may be checked legally, provided the check is rendered immediately following his loss of possession. **Restrain:** The actions of a player who does not have body position, but instead

uses illegal means (e.g. hook with stick; hold with hands, trip with the stick or in any manner) to impede an opponent who is not in possession of the puck. Illegal means are acts which allow a player or goalkeeper to establish, maintain or restore body position other than by skating.

Pick: A "pick" is the action of a player who checks an opponent who is not in possession of the puck and is unaware of the impending check/hit. A player who is aware of an impending hit, not deemed to be a legal "battle for the puck," may not be interfered with by a player or goalkeeper delivering a "pick." A player or goalkeeper delivering a "pick" is one who moves into an opponent's path without initially having body position, thereby taking him out of the play. When this is done, an interference penalty shall be assessed. Free Hand: When a free hand is used to hold, pull, tug, grab or physically restrain an opponent from moving freely, this must be penalized as holding. The free hand may be used by a player to "fend off" an opponent or his stick, but may not be used to hold an opponent's stick or body. Stick: A player who does not have body position on his opponent, who uses his stick (either the blade or the shaft, including the buttend of the shaft) to impede or prevent his opponent from moving freely on the ice shall be assessed a hooking penalty. 56.2. Minor Penalty - A minor penalty shall be imposed on a player who interferes with or impedes the progress of an opponent who is not in possession of the puck. A minor penalty shall be imposed on a player who restrains an opponent who is attempting to "fore-check." A minor penalty shall be imposed on an attacking player who deliberately checks a defensive player, including the goalkeeper, who is not in possession of the puck. Any contact between opposing players while pursuing the puck on an icing must be for the sole purpose of playing the puck and not for eliminating the opponent from playing the puck. Unnecessary or dangerous contact could result in penalties being assessed to the offending player. A minor penalty shall be imposed on a player

who shall cause an opponent who is not in possession of the puck to be forced off-side, causing a stoppage in play. If this action causes a delayed off-side (and not necessarily a stoppage in play), then the application of a penalty for interference is subject to the judgment of the Referee. A minor penalty shall be imposed on a player who deliberately knocks a stick out of an opponent's hand, or who prevents a player who has dropped his stick or any other piece of equipment from regaining possession of it. A minor penalty shall be imposed on a player who knocks or shoots any abandoned or broken stick or illegal puck or other debris towards an opposing puck carrier in a manner that could cause him to be distracted. (See also Rule 53 – Throwing Equipment.)

A minor penalty shall be imposed on any identifiable player on the players' bench or penalty bench who, by means of his stick or his body, interferes with the movements of the puck or any opponent on the ice during the progress of the play. In addition, should a player about to come onto the ice, play the puck while one or both skates are still on the players' or penalty bench, a minor penalty for interference shall be assessed. The appropriate penalty according to the playing rules shall be assessed when a player on the players' or penalty bench gets involved with an opponent on the ice during a stoppage in play. The player(s) involved may be subject to additional sanctions as appropriate pursuant to Rule 28 – Supplementary Discipline.

56.3. Bench Minor Penalty - A bench minor penalty shall be imposed when an unidentifiable player on the players' bench or penalty bench or any Coach or non-playing Club personnel who, by means of his stick or his body, interferes with the movements of the puck or any opponent on the ice during the progress of the play.

56.4. Major Penalty - The Referee, at his discretion, may assess a major penalty, based on the degree of violence, to a player guilty of interfering with an opponent (see 56.5).

56.5. Game Misconduct Penalty – When a major penalty is imposed under this rule for an infraction resulting in an injury of an opponent, a game misconduct shall be imposed.

56.6. Penalty Shot - When a player in control of the puck in the neutral or attacking zone and having no other opponent to pass than the goalkeeper is interfered with by a stick or any part thereof or any other object or piece of equipment thrown or shot by any member of the defending team including the Coach or non-playing Club personnel, a penalty shot shall be awarded to the non-offending team. When a Coach or non-playing Club personnel is guilty of such an act, he shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for possible further disciplinary action.

56.7. Awarded Goal - If, when the goalkeeper has been removed from the ice, any member of his team (including the goalkeeper) not legally on the ice, including the Coach or non-playing Club personnel, interferes by means of his body, stick or any other object or piece of equipment with the movements of the puck or an opposing player in the neutral or attacking zone, the Referee shall immediately award a goal to the non-offending team. When a Coach or non-playing Club personnel is guilty of such an act, he shall be automatically suspended from the game, ordered to the dressing room and the matter will be reported to the Commissioner for possible further disciplinary action.

Rule 57 – Tripping

57.1. Tripping – A player shall not place the stick, knee, foot, arm, hand or elbow in such a manner that causes his opponent to trip or fall. Accidental trips which occur simultaneously with a

completed play will not be penalized. Accidental trips occurring simultaneously with or after a stoppage of play will not be penalized.

57.2. Minor Penalty - A minor penalty shall be imposed on any player who shall place his stick or any portion of his body in such a manner that it shall cause his opponent to trip and fall.

57.3. Penalty Shot - When a player, in the neutral or attacking zone, in control of the puck (or who could have obtained possession and control of the puck) and having no other opponent to pass than the goalkeeper, is tripped or otherwise fouled from behind, thus preventing a reasonable scoring opportunity, a penalty shot shall be awarded to the non-offending team. Nevertheless, the Referee shall not stop play until the attacking team has lost possession of the puck to the defending team. The intention of this rule is to restore a reasonable scoring opportunity which has been lost. If, however, the player fouled is able to recover and obtain a reasonable scoring opportunity (or a teammate is able to gain a reasonable scoring opportunity), no penalty shot should be awarded but the appropriate penalty should be signaled and assessed if a goal is not scored on the play. "Control of the puck" means the act of propelling the puck with the stick, hand or feet. In order for a penalty shot to be awarded for a player being fouled from behind, the following four (4) criteria must have been met:

(i) The infraction must have taken place in the neutral or attacking zone (i.e. over the puck carrier's own blue line).

(ii) The infraction must have been committed from behind.

(iii) The player in possession and control (or, in the judgment of the Referee, the player clearly would have obtained possession and control of the puck) must have been denied a reasonable chance to score. The fact that the player got a shot off does not automatically eliminate this play from the penalty shot

consideration criteria. If the infraction was from behind and the player was denied a “more” reasonable scoring opportunity due to the infraction, then the penalty shot should still be awarded.

(iv) The player in possession and control (or, in the judgment of the Referee, the player clearly would have obtained possession and control) must have had no opposing player between himself and the goalkeeper. If, in the opinion of the referee, a player makes contact with the puck first and subsequently trips the opponent in so doing, no penalty shot will be awarded, but a minor penalty for tripping shall be assessed. It should be noted that if the attacking player manages to get around the goalkeeper and has no defending player between him and the open goal, and he is fouled from behind by the goalkeeper or another defending player, no goal can be awarded since the goalkeeper is still on the ice. A penalty shot would be awarded.

57.4. Awarded Goal - If, when the opposing goalkeeper has been removed from the ice, a player in control of the puck (or who could have obtained possession and control of the puck) in the neutral or attacking zone is tripped or otherwise fouled with no opposition between him and the opposing goal, thus preventing a reasonable scoring opportunity, the Referee shall immediately stop play and award a goal to the attacking team. See Rule 57.3 (iii) Penalty Shot

SECTION 8 – STICK INFRACTIONS

Rule 58 – Butt-ending

58.1. Butt-ending – The action whereby a player uses the shaft of the stick, above the upper hand, to check an opposing player in any manner or jabs or attempts to jab an opposing player with this part of the stick.

58.2. Double-minor Penalty - A double-minor penalty will be imposed on a player who attempts to butt-end an opponent. **58.3.**

Major Penalty - A major penalty shall be imposed on a player who butt-ends an opponent (see section 58.5).

58.4. Match Penalty - A match penalty shall be imposed on a player who injures an opponent as a result of a butt-end. **58.5.**

Game Misconduct Penalty – When a major penalty is imposed for butt-ending, a game misconduct penalty must also be assessed.

58.6. Fines and Suspensions - There are no specified fines or suspensions for butt-ending, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 59 – Cross-checking

59.1. Cross-checking – The action of using the shaft of the stick between the two hands to forcefully check an opponent. **59.2.**

Minor Penalty - A minor penalty, at the discretion of the Referee based on the severity of the contact, shall be imposed on a player who “cross checks” an opponent.

59.3. Major Penalty - A major penalty, at the discretion of the Referee based on the severity of the contact, shall be imposed on a player who “cross checks” an opponent (see 59.5).

59.4. Match Penalty – The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by cross-checking.

59.5. Game Misconduct Penalty - When a major penalty is assessed for cross-checking, an automatic game misconduct penalty shall be imposed on the offending player. **59.6. Fines and Suspensions** - There are no specified fines or suspensions for cross-checking, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 60 – High-sticking

60.1. High-sticking – For “high-sticking the puck”, refer to Rule 80. A “high stick” is one which is carried above the height of the opponent’s shoulders. Players and goalkeepers must be in control and responsible for their stick. However, a player is permitted accidental contact on an opponent if the act is committed as a normal wind up or follow through of a shooting motion, or accidental contact on the opposing center that is bent over during the course of a face-off. A wild swing at a bouncing puck would not be considered a normal wind up or follow through and any contact to an opponent above the height of the shoulders shall be penalized accordingly.

60.2. Minor Penalty - Any contact made by a stick on an opponent above the shoulders is prohibited and a minor penalty shall be imposed.

60.3. Double-minor Penalty - When a player carries or holds any part of his stick above the shoulders and makes contact with his opponent’s neck, face or head so that injury results, in the manner of drawing blood or otherwise, the Referee or Linesman shall assess a double minor penalty.

60.4. Match Penalty – When, in the opinion of the Referee, a player attempts to or deliberately injures an opponent while carrying or holding any part of his stick above the shoulders of the opponent, the Referee shall assess a match penalty to the offending player.

60.5. Fines and Suspensions - There are no specified fines or suspensions or high-sticking, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 61 – Slashing

61.1. Slashing - Slashing is the act of a player swinging his stick at an opponent, whether contact is made or not. Non-aggressive stick contact to the pant or front of the shin pads, should not be penalized as slashing. Any forceful or powerful chop with the stick on an opponent's body, the opponent's stick, on or near the opponent's hands that, in the judgment of the Referee, is not an attempt to play the puck, shall be penalized as slashing.

61.2. Minor Penalty - A minor penalty, at the discretion of the Referee based on the severity of the contact, shall be imposed on a player who slashes an opponent.

61.3. Major Penalty - A major penalty, at the discretion of the Referee based on the severity of the contact, shall be imposed on a player who slashes an opponent. When injury occurs, a major penalty must be assessed under this rule (see 61.5).

61.4. Match Penalty – The Referee, at his discretion, may assess a match penalty if, in his judgment, the player attempted to or deliberately injured his opponent by slashing. **61.5. Game Misconduct Penalty** – Whenever a major penalty is assessed for slashing, a game misconduct penalty must also be imposed.

61.6. Penalty Shot – refer to Rule 57.3 – Tripping.

61.7. Awarded Goal – refer to Rule 57.4 – Tripping.

61.8. Fines and Suspensions - There are no specified fines or suspensions for slashing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 62 – Spearing

62.1. Spearing - Spearing shall mean stabbing an opponent with the point of the stick blade, whether contact is made or not.

62.2. Double-minor Penalty - A double-minor penalty will be imposed on a player who spears at an opponent and does not make contact.

62.3. Major Penalty - A major penalty shall be imposed on a player who spears an opponent (see 62.5).

62.4. Match Penalty - A match penalty shall be imposed on a player who injures an opponent as a result of a spear.

62.5. Game Misconduct Penalty - Whenever a major penalty is assessed for spearing, a game misconduct penalty must also be imposed.

62.6. Fines and Suspensions - There are no specified fines or suspensions for spearing, however, supplementary discipline can be applied by the Commissioner at his discretion (refer to Rule 28).

Rule 63 – Delaying the Game

63.1. Delaying the Game – A player or a team may be penalized when, in the opinion of the Referee, is delaying the game in any manner.

63.2. Minor Penalty - A minor penalty shall be imposed on any player who holds, freezes or plays the puck with his stick, skates or body in such a manner as to deliberately cause a stoppage of play. With regard to a goalkeeper, this rule applies outside of his goal crease area.

A minor penalty for delay of game shall be imposed on any player or goalkeeper who deliberately shoots or bats (using his hand or his stick) the puck outside the playing area (from anywhere on the ice surface) during the play or after a stoppage of play.

When a player or goalkeeper shoots or bats (using his hand or his stick) the puck directly (non-deflected) out of the playing surface from his defending zone, except where there is no glass, a

penalty shall be assessed for delaying the game. The determining factor shall be the position of the puck when it was shot or batted by the offending player. If contact with the puck occurs while the puck is inside the defending zone and subsequently goes out of play, the minor penalty shall be assessed. When the puck is shot into the players' bench, the penalty will not apply. When the puck is shot over the glass behind the players bench, the penalty will be assessed.

When the puck goes out of the playing area directly off a face-off, no penalty shall be assessed. A minor penalty shall be imposed on any player (including the goalkeeper) who delays the game by deliberately displacing a goal post from its normal position. The referee shall stop play immediately when the offending team gains control of the puck. In the event that a goal post is deliberately displaced by a defending player or goalkeeper, prior to the puck crossing the goal line between the normal position of the goal posts, the Referee shall assess a minor penalty for delaying the game if the attacking player has not yet taken the shot or in the act of taking the shot at the open net (see 63.6). When the net is accidentally displaced by an attacking player, and the defending side is in control of the puck and moving out of their zone, play shall be permitted to continue until such time as the non-offending team loses control of the puck. The resulting face-off will take place at a face-off spot in the zone nearest the location where the play was stopped, unless it is in the non-offending team's defending zone, and as such the ensuing face-off would be outside the blue line at one of the face-off spots in the neutral zone. It is possible for a goal to be scored at one end of the rink while the net at the other end has been dislodged, provided that the team being scored upon is the team responsible for dislodging the net at the other end of the rink.

A minor penalty shall be imposed on a player other than the goalkeeper who deliberately falls on or gathers the puck into his body. Any player who drops to his knees to block a shot should

not be penalized if the puck is shot under him or becomes lodged in his clothing or equipment but any use of the hands to make the puck unplayable should be penalized promptly.

If a goalkeeper comes out of his crease to “cut down the angle” on a shot and after making the save covers the puck, this shall be legal. If the goalkeeper races out of his crease in an attempt to beat the attacking player to the puck and instead of playing the puck jumps on the puck causing a stoppage of play, this shall be a minor penalty for delay of game. A minor penalty shall be imposed on a goalkeeper who, when he is in his own goal crease, deliberately falls on or gathers the puck into his body or who holds or places the puck against any part of the goal in such a manner as to cause a stoppage of play unless he is actually being checked by an opponent. A goalkeeper shall not play the puck outside of the designated area behind the net. Should the goalkeeper play the puck outside of the designated area behind the goal line, a minor penalty for delay of game shall be imposed. The determining factor shall be the position of the puck. The minor penalty will not be assessed when a goalkeeper plays the puck while maintaining skate contact with his goal crease. Play shall not be stopped nor the game delayed by reasons of adjustments to clothing, equipment, skates or sticks. For an infringement of this rule, a minor penalty shall be given. No penalty should be assessed when a water bottle is delivered to a goalkeeper, however, this should be conducted during time-outs and if, in the opinion of the Referee, it is being done to intentionally delay the game, a minor penalty may be assessed. No delay shall be permitted for the repair or adjustment of goalkeeper’s equipment. If adjustments are required, the goalkeeper shall leave the ice and his place shall be taken by the substitute goalkeeper immediately. For an infraction of this rule by a goalkeeper, a minor penalty shall be imposed.

63.3. Bench Minor Penalty - A bench minor penalty shall be imposed upon any Team which, after warning by the Referee to

its Captain or Alternate Captain to place the correct number of players on the ice and commence play, fails to comply with the Referee's direction and thereby causes any delay by making additional substitutions (including, but not limited to, continually substituting goalkeepers for the purpose of stalling or delaying the game), by persisting in having its players off-side, or in any other manner. 63.4. Objects Thrown on the Ice – In the event that objects are thrown on the ice that interfere with the progress of the game, the Referee shall blow the whistle and stop the play and the puck shall be faced off at a face-off spot in the zone nearest to the spot where play is stopped. When objects are thrown on the ice during a stoppage in play, including after the scoring of a goal, the Referee shall have announced over the public address system that any further occurrences will result in a bench minor penalty being assessed to the home Team. Articles thrown onto the ice following a special occasion (i.e. hat trick) will not result in a bench minor penalty being assessed.

63.5. Penalty Shot - If by reason of insufficient time in the regular playing time or by reason of penalties already imposed, the minor penalty assessed to a player or goalkeeper for deliberately displacing his own goal post cannot be served in its entirety within the regular playing time of the game or at any time in overtime, a penalty shot shall be awarded against the offending team.

No defending player, except the goalkeeper, will be permitted to fall on the puck, hold the puck, pick up the puck, or gather the puck into the body or hands when the puck is within the goal crease. For infringement of this rule, play shall immediately be stopped and a penalty shot shall be ordered against the offending team, but no other penalty shall be given. The rule shall be interpreted so that a penalty shot will be awarded only when the puck is in the crease at the instant the offense occurs. However, in cases where the puck is outside the crease, Rule 63 may still apply and a minor penalty may be imposed, even though no penalty shot is awarded. The significant factor when determining

whether or not a penalty shot is warranted is the location of the puck at the time it was held, grabbed or gathered into the body. If the puck is in the crease, penalty shot. If the puck is outside the crease and gathered into the body of a player (other than the goalkeeper who is inside the crease, minor penalty). See also

Rule 67 - Handling Puck.

63.6. Awarded Goal - In the event that the goal post is displaced, either deliberately or accidentally, by a defending player prior to the puck crossing the goal line between the normal position of the goal posts, the Referee may award a goal. In order to award a goal in this situation, the goal post must have been displaced by the actions of a defending player, the attacking player must have an imminent scoring opportunity prior to the goal post being displaced, and it must be determined that the puck would have entered the net between the normal position of the goal posts. If the goal post is deliberately displaced by a goalkeeper during the course of a “breakaway,” a goal will be awarded to the non offending team. When the goal post has been displaced deliberately by the defending team when their goalkeeper has been removed for an extra attacker thereby preventing an impending goal by the attacking team, the Referee shall award a goal to the attacking team. The goal frame is considered to be displaced if either or both goal pegs are no longer in their respective holes in the ice, or the net has come completely off one or both pegs, prior to or as the puck enters the goal.

63.7. No Line Change – In the event that the goal post is displaced accidentally by a defending skater causing a stoppage in play, the ensuing face-off shall be conducted at one of the end zone face-off spots in the defending zone. The offending team shall not be permitted to make any player substitutions prior to the face-off. However, a team shall be permitted to make a player substitution to replace a goalkeeper who had been substituted for an extra attacker, to replace an injured player, or when a penalty

has been assessed which affects the on-ice strength of either team. In the event that the puck is shot into the end zone by the attacking team from their own side of the center red line, and the opposing goalkeeper freezes the puck resulting in a stoppage of play, the ensuing face-off shall be conducted at one of the end zone face-off spots in the goalkeeper's defending zone. The defending team shall not be permitted to make any player substitutions prior to the face-off. However, a team shall be permitted to make a player substitution to replace an injured player, or when a penalty has been assessed which affects the on-ice strength of either team.

In addition, for both situations outlined in this section, for the ensuing face-off in the defending zone, the attacking team will have the choice of which end zone dot the face-off will take place.

63.8. Infractions – The following list of infractions shall result in a penalty (minor, bench minor, penalty shot or awarded goal) being imposed by the Referee for delaying the game:

- (i) Deliberately shooting the puck out of play.
- (ii) Deliberately throwing or batting the puck out of play.
- (iii) Shooting or batting the puck (with the hand or with the stick) over the glass from the defending zone.
- (iv) Deliberately displacing the goal from its normal position (or accidentally by a defending player or goalkeeper in relation to the awarding of a goal).
- (v) Refusing to place the correct number of players on the ice. (vi) Persisting in having players in an off-side position. (vii) Deliberately falling on the puck.
- (viii) Adjustment of clothing or equipment.

63.9. Puck Shot Into The Spectator Area – Any player or goalkeeper who shoots or flips the puck outside the playing

surface after a whistle into a spectator area not protected by netting will be assessed a minor penalty for delay of game and a game misconduct.

Rule 64 – Diving / Embellishment

64.1. Diving / Embellishment – Any player who blatantly dives, embellishes a fall or a reaction, or who feigns an injury shall be penalized with a minor penalty under this rule. A goalkeeper who deliberately initiates contact with an attacking player other than to establish position in the crease, or who otherwise acts to create the appearance of other than incidental contact with an attacking player, is subject to the assessment of a minor penalty for diving / embellishment.

64.2. Minor Penalty - A minor penalty shall be imposed on a player who attempts to draw a penalty by his actions ("diving / embellishment").

64.3. Fines and Suspensions - Regardless if a minor penalty for diving / embellishment is called, Hockey Operations will review game videos and assess fines to players or goalkeepers who dive or embellish a fall or a reaction, or who feign injury. See also Rule 28 – Supplementary Discipline. The call on the ice by the Referee is totally independent of supplementary discipline. The first such incident during the season will result in a warning letter being sent to the player or goalkeeper. The second such incident will result in a fifty dollar (\$50) fine. For a third such incident in the season, the player shall be suspended for one game. For subsequent violations in the same season, the player's suspension shall double (i.e. first suspension – one game, second suspension – two games, third suspension – four games, etc.) See also Rule 28 – Supplementary Discipline.

Rule 65 – Equipment

65.1. Equipment – The onus is on the player to maintain his equipment and uniform in playing condition as set forth in these rules.

65.2. Minor Penalty - All protective equipment, except gloves, headgear and goalkeepers' leg pads must be worn under the uniform. For violation of this rule, after warning by the Referee, a minor penalty shall be imposed. Players including the goalkeeper violating this rule shall not be permitted to participate in the game until such equipment has been corrected or removed. Play shall not be stopped nor the game delayed by reasons of adjustments to clothing, equipment, skates or sticks. For an infringement of this rule, a minor penalty shall be given. If, however, a player or goalkeeper loses or breaks a skate blade, the Referee may allow play to be completed and then stop play. No delay shall be permitted for the repair or adjustment of goalkeeper's equipment. If adjustments are required, the goalkeeper shall leave the ice and his place shall be taken by the substitute goalkeeper immediately. For an infraction of this rule by a goalkeeper, a minor penalty shall be imposed.

Rule 66 – Forfeit of Game

66.1. Forfeit of Game - In the event of failure by a Club to comply with a provision of the League by-laws, rules or regulations affecting the playing of a game, the Referee shall, if so directed by the Commissioner or his designee, refuse to permit the game to proceed until the offending Club comes into compliance with such provision. Should the offending club persist in its refusal to come into compliance, the Referee shall, with the prior approval of the Commissioner or his designee, declare the game forfeited and the non-offending Club the winner. Should the Referee declare the game forfeited because both Clubs have refused to comply with such a provision, the visiting Club shall be declared

the winner. If the game is declared forfeited prior to its having commenced, the score shall be recorded as 1-0 and no player shall be credited with any personal statistics. If the game was in progress at the time it is declared forfeited, the score shall be recorded as zero for the loser and 1, or such greater number of goals that had been scored by it, for the winner; however, the players on both Clubs shall be credited with all personal statistics earned up to the time the forfeit was declared.

Rule 67 – Handling Puck

67.1. Handling Puck - A player shall be permitted to stop or “bat” a puck in the air with his open hand, or push it along the ice with his hand, and the play shall not be stopped unless, in the opinion of the on-ice officials, he has deliberately directed the puck to a teammate, or has allowed his team to gain an advantage, in any zone other than the defending zone, in which case the play shall be stopped and a faceoff conducted (see Rule 79 Hand Pass). Play will not be stopped for any hand pass by players in their own defending zone.

67.2. Minor Penalty – Player - A player shall be permitted to catch the puck out of the air but must immediately place it or knock it down to the ice. A player shall be assessed a minor penalty for “closing his hand on the puck”: (i) If he catches it and skates with it, either to avoid a check or to gain a territorial advantage over his opponent. (ii) If he places his hand over the puck while it is on the ice in order to conceal it from or prevent an opponent from playing the puck; NOTE: When this is done in his team’s goal crease area, a penalty shot shall be assessed (67.4) or a goal awarded (67.5). (iii) If he picks the puck up off the ice with his hand while play is in progress. A minor penalty (bench minor) shall be assessed for “Delay of Game – Face-Off Violation” to a player taking the face-off who: (i) Attempts to win the face-off by batting the puck with their hand. NOTE: The two players involved in the actual face-off (the centers) are not permitted to

play the puck with their hand without incurring a penalty under this rule until such time as a third player (from either team) has at least touched the puck. Once the face-off is deemed complete (and a winner of the face-off is clear) hand passes shall be enforced as per Rule 80 – Hand Pass.

67.3. Minor Penalty – Goalkeeper - A goalkeeper who holds the puck with his hands for longer than three seconds shall be given a minor penalty unless he is actually being checked by an opponent. The object of this entire rule is to keep the puck in play continuously and any action taken by the goalkeeper which causes an unnecessary stoppage must be penalized without warning. A goalkeeper shall be assessed a minor penalty when he deliberately holds the puck in any manner which, in the opinion of the Referee, causes an unnecessary stoppage of play. A goalkeeper shall be assessed a minor penalty when he throws the puck forward towards the opponent's net. In the case where the puck thrown forward by the goalkeeper being taken by an opponent, the Referee shall allow the resulting play to be completed, and if a goal is scored by the non-offending team, it shall be allowed and no penalty given; but if a goal is not scored, play shall be stopped and a minor penalty shall be imposed against the goalkeeper. A goalkeeper shall be assessed a minor penalty when he deliberately drops the puck into his pads or onto the goal net. A goalkeeper shall be assessed a minor penalty when he deliberately piles up snow or obstacles at or near his net that, in the opinion of the Referee, would tend to prevent the scoring of a goal.

67.4. Penalty Shot - If a defending player, except a goalkeeper, while play is in progress, falls on the puck, holds the puck, picks up the puck, or gathers the puck into his body or hands from the ice in the goal crease area, the play shall be stopped immediately and a penalty shot shall be awarded to the non-offending team. See also Rule 63 – Delaying the Game.

67.5. Awarded Goal – When a goalkeeper, prior to proceeding to his players' bench to be replaced by an extra attacker, intentionally leaves his stick or other piece of equipment, piles snow or other obstacles at or near his net that, in the opinion of the Referee, would tend to prevent the puck from entering the net, a goal shall be awarded. In order to award a goal in this situation, the goalkeeper must have been replaced for an extra attacker; otherwise a minor penalty shall be assessed. If a player, when the goalkeeper has been replaced for an extra attacker, falls on the puck, holds the puck, picks up the puck, or gathers the puck into his body or hands from the ice in the goal crease area, the play shall be stopped immediately and goal awarded to the non-offending team.

67.6. Disallowed Goal - A goal cannot be scored by an attacking player who bats or directs the puck with his hand directly into the net. A goal cannot be scored by an attacking player who bats or directs the puck and it is deflected into the net off any player, goalkeeper or official. When the puck enters the net on a clear deflection off a glove, the goal shall be allowed.

Rule 68 – Illegal Substitution

68.1. Illegal Substitution – An illegal substitution shall be deemed to have occurred when a player enters the game illegally from either the players' bench (teammate not within the five (5) foot limit, refer to Rule 74 – Too Many Men on the Ice), from the penalty bench (penalty has not yet expired), when a major penalty is being served and the replacement player does not return to the ice from the penalty bench (see 68.2), or when a player illegally enters the game for the sole purpose of preventing an opposing player from scoring on a breakaway (see 68.3 and 68.4). When an injured player is penalized and leaves the game, if he returns before the expiration of his penalty, he is not eligible to play. This includes coincidental penalties when his substitute is still in the penalty box awaiting a stoppage in play. The injured player must

wait until his substitute has been released from the penalty box before he is eligible to play. See 8.1.

68.2. Bench Minor Penalty – When a player receives a major penalty and a misconduct or game misconduct penalty at the same time, or when an injured player receives a major penalty and is unable to serve the penalty himself, the penalized team shall place a substitute player on the penalty bench before the major penalty expires and no replacement for the penalized player shall be permitted to enter the game except from the penalty bench. Any violation of this provision shall be treated as an illegal substitution under this rule calling for a bench minor penalty.

68.3. Penalty Shot – If a player of the attacking side in possession of the puck shall be in such a position as to have no opposition between him and the opposing goalkeeper, and while in such position he shall be interfered with by a player of the opposing side who shall have illegally entered the game, the Referee shall impose a penalty shot against the side to which the offending player belongs.

68.4. Awarded Goal - If, when the opposing goalkeeper has been removed from the ice, a player of the side attacking the unattended goal is interfered with in the neutral or attacking zone by a player who shall have entered the game illegally, the Referee shall immediately award a goal to the non-offending team.

68.5. Disallowed Goal – If a penalized player returns to the ice from the penalty bench before his penalty has expired by his own error or the error of the Penalty Timekeeper, any goal scored by his own team while he (or his substitute) is illegally on the ice shall be disallowed but all penalties imposed on either team shall be served as regular penalties. The penalized player must return to serve his unexpired time (and an additional minor penalty if he left the penalty bench on his own). If a player shall illegally enter

the game from his own players' bench or from any other location in the rink, any goal scored by his own team while he is illegally on the ice shall be disallowed but all penalties imposed on either team shall be served as regular penalties.

68.6. Deliberate Illegal Substitution – see Rule 74 – Too Many Men on the Ice. Rule 69 – Interference on the Goalkeeper 69.1. Interference on the Goalkeeper - This rule is based on the premise that an attacking player's position, whether inside or outside the crease, should not, by itself, determine whether a goal should be allowed or disallowed. In other words, goals scored while attacking players are standing in the crease may, in appropriate circumstances be allowed (refer to Rule 69.3 for example). Goals should be disallowed only if: (1) an attacking player, either by his positioning or by contact, impairs the goalkeeper's ability to move freely within his crease or defend his goal; or (2) an attacking player initiates intentional or deliberate contact with a goalkeeper, inside or outside of his goal crease. Incidental contact with a goalkeeper will be permitted, and resulting goals allowed, when such contact is initiated outside of the goal crease, provided the attacking player has made a reasonable effort to avoid such contact. The rule will be enforced exclusively in accordance with the on-ice judgment of the Referee, but may be subject to video review (see Rule 88). For purposes of this rule, "contact," whether incidental or otherwise, shall mean any contact that is made between or among a goalkeeper and attacking player(s), whether by means of a stick or any part of the body. The overriding rationale of this rule is that a goalkeeper should have the ability to move freely within his goal crease without being hindered by the actions of an attacking player. If an attacking player enters the goal crease and, by his actions, impairs the goalkeeper's ability to defend his goal, and a goal is scored, the goal will be disallowed. If an attacking player has been pushed, shoved, or fouled by a defending player so as to cause him to come into contact with the goalkeeper, such

contact will not be deemed contact initiated by the attacking player for purposes of this rule, provided the attacking player has made a reasonable effort to avoid such contact. If a defending player has been pushed, shoved, or fouled by an attacking player so as to cause the defending player to come into contact with his own goalkeeper, such contact shall be deemed contact initiated by the attacking player for the purpose of this rule, and if necessary a penalty assessed to the attacking player and if a goal scored it would be disallowed.

69.2. Penalty - In all cases in which an attacking player initiates intentional or deliberate contact with a goalkeeper, whether or not the goalkeeper is inside or outside the goal crease, and whether or not a goal is scored, the attacking player will receive a penalty (minor or major, as the Referee deems appropriate). In all cases where the infraction being imposed is to the attacking player for hindering the goalkeeper's ability to move freely in his goal crease, the penalty to be assessed is for goalkeeper interference. In exercising his judgment, the Referee should give more significant consideration to the degree and nature of the contact with the goalkeeper than to the exact location of the goalkeeper at the time of the contact.

69.3. Contact Inside the Goal Crease - If an attacking player initiates contact with a goalkeeper, incidental or otherwise, while the goalkeeper is in his goal crease, and a goal is scored, the goal will be disallowed (refer to Rule 69.3 for an exception). If a goalkeeper, in the act of establishing his position within his goal crease, initiates contact with an attacking player who is in the goal crease, and this results in an impairment of the goalkeeper's ability to defend his goal, and a goal is scored, the goal will be disallowed. If, after any contact by a goalkeeper who is attempting to establish position in his goal crease, the attacking player does not immediately vacate his current position in the goal crease (i.e. give ground to the goalkeeper), and a goal is scored, the goal will be disallowed. In all such cases, whether or not a goal is scored,

the attacking player will receive a minor penalty for goalkeeper interference. If an attacking player establishes a significant position within the goal crease, so as to obstruct the goalkeeper's vision and impair his ability to defend his goal, and a goal is scored, the goal will be disallowed. For this purpose, a player "establishes a significant position within the crease" when, in the Referee's judgment, his body, or a substantial portion thereof, is within the goal crease for more than an instantaneous period of time. Refer also to Reference Tables – Table 19 – Interference on the Goalkeeper Situations (page 154).

69.4. Contact Outside the Goal Crease - If an attacking player initiates any contact with a goalkeeper, other than incidental contact, while the goalkeeper is outside his goal crease, and a goal is scored, the goal will be disallowed.

A goalkeeper is not "fair game" just because he is outside the goal crease. The appropriate penalty should be assessed in every case where an attacking player makes unnecessary contact with the goalkeeper. However, incidental contact will be permitted when the goalkeeper is in the act of playing the puck outside his goal crease provided the attacking player has made a reasonable effort to avoid such unnecessary contact. See 42.1.

When a goalkeeper has played the puck outside of his crease and is then prevented from returning to his crease area due to the deliberate actions of an attacking player, such player may be penalized for goalkeeper interference. Similarly, the goalkeeper may be penalized, if by his actions outside of his crease he deliberately interferes with an attacking player who is attempting to play the puck or an opponent. Refer also to Reference Tables – Table 19 – Interference on the Goalkeeper Situations (page 154).

69.5. Face-off Location – Whenever the Referee stops play to disallow a goal as a result of contact with the goalkeeper (incidental or otherwise), the resulting face-off shall take place at

the nearest neutral zone face-off spot outside the attacking zone of the offending team.

69.6. Rebounds and Loose Pucks - In a rebound situation, or where a goalkeeper and attacking player(s) are simultaneously attempting to play a loose puck, whether inside or outside the crease, incidental contact with the goalkeeper will be permitted, and any goal that is scored as a result thereof will be allowed. In the event that a goalkeeper has been pushed into the net together with the puck by an attacking player after making a stop, the goal will be disallowed. If applicable, appropriate penalties will be assessed. If, however, in the opinion of the Referee, the attacking player was pushed or otherwise fouled by a defending player causing the goalkeeper to be pushed into the net together with the puck, the goal can be permitted. In the event that the puck is under a player in or around the crease area (deliberately or otherwise), a goal cannot be scored by pushing this player together with the puck into the goal. If applicable, the appropriate penalties will be assessed, including a penalty shot if deemed to be covered in the crease deliberately (see Rule 63 – Delaying the Game).

69.7. Fines and Suspensions - An attacking player who, in the judgment of the Referee, initiates contact with the goalkeeper, whether inside or outside the crease, in a fashion that would otherwise warrant a penalty, will be assessed an appropriate penalty (minor or major and/or game misconduct) and will be subject to additional sanctions as appropriate pursuant to Rule 28 – Supplementary Discipline.

Rule 70 – Leaving the Bench

70.1 Leaving the Bench - No player may leave the players' or penalty bench at any time during an altercation or for the purpose of starting an altercation.

70.2 Legal Line Change – A player who has entered the game while play is in progress from his own players' bench or legally from the penalty bench (penalty time has expired) who starts an altercation may be subject to discipline in accordance with Rule 28 – Supplementary Discipline. A player or players who have entered the game on a legal line change during a stoppage of play, who line up in preparation for the ensuing face-off, and who participate in an altercation shall be penalized under the appropriate rule and will be subject to discipline in accordance with Rule 28 – Supplementary Discipline (a game misconduct is not automatic in this situation unless provided for as a result of his actions in the altercation).

70.3 Leaving the Players' Bench – Players shall not be permitted to come on the ice during a stoppage of play or at the end of the first and second periods for the purpose of warming-up. The Referee will report any violation of this rule to the Commissioner for disciplinary action. Except at the end of each period or for entering the game legally, no player may, at any time, leave the players' bench. If it is necessary to proceed to the dressing room during the course of the game (and when it is required to proceed by way of the ice to access the dressing room), the player or goalkeeper must wait for a stoppage of play and ensure there are not altercations in progress before proceeding. The player or goalkeeper who was the first or second player to leave the players' (or penalty bench) during an altercation or for the purpose of starting an altercation, from either or both teams shall be assessed a game misconduct penalty.

70.4 Leaving the Penalty Bench – Except at the end of each period or on expiration of his penalty, no player may, at any time, leave the penalty bench. A player serving a penalty on the penalty bench, who is to be changed after the penalty has been served, must proceed at once by way of the ice and be at his own players' bench before any change can be made. For any violation of this rule, a bench minor penalty shall be imposed for too many men

on the ice (see Rule 74 – Too Many Men on the Ice). A penalized player who leaves the penalty bench before his penalty has expired, whether play is in progress or not, shall incur an additional minor penalty after serving his unexpired penalty. Any player who, having entered the penalty bench, leaves the penalty bench prior to the expiration of his penalty for the purpose of challenging an official's ruling, shall be assessed a game misconduct penalty. He shall also be automatically suspended for the next three (3) regular League and/or playoff games of his Club. This rule does not replace any other more severe penalty that may be imposed for leaving the penalty bench for the purpose of starting or participating in an altercation as outlined in this rule. Any penalized player leaving the penalty bench during a stoppage of play and during an altercation shall incur a minor penalty plus a game misconduct penalty. The minor penalty plus the unexpired time remaining in his original penalty must be served by a replacement player placed on the penalty bench by the Coach of the offending team. If a player leaves the penalty bench before his penalty is fully served, the Penalty Timekeeper shall note the time and signal the officials who will stop play when the offending player's team obtains control of the puck. An additional minor penalty must be served by this player in addition to the time remaining in his original penalty (this unexpired time is calculated from the time he left the penalty bench illegally). In the case of a player returning to the ice before his time has expired through an error of the Penalty Timekeeper, he is not to serve an additional penalty, but must serve his unexpired time. This unexpired time is calculated from the time he left the penalty bench through the error of the Penalty Timekeeper). At a stoppage of play following the expiration of their penalties, if a player or players exiting the penalty bench get involved in an altercation, those coming from the penalty bench shall be assessed the penalties they incur in the altercation in addition to a game misconduct and a five (5) game suspension as outlined in 70.10. Should a player coming from the penalty bench at a

stoppage of play get involved with an opponent and the opponent is deemed to be the instigator of the altercation, then the player coming from the penalty bench would not be subject to the game misconduct and five (5) game suspension.

70.5 Bench Minor Penalty – A bench minor penalty shall be imposed on a team whose player(s) leave the players' bench for any purpose other than a change of players and when no altercation is in progress. If a Coach or non-playing Club personnel gets on the ice (unless directed to do so by an on-ice official, i.e. to attend to an injured player or goalkeeper) after the start of a period and before that period is ended, the Referee shall impose a bench minor penalty against the team and report the incident to the Commissioner for disciplinary action.

70.6 Game Misconduct Penalty – A game misconduct penalty shall be imposed on the player who was the first or second player to leave the players' or penalty bench during an altercation or for the purpose of starting an altercation, from either or both teams. Any penalized player leaving the penalty bench during a stoppage of play and during an altercation shall incur a minor penalty plus a game misconduct penalty. The minor penalty plus the unexpired time remaining in his original penalty must be served by a replacement player placed on the penalty bench by the Coach of the offending team. Any player or goalkeeper who has been ordered to the dressing room by the officials and returns to his bench or to the ice surface for any reason before the appropriate time shall be assessed a game misconduct and shall be suspended automatically for the next five (5) regular League and/or Play-off games. Once a player enters the penalty bench, he must not leave until his penalty expires and his team is entitled to an additional player on the ice, or, at the end of a period to proceed to his dressing room, or, when he has received permission from an on-ice official. At any other time, he shall be assessed a game misconduct penalty under this rule.

70.7 Penalty Shot – If a player of the attacking side in possession of the puck shall be in such a position as to have no opposition between him and the opposing goalkeeper, and while in such position he shall be interfered with by a player of the opposing side who shall have illegally entered the game, the Referee shall impose a penalty shot against the side to which the offending player belongs.

70.8 Awarded Goal – If, when the opposing goalkeeper has been removed from the ice, a player of the side attacking the unattended goal is interfered with in the neutral or attacking zone by a player who shall have entered the game illegally, the Referee shall immediately award a goal to the non-offending team.

70.9 Disallowed Goal – If a penalized player returns to the ice from the penalty bench before his penalty has expired by his own error or the error of the Penalty Timekeeper, any goal scored by his own team while he is illegally on the ice shall be disallowed but all penalties imposed on either team shall be served as regular penalties. If a player shall illegally enter the game from his own players' bench or from the penalty bench, any goal scored by his own team while he is illegally on the ice shall be disallowed but all penalties imposed on either team shall be served as regular penalties.

70.10 Fines and Suspensions – The first player to leave the players' or penalty bench illegally, whether play is in progress or not, from either or both teams during an altercation or for the purpose of starting an altercation, shall be suspended automatically for the next five (3) regular League and/or Play-off games of his team. The second player or goalkeeper to leave the players' or penalty bench illegally during an altercation or for the purpose of starting an altercation from either or both teams shall be suspended automatically for the next two (2) regular League and/or Play-off games. The determination as to which players (or goalkeepers) shall be deemed the first or second players to have

left their respective players' or penalty benches illegally shall be made by the Referee in consultation with the Linesmen and off-ice officials. In the event that they are unable to identify the offending players, the matter will be referred to the Commissioner or his designee and such determinations may be made subsequently based on reports and other information including but not limited to video tapes. Any team that has a player or goalkeeper penalized for being the first or second player to leave the players' or penalty bench illegally during an altercation or for the purpose of starting an altercation, shall be fined 100 hundred and dollars (\$100) for the first instance. This fine shall be increased by two hundred and fifty dollars (\$250) for each subsequent occurrence. All players (including goalkeepers) as well as the first and second players who leave the bench illegally during an altercation or for the purpose of starting an altercation shall be subject to an automatic fine of one hundred dollars (\$100). Any player who leaves the penalty bench illegally during an altercation and is not the first player to do so, shall be suspended automatically without pay for the next two (2) regular League and/or Play-off games. Any Club executive or non-playing Club personnel not normally on the players' bench, who gets on the ice after the start of a period and before that period is ended, will be automatically fined 100 hundred dollars (\$100) and the Referee will report the incident to the Commissioner for disciplinary action. Any player or goalkeeper who has been ordered to the dressing room by the officials and returns to his bench or to the ice surface for any reason before the appropriate time shall be assessed a game misconduct and shall be suspended automatically for the next three (3) regular League and/or Play-off games. The Coach(es) of the team(s) whose player(s) (including goalkeepers) left the players' bench(es) or penalty bench(es) illegally during an altercation shall be suspended, pending a review by the Commissioner. The Coach(es) also will be fined a maximum of two hundred dollars (\$200). In addition, any Club that is deemed by the Commissioner

to pay or reimburse to the player or goalkeeper the amount of the fine or loss of salary assessed under this rule shall be fined automatically two hundred dollars (\$200).

In the event that suspensions imposed under this rule cannot be completed in regular League and/or Play-off games in any one season, the remainder of the suspension shall be served the following season.

Rule 71 – Premature Substitution

71.1 Premature Substitution - When a goalkeeper leaves his goal area and proceeds to his players' bench for the purpose of substituting another player, the skater cannot enter the playing surface before the goalkeeper is within five feet (5') of the bench. If the substitution is made prematurely, the official shall stop play immediately unless the non-offending team has possession of the puck -- in which event the stoppage will be delayed until the puck changes possession. There shall be no time penalty to the team making the premature substitution, but the resulting face-off will take place at the center ice face-off spot when play is stopped beyond the center red line. When play is stopped prior to the center red line, the resulting face-off shall be conducted at the nearest face-off spot in the zone where the play was stopped. In all other situations not covered in the above, a minor penalty may result for "too many men on the ice" (see Rule 74).

71.2 Announcement - The Referee shall request that the public address announcer make the following announcement: "Play has been stopped due to premature substitution for the goalkeeper."

Rule 72 – Refusing to Play the Puck

72.1 Refusing or Abstaining from Playing the Puck - The purpose of this section is to enforce continuous action and both Referee and Linesmen should interpret and apply the rule to produce this result.

72.2 Hand Pass – When a hand pass has been initiated by one player to a teammate and the teammate elects not to play the puck to avoid the stoppage of play, and the opposing team also abstains from playing the puck (perhaps to allow time to expire on a penalty), the Referee shall stop the play and order the resulting face-off at the nearest face-off location to where the play was stopped for this violation.

72.3 High Stick – When a player contacts the puck with his stick above the normal height of the shoulders and a teammate elects not to play the puck to avoid the stoppage of play, and the opposing team also abstains from playing the puck (perhaps to allow time to expire on a penalty), the Referee shall stop the play and order the resulting face-off at the nearest face-off spot in the zone where the play was stopped for this violation.

72.4 Icing - If, in the opinion of the Referee, the defending side intentionally abstains from pursuing the puck beyond the face-off spots on an icing promptly when they are in a position to do so, he shall stop the play and order the resulting face-off on the adjacent corner face-off spot nearest the goal of the team at fault.

72.5 Penalty – When the Referee signals the delayed calling of a penalty to one team and a player of that team intentionally abstains from playing the puck in order to allow additional time to expire on the game or penalty time clocks, the Referee shall stop the play and order the resulting face-off at one of the face-off spots in the offending team's defending zone. See Rule 76.2

Rule 73 – Refusing to Start Play

73.1 Refusing to Start Play – This rule applies to teams who refuse to play while both teams are on the ice or who withdraws from the ice and refuses to play or who refuses to come onto the ice at the start of the game or at the beginning of any period of the game, when ordered to do so by the Referee.

73.2 Procedure – Team On Ice - If, when both teams are on the ice, one team for any reason shall refuse to play when ordered to do so by the Referee, he shall warn the Captain and allow the team so refusing fifteen (15) seconds within which to begin the play or resume play. If at the end of that time, the team shall still refuse to play, the Referee shall impose a bench minor penalty for delay of game on a player of the offending team to be designated by the Coach of that team through the playing Captain. Should there be a repetition of the same incident; the Referee shall notify the Coach that he has been fined the sum of one hundred dollars (\$100). The offending Coach shall be removed from the players' bench and assessed a game misconduct penalty by the Referee. Should the offending team still refuse to play, the Referee shall have no alternative but to declare that the game be forfeited to the non-offending Club and the case shall be reported to the Commissioner for further action (see Rule 66 – Forfeit of Game).
First Violation Second Violation (i) Warn the Captain of the offending team and allow 15 seconds within which to resume play.

(i) Warn the Captain of the offending team and allow 15 seconds within which to resume play.

(ii) If at the end of the 15 seconds the team still refuses to resume play, assess a bench minor penalty to the offending team for delay of game.

(ii) If at the end of the 15 seconds the team still refuses to resume play, assess a bench minor penalty to the offending team for delay of game.

(iii) Referee is to notify the Coach of the offending team that he has been fined the sum of one hundred dollars (\$100) and the Coach is to be assessed a game misconduct penalty.

(iv) If the team still refuses to play, the Referee shall declare the game be forfeited to the non-offending club (see Rule 66 – Forfeit of Game).

73.3 Procedure – Team Off Ice - If a team, when ordered to do so by the Referee through its Club Executive, Manager or Coach, fails to go on the ice and start play within five (5) minutes, the Club Executive, Manager or Coach shall be fined five hundred dollars (\$500), the game shall be forfeited and the case shall be reported to the Commissioner for further action (see Rule 66 – Forfeit of Game).

(i) Once it is apparent to the Referee that the team is refusing to come onto the ice and begin play, a bench minor penalty is to be assessed to the offending team for delay of game.

(ii) Five (5) minutes will be provided for the offending team to return to the ice and begin play.

(iii) After the five (5) minutes has elapsed and the offending team still has not returned to the ice to resume play, the game shall be forfeited. The Commissioner of the League shall issue instructions pertaining to records, etc., of a forfeited game (see Rule 66 – Forfeit of Game).

(iv) Once the Club Executive, Manager or Coach has been notified of the five (5) minute warning, and the team returns to the ice to resume play within that time frame, a bench minor penalty for delay of game must be assessed to the offending team.

(v) A fine of 200 hundred dollars (\$200) shall be applied to the Coach, Manager, or Club Executive responsible for the delay.

Rule 74 – Too Many Men on the Ice

74.1 Too Many Men on the Ice - Players may be changed at any time during the play from the players' bench provided that the player or players leaving the ice shall be within five feet (5') of his players' bench and out of the play before the change is made. Refer also to Rule 71 – Premature Substitution. At the discretion of the on-ice officials, should a substituting player come onto the ice before his teammate is within the five foot (5') limit of the

players' bench (and therefore clearly causing his team to have too many players on the ice), then a bench minor penalty may be assessed. When a player or goalkeeper is retiring from the ice surface and is within the five foot (5') limit of his players' bench, and his substitute is on the ice, then the retiring player or goalkeeper shall be considered off the ice for the purpose of Rule 70 – Leaving Bench. If in the course of making a substitution, either the player entering the game or the player retiring, plays the puck or who checks or makes any physical contact with an opposing player while both players involved in the substitution are on the ice, then the infraction of “too many men on the ice” will be called. If in the course of a substitution either the player(s) entering the play or the player(s) retiring is struck by the puck accidentally, the play will not be stopped and no penalty will be called. During the play, the player retiring from the ice must do so at the players' bench and not through any other exit leading from the rink. This is not a legal player change and therefore when a violation occurs, a bench minor penalty shall be imposed. A player coming onto the ice as a substitute player is considered on the ice once both of his skates are on the ice. If he plays the puck or interferes with an opponent while still on the players' bench, he shall be penalized under Rule 56 – Interference.

74.2 Bench Minor Penalty – A bench minor penalty for too many men on the ice shall be assessed for a violation of this rule. This penalty can be assessed by the Referee or the Linesmen. Should a goal be scored by the offending team prior to the Referee or Linesman blowing his whistle to assess the bench minor penalty, the goal shall be disallowed and the penalty assessed for too many men on the ice.

74.3 Penalty Bench - A player serving a penalty on the penalty bench, who is to be changed after the penalty has been served, must proceed at once by way of the ice and be within five feet (5') of his own players' bench before any change can be made. For

any violation of this rule, a bench minor penalty shall be imposed for too many men on the ice.

74.4 Deliberate Illegal Substitution - If by reason of insufficient playing time remaining, or by reason of penalties already imposed, a bench minor penalty is imposed for deliberate illegal substitution (too many men on the ice) which cannot be served in its entirety within the legal playing time, or at any time in overtime, a penalty shot shall be awarded against the offending team.

74.5 Goalkeeper in Regular Season Overtime - Once the goalkeeper has been removed for an extra attacker in overtime during the Regular season; he must wait for the next stoppage of play before returning to his position. Any attempt by the goalkeeper to return to his position prior to the next stoppage of play ("on the fly") shall be deemed to be an illegal substitution and a bench minor penalty shall be assessed for having an ineligible player would apply.

Rule 75 – Unsportsmanlike Conduct

75.1 Unsportsmanlike Conduct – Players, goalkeepers and non-playing Club personnel are responsible for their conduct at all times and must endeavor to prevent disorderly conduct before, during or after the game, on or off the ice and any place in the rink. The Referee may assess penalties to any of the above team personnel for failure to do so. NOTE: When such conduct is directed at an official, Rule 39 – Abuse of Officials shall be applied.

75.2 Minor Penalty - A minor penalty for unsportsmanlike conduct shall be assessed under this rule for the following infractions:

(i) Any identifiable player who uses obscene, profane or abusive language or gestures directed at any person.

(ii) Any player or goalkeeper who is guilty of unsportsmanlike conduct including, but not limited to hair-pulling, biting, grabbing a face mask, etc. If warranted, and specifically when injury results, the referee may apply Rule 21 – Match Penalties.

(iii) Any player who throws any object onto the ice from the players' or penalty bench (or from any other off-ice location). (iv) A player who deliberately removes his jersey prior to participating in an altercation or who is clearly wearing a jersey that has been modified and does not conform to Rule 9 – Uniforms, shall be assessed a minor penalty for unsportsmanlike conduct and a game misconduct. If the altercation never materializes, the player would receive a minor penalty for unsportsmanlike conduct and a ten-minute misconduct for deliberately removing his jersey. If a penalized player is assessed an additional unsportsmanlike conduct penalty either before or after he begins serving his original penalty(ies), the additional minor penalty is added to his unexpired time and served consecutively.

75.3 Bench Minor Penalty - A bench minor penalty for unsportsmanlike conduct shall be assessed under this rule for the following infractions:

(i) When a player, Coach or non-playing Club personnel throws any object onto the ice from the players' or penalty bench (or from any other off-ice location) during the progress of the game or during a stoppage of play.

(ii) Any unidentifiable player or goalkeeper, or any Coach or non-playing Club personnel uses obscene, profane or abusive language or gesture directed towards any person. (iii) Whenever Coaches and/or non-playing Club personnel uses obscene or profane language or gestures anywhere in the rink.

75.4 Misconduct Penalty - Misconduct penalties shall be assessed under this rule for the following infractions:

(i) Any player who persists in using obscene, profane or abusive language directed towards any person after being assessed a minor or bench minor penalty under this Rule.

(ii) Any player or goalkeeper who deliberately throws any equipment out of the playing area. At the discretion of the Referee, a game misconduct may be imposed.

(iii) Any player who, persists in any course of conduct (including threatening or abusive language or gestures or similar actions) designed to incite an opponent into incurring a penalty.

(iv) When a penalized player challenges or disputes the ruling of an official after he has already entered the penalty bench and play has resumed.

(v) In general, participants displaying this type of behavior are assessed a minor, then a misconduct and then a game misconduct if they persist with this type of behavior.

75.5 Game Misconduct Penalty – Game misconduct penalties shall be assessed under this rule for the following infractions:

(i) If a player persists in any course of conduct for which he was previously assessed a misconduct penalty.

(ii) Any player who uses obscene gestures on the ice or anywhere in the rink before, during or after the game. The Referee shall report the circumstances to the Commissioner of the League for further disciplinary action. See 39.5 and 75.6

(iii) Coaches and non-playing Club personnel who have previously been assessed a bench minor penalty for the use of obscene or profane language or gestures anywhere in the rink. A confidential report to the Commissioner shall be completed and filed with the League for possible further disciplinary action.

(iv) Any player who attempts to or deliberately injures a Manager, Coach or other non-playing Club personnel in any manner.

Details of such incident must be reported immediately to the Commissioner and may be subject to additional sanctions as per Rule 28 - Supplementary Discipline.

(v) Any player or non-playing Club personnel who directs obscene, profane or abusive language or gestures to any person after the expiration of the game. This action may occur on or off the ice.

(vi) In general, participants displaying this type of behavior are assessed a minor, then a misconduct and then a game misconduct if they persist with this type of behavior. Any player, goalkeeper or non-playing Club personnel penalized under this section may be subject to supplemental discipline under Rule 28.

75.6 Reports - It is the responsibility of all game officials and all Club officials to send a confidential report to the Commissioner setting out the full details concerning the use of obscene gestures or language by any player, goalkeeper, Coach or other team official. The Commissioner shall take such further disciplinary action as he shall deem appropriate. See 39.6.

SECTION 10 – GAME FLOW

Rule 76 – Face-offs

76.1 Face-off – The action of the Referee or Linesman in dropping the puck between the sticks of two opposing players to start or resume play. A face-off begins when the official indicates the location of the face-off and the officials and players take their appropriate positions. The face-off ends when the puck has been legally dropped. A goalkeeper may not participate in a face-off.

76.2 Face-off Locations – All face-offs must be conducted on one of the nine (9) face-off spots located on the rink. If two rule violations are the reason for the stoppage of play (i.e. high-sticking the puck and intentional off-side), the ensuing face-off location shall be determined as the spot that provides the

least amount of territorial advantage to the offending team. When the play is stopped for any reason not specifically attributable to either team while the puck is in the neutral zone, the ensuing face-off shall be conducted at the nearest face-off spot outside the blue line whenever possible. When it is unclear as to which of the four face-off spots is the nearest, the spot that gives the home team the greatest territorial advantage in the neutral zone will be selected for the ensuing face-off. When players are penalized at a stoppage of play so as to result in penalties being placed on the penalty time clock to one team, the ensuing face-off shall be conducted at one of the two face-off spots in the offending team's end zone. There are only three (3) exceptions to this application:

(i) When a penalty is assessed after the scoring of a goal (faceoff at center ice)

(ii) When a penalty is assessed at the end (or start) of a period – (face-off at center ice)

(iii) When the defending team enters into the attacking zone beyond the outer edge of the end zone face-off circle during an altercation, gathering or "scrum" (see paragraph 10 of this section) The team awarded the power-play will have the choice of which end zone dot the face-off will take place at to start the power-play. When an infringement of a rule has been committed by players of both sides in the play resulting in the stoppage, the ensuing faceoff will be made at the nearest face-off spot in that zone. When stoppage occurs between the end face-off spots and near end of the rink, the puck shall be faced-off at the end face-off spot on the side where the stoppage occurs unless otherwise expressly provided by these rules. No face-off shall be made within fifteen feet (15') of the goal or side boards nor anywhere other than at a face-off spot. When a goal is illegally scored as a result of a puck being deflected directly off an official, the resulting face-off shall be made at the nearest face-off spot in the zone where the puck directed off the official.

When a goal is illegally scored by the attacking team by directing, batting, kicking or high-sticking the puck into the goal, the resulting face-off shall take place in the neutral zone at the nearest face-off spot. When the game is stopped for any reason not specifically covered in the official rules, the puck must be faced-off at a face-off spot in the zone nearest to where it was last played. Following a stoppage of play, should one or more players who are already above the top of the outer edge of the end zone face-off circle or any player coming from the bench of the attacking team, enter into the attacking zone beyond the outer edge of the end zone face-off circle during an altercation, gathering or "scrum," the ensuing face-off shall take place in the neutral zone near the blue line of the defending team. This rule also applies when an icing, an intentional off-side, or a penalty has been assessed, and the ensuing face-off is to be in the offending team's defending zone. Should any of the non-offending players enter into the attacking zone beyond the outer edge of the end zone face-off circle during an altercation, gathering or "scrum," the ensuing face-off shall take place in the neutral zone near the blue line of the defending team. For a violation of Rule 71 – Premature Substitution, the resulting face-off will take place at the center ice face-off spot when play is stopped beyond the center red line. When play is stopped prior to the center red line, the resulting face-off shall be conducted at the nearest face-off spot in the zone where the play was stopped. When play is stopped for an injured player, the ensuing face-off shall be conducted at the face-off spot in the zone nearest the location of the puck when the play was stopped. When the injured player's team has control of the puck in the attacking zone, the faceoff shall be conducted at one of the face-off spots outside the blue line in the neutral zone. When the injured player is in his defending zone and the attacking team is in control of the puck in the attacking zone, the face-off shall be conducted at one of the defending team's end-zone face-off spots.

76.3 Procedure – As soon as the line change procedure has been completed by the Referee and he lowers his hand to indicate no further changes, the Linesman conducting the face-off shall blow his whistle. This will signal to both teams that they have no more than five (5) seconds to line up for the ensuing face-off. At the end of the five (5) seconds (or sooner if both centers are ready), the Linesman will conduct a proper face-off. If, however:

- (i) One or both centers are not positioned for the face-off,
- (ii) One or both centers refrain from placing their stick on the ice,
- (iii) Any player has encroached into the face-off circle,
- (iv) Any player makes physical contact with an opponent, or (v) Any player who lines up for the face-off in an off-side position, the Linesman shall have the offending center(s) replaced immediately prior to dropping the puck. In the last two (2) minutes of regulation time or any time in overtime, the Linesman will still blow his whistle to initiate the faceoff, but the five (5) second time limit will not be enforced. However, players must abide by the verbal directions given by the Linesman in his attempt to conduct a fast and fair face-off.

76.4 Procedure – Centers – The puck shall be faced-off by the Referee or the Linesman dropping the puck on the ice between the sticks of the players facing-off. Players facing-off will stand squarely facing their opponent's end of the rink approximately one stick length apart with the blade of their sticks on the ice. When the face-off takes place at any of the nine face-off spots, the players taking part shall take their position so that they will stand squarely facing their opponent's end of the rink, and clear of the ice markings (where applicable). The sticks of both players facing-off shall have the blade on the ice, within the designated white area. At the eight face-off spots (excluding center ice face-off spot), the defending player shall place his stick within the designated white area first, followed immediately by the attacking

player. When the face-off is conducted at center ice face-off spot, the visiting player shall place his stick on the ice first. If a player facing-off fails to take his proper position immediately when directed by the official, the official may order him replaced for that face-off by any teammate then on the ice. If a center is not at the designated face-off area once the five (5) second time limit has elapsed, the Linesman will drop the puck immediately. If the center is back from the face-off spot, is "quarterbacking" or refuses to come into the face-off area when instructed to do so by the Linesman, or the center is simply slow getting to the face-off spot when the five (5) seconds has elapsed, the puck shall be dropped. If the center attempts to arrive at the face-off spot just as the five seconds elapses in an attempt to gain an advantage to win the face-off, he is to be removed from the faceoff and replaced, resulting in a face-off violation. If the face-off is a result of an icing infraction and the center attempts to arrive at the face-off spot just as the five seconds elapse to gain an advantage to win the face-off, he shall not be removed from the face-off. The center will be warned by the linesmen that he has committed a faceoff violation. In the event the center the commits a second violation, or the action actually is the second face-off violation, a bench minor penalty shall be assessed. If a player is ejected from the face-off, his replacement must into position quickly or risk having the puck dropped by the Linesman without the player being set, or ejected from the face-off by the Linesman resulting in a bench minor penalty for delay of game for a second face-off violation during the same face-off. When a team commits a icing infraction, any face-off violation will not result in the center being removed. The center will be warned by the linesmen that they have committed their first face-off violation and any subsequent violation will result in a bench minor penalty for delay of game - face-off violation being assessed.

76.5 Procedure – Other Players – No other player shall be allowed to enter the face-off circle or come within fifteen feet (15')

of the players facing-off. All players must stand on-side on all face-offs. During end-zone face-offs, all other players on the ice must position their bodies on their own side of the restraining lines marked on the outer edge of the face-off circles. If a player other than the player taking the face-off moves into the face-off circle prior to the dropping of the puck, then the offending team's player taking the face-off shall be ejected from the face-off circle. This shall be considered a face-off violation.

Players on the attacking team (exclusive of the center) must establish their position first and then the defending team may counter and hold its position until the puck is dropped. A violation of this procedure shall be treated as face-off encroachment and the Linesman shall order the center of the offending team replaced. Should an attacking player attempt to establish a new position prior to the face-off, and the defending center steps back from the face-off dot in order to reposition his teammates, the face-off violation shall be charged to the attacking team as they must establish their position first.

76.6 Violations – If a center should move prematurely prior to the faceoff, or if the Referee or Linesman shall have dropped the puck unfairly, the face-off shall be considered a face-off violation and it must be conducted again. When a least two face-off violations have been committed by the same team during the same face-off, this team shall be penalized with a bench minor penalty to the offending team. This penalty shall be announced as a “Bench Minor Penalty for Delay of Game – Face-off Violation.” Face-off violations shall be summarized as follows (any of the three (3) on-ice officials may identify a face-off violation):

(i) Encroachment by any player other than the center into the face-off area prior to the puck being dropped. Players on the perimeter of the face-off circle must keep both skates outside the face-off circle (skate contact with the line is permitted). If a player's skate crosses the line into the face-off circle prior to the

drop of the puck, this shall be deemed as a face-off violation. A player's stick may be inside the face-off circle provided there is no physical contact with his opponent or his opponent's stick.

(ii) Encroachment by any player into the area between the hash marks on the outer edges of the face-off circle prior to the puck being dropped. Players must also ensure that both of their skates do not cross their respective hash marks. Contact with the line with their skate is permitted. If a player's skate crosses the line into the area between the hash marks prior to the drop of the puck, this shall be deemed as a face-off violation. A player's stick may be inside the area between the hash marks provided there is no physical contact with his opponent or his opponent's stick.

(iii) Any physical contact with an opponent prior to the puck being dropped

(iv) Failure by either center taking the face-off to properly position himself behind the restraining lines or place his stick on the ice (as outlined in Rule 76.4). "Properly position himself behind the restraining lines" shall mean that the center must place his feet on either side of the restraining lines that are parallel to the side boards (contact with the lines is permissible), and the toe of the blade of his skates must not cross over the restraining lines that are perpendicular to the side boards as he approaches the face-off spot. The blade of the stick must then be placed on the ice (at least the toe of the blade of the stick) in the designated white area of the face-off spot and must remain there until the puck is dropped.

Failure to comply with this positioning and face-off procedure will result in a face-off violation. Whenever a team has committed two face-off violations during the same face-off, the Referee shall immediately assess the offending team a bench minor penalty for delay of game. This penalty shall be announced as a "Bench Minor Penalty for Delay of Game – Face-off Violation." Players

who are late to the face-off location and therefore in an off- side position for the ensuing face-off will be warned once in the game by the Referee. This warning will also be given to the offending team's Coach. In this situation, the offending team's center is not ejected from the face-off. Any subsequent violation shall result in a bench minor penalty for delay of game being assessed to the offending team. This penalty shall be announced as a "Bench Minor Penalty for Delay of Game – Slow Proceeding to Face- off Location." In the conduct of any face-off at any of the nine (9) face-off spots on the playing surface, no player facing-off shall make any physical contact with his opponent's body by means of his own body or by his stick except in the course of playing the puck after the face-off has been completed. For violation of this rule, the Referee may, at his discretion impose a minor penalty or penalties on the player(s) whose action(s) caused the physical contact. Nonetheless, this physical contact prior to the dropping of the puck shall be deemed as a face-off violation and the Linesman shall order the center of the offending team replaced. Face-off encroachment may be applied during face-offs at any of the nine (9) face-off spots on the playing surface. However, since no such lines are painted on the ice at the four (4) face-off spots adjacent to the blue lines, Linesmen shall use their judgment as to whether or not a violation has occurred. All players, other than the centers, shall be uniformly back from the face-off location similar to being outside the face-off circle for face-offs in the end zones.

76.7 Line Changes – No substitution of players shall be permitted until the face-off has been completed and play has resumed except when a penalty is imposed which affects the on-ice strength of either team. Should an on-ice official notice that the defending team has not placed enough players on the ice for the ensuing face-off, the Referee shall be notified and he will instruct the offending team to place another player(s) on the ice. If, in the opinion of the Referee that this is being done as a

stalling tactic, he will issue a warning to the offending team's Coach and any subsequent violations shall result in the assessment of a bench minor penalty for delay of game. Should an on-ice official notice that the attacking team has not placed enough players on the ice for the ensuing face-off, the Linesman will proceed with conducting the face-off in the normal manner. The attacking team must ensure they put the appropriate number of players on the ice at all times.

76.8 Verification of Time - Any loss of time on the game or penalty clocks due to a false face-off or face-off violation must be replaced. The whistle will not be blown by the official to start play. Playing time will commence from the instant the puck is faced-off and will stop when the whistle is blown or a goal is scored.

Rule 77 – Game and Intermission Timing

77.1 Game Timing – The time allowed for a game shall be three (3) twenty- minute periods of actual play with a rest intermission between periods.

77.2 Intermission Timing – Play shall be resumed promptly following each intermission upon the expiration of eighteen (18) minutes or a length of time designated by the League from the completion of play in the preceding period. Timing of the intermission commences once the last official exits the ice surface upon termination of the period. (See Rule 34 – Game Timekeeper.) Preliminary warnings shall be given by the Game Timekeeper to the officials and to both teams five (5) minutes and two (2) minutes prior to the resumption of play in each period to enable the teams to start play promptly. For the purpose of keeping the spectators informed as to the time remaining during intermissions, the Game Timekeeper will use the electronic clock to record length of intermissions.

77.3 Delays - If any unusual delay occurs within five (5) minutes of the end of the first or second periods, the Referee may order

the next regular intermission to be taken immediately. The balance of the period will be completed on the resumption of play with the teams defending the same goals after which the teams will change ends and resume play of the ensuing period without delay. If a delay takes place with more than five (5) minutes remaining in the first or second period, the Referee will order the next regular intermission to be taken immediately only when requested to do so by the home Club.

Rule 78 – Goals

78.1 Goals and Assists - It is the responsibility of the Official Scorer to award goals and assists, and his decision in this respect is final, notwithstanding the report of the Referee or any other game official. Such awards shall be made or withheld strictly in accordance with the provisions of this rule. Therefore, it is essential that the Official Scorer be thoroughly familiar with every aspect of this rule; be alert to observe all actions which could affect the awarding of a goal or assist; and, above all, give or withhold awards with absolute impartiality. In case of an obvious error in awarding a goal or an assist that has been announced, it should be corrected promptly, but changes should not be made in the official scoring summary after the Referee has signed the game report (except by the League's Chief Statistician). The team scoring the greatest number of goals during the three (3) twenty-minute periods shall be the winner and shall be credited with two points in the League standings. In the event a winner during the regular season is determined in the overtime period or the shootout, the winning team shall be credited with two points in the League standings and the losing team will be credited with one point in the League standings. (See Rule 84.2)

78.2 Crediting Goals - A "goal" shall be credited in the scoring records to a player who shall have propelled the puck into the opponent's goal. Each "goal" shall count one point in the player's

record. Only one point can be credited to any one player on a goal.

78.3 Crediting Assists - When a player scores a goal, an “assist” shall be credited to the player or players (maximum two) who touch the puck prior to the goal scorer provided no defender plays or has possession of the puck subsequently. Each “assist” shall count one point in the player’s record. Only one point can be credited to any one player on a goal.

78.4 Scoring a Goal - A goal shall be scored when the puck shall have been put between the goal posts by the stick of a player of the attacking side, from in front and below the crossbar, and entirely across a red line the width of the diameter of the goal posts drawn on the ice from one goal post to the other with the goal frame in its proper position. The goal frame shall be considered in its proper position when at least a portion of the flexible peg(s) are still inside both the goal post and the hole in the ice. The flexible pegs could be bent, but as long as at least a portion of the flexible peg(s) are still in the hole in the ice and the goal post, the goal frame shall be deemed to be in its proper position. The goal frame could be raised somewhat on one post (or both), but as long as the flexible pegs are still in contact with the holes in the ice and the goal posts, the goal frame shall not be deemed to be displaced. A goal shall be scored if the puck is put into the goal in any way by a player of the defending side. The player of the attacking side who last touched the puck shall be credited with the goal but no assist shall be awarded. If an attacking player has the puck deflect into the net, off his skate or body, in any manner, the goal shall be allowed. The player who deflected the puck shall be credited with the goal. Should a player legally propel a puck into the goal crease of the opponent Club and the puck should become loose and available to another player of the attacking side, a goal scored on the play shall be legal.

78.5 Disallowed Goals – Apparent goals shall be disallowed by the Referee and the appropriate announcement made by the Public Address Announcer for the following reasons:

(i) When the puck has been directed, batted or thrown into the net by an attacking player other than with a stick. When this occurs, if it is deemed to be done deliberately, then the decision shall be NO GOAL. A goal cannot be scored when the puck has been deliberately batted with any part of the attacking player's body into the net.

(ii) When the puck has been kicked using a distinct kicking motion.

(iii) When the puck has deflected directly into the net off an official.

(iv) When a goal has been scored and an ineligible player is on the ice.

(v) When an attacking player has interfered with a goalkeeper in his goal crease.

(vi) Where the puck has entered the net after making contact with an attacking player's stick that is above the height of the crossbar. When the puck makes contact with the stick is the determining factor.

(vii) When the scoring of a goal at one end of the ice, any goal scored at the other end on the same play must be disallowed.

(viii) When a Linesman reports a double-minor penalty for high sticking, a major penalty or a match penalty to the Referee following the scoring of a goal by the offending team, the goal must be disallowed and the appropriate penalty assessed.

(ix) When a goalkeeper has been pushed into the net together with the puck after making a save. See 69.6.

(x) When the net becomes displaced accidentally. The goal frame is considered to be displaced if either or both goal pegs are no longer in their respective holes in the ice, or the net has come completely off one or both pegs, prior to or as the puck enters the goal.

(xi) During the delayed calling of a penalty, the offending team cannot score unless the non-offending team shoots the puck into their own net. This shall mean that a deflection off an offending player or goalkeeper, or any physical action by an offending player that may cause the puck to enter the non-offending team's goal, shall not be considered a legal goal. Play shall be stopped before the puck enters the net (whenever possible) and the signaled penalty assessed to the offending team.

(xii) When the Referee deems the play has been stopped, even if he had not physically had the opportunity to stop play by blowing his whistle.

(xiii) Any goal scored, other than as covered by the official rules, shall not be allowed.

Rule 79 – Hand Pass

79.1 Hand Pass - A player shall be permitted to stop or “bat” a puck in the air with his open hand, or push it along the ice with his hand, and the play shall not be stopped unless, in the opinion of the on-ice officials, he has directed the puck to a teammate, or has allowed his team to gain an advantage, and subsequently possession and control of the puck is obtained by a player of the offending team, either directly or deflected off any player or official. A player shall be permitted to catch the puck out of the air but must immediately place it or knock it down to the ice. If he catches it and skates with it, either to avoid a check or to gain a territorial advantage over his opponent, a minor penalty shall be assessed for “closing his hand on the puck” under Rule 67 – Handling Puck.

79.2 Defending Zone - Play will not be stopped for any hand pass by players in their own defending zone. The location of the puck when contacted by either the player making the hand pass or the player receiving the hand pass shall determine the zone it is in.

79.3 Face-Off Location – When a hand pass violation has occurred, the ensuing face-off shall take place at the nearest face-off spot in the zone where offense occurred, unless the offending team gains a territorial advantage, then the face-off shall be at the nearest face-off spot in the zone where the stoppage of play occurred, unless otherwise covered in the rules. When a hand pass violation occurs by a team in their attacking zone, the ensuing face-off shall be conducted at one of the face-off spots outside the defending team's blue line in the neutral zone.

Rule 80 – High-sticking the Puck

80.1 High-sticking the Puck – For infractions involving high-sticks, refer to Rule 60 – High-Sticking. Batting the puck above the normal height of the shoulders with a stick is prohibited. When a puck is struck with a high stick and subsequently comes into the possession and control of a player from the offending team (including the player who made contact with the puck), either directly or deflected off any player or official, there shall be a whistle. When a puck has been contacted by a high stick, the play shall be permitted to continue, provided that:

(i) the puck has been batted to an opponent (when a player bats the puck to an opponent, the Referee shall give the washout signal immediately. Otherwise, he will stop the play). (ii) a player of the defending side shall bat the puck into his own goal in which case the goal shall be allowed. Cradling the puck on the blade of the stick (like lacrosse) above the normal height of the shoulders shall be prohibited and a stoppage of play shall result. If this is

done by a player on a penalty shot or shootout attempt, the shot shall be stopped immediately and considered complete.

80.2 Face-Off Location – When the play is stopped for the high-sticking the puck violation, the ensuing face-off must take place at the spot that provides the least amount of territorial advantage to the team striking the puck, either where the puck was contacted illegally, or where it was last played by the offending team. If the attacking team is at fault and the play is stopped while the puck is in the attacking zone, the ensuing face-off must be moved to the nearest face-off spot in the neutral zone.

80.3 Disallowed Goal – When an attacking player causes the puck to enter the opponent's goal by contacting the puck above the height of the crossbar, either directly or deflected off any player or official, the goal shall not be allowed. The determining factor is where the puck makes contact with the stick. If the puck makes contact with the stick at or below the level of the crossbar and enters the goal, this goal shall be allowed. A goal scored as a result of a defending player striking the puck with his stick carried above the height of the crossbar of the goal frame into his own goal shall be allowed.

Rule 81 – Icing

81.1 Icing – For the purpose of this rule, the center red line will divide the ice into halves. Should any player of a team, equal or superior in numerical strength (power-play) to the opposing team, shoot, bat or deflect the puck from his own half of the ice beyond the goal line of the opposing team, play shall be stopped. For the purpose of deflected pucks, this only applies when the puck was originally propelled down the ice by the offending team. For the purpose of this rule, the point of last contact with the puck by the team in possession shall be used to determine whether icing has occurred or not. As such, the team in possession must “gain the

line” in order for the icing to be nullified. “Gaining the line” shall mean that the puck, while on the player’s stick (not the player’s skate) must make contact with the center red line in order to nullify a potential icing. For the purpose of interpretation of the rule, there are two judgments required for “icing the puck”. The Linesman must first determine that the puck will cross the goal line. Once the Linesman determines that the puck will cross the goal line, icing is completed upon the determination as to which player (attacking or defending) would first touch the puck. This decision by the Linesman will be made by no later than the instant the first player reaches the end zone face-off dots with the player’s skate being the determining factor. Should the puck be shot down the ice in such a manner that it travels around the boards and/or back towards the end zone face-off dots, the same procedure shall be in effect in that the Linesman shall determine within a similar distance as to who will have touched the puck first. For clarification, the determining factor is which player would first touch the puck, not which player would first reach the end zone face-off dots. If the race for the puck is too close to determine by the time the first player reaches the end zone face-off dots, icing shall be called. The puck striking or deflecting off an official does not automatically nullify a potential icing.

81.2 Face-Off Location – Following an icing, the attacking team will have the choice of which end zone dot the face-off will take place. If the Linesman shall have erred in calling an “icing the puck” infraction (regardless of whether either team is short-handed), the puck shall be faced-off on the center ice face-off spot.

81.3 Goalkeeper - If, in the opinion of the Linesman, the goalkeeper feigns playing the puck, attempts to play the puck, or skates in the direction of the puck on an icing at any time, the potential icing shall not be called and play shall continue. If, however, a goalkeeper is legitimately out of the crease in an attempt to go to the players’ bench to be substituted for an extra

attacker and in no way makes an attempt to play the puck, the icing should not be nullified under this section. If the goalkeeper is out of his crease prior to the shot being taken, and simply retreats to his crease making no attempt to play the puck or feign playing the puck, the potential icing shall remain in effect.

81.4 Line Change on Icing - A team that is in violation of this rule shall not be permitted to make any player substitutions prior to the ensuing face-off. However, a team shall be permitted to make a player substitution to replace a player who had been substituted for an extra attacker, to replace an injured player or goalkeeper, or when a penalty has been assessed which affects the on-ice strength of either team. The determination of players on ice will be made when the puck leaves the offending player's stick.

81.5 No Icing – When the puck is shot and rebounds from the body or stick of an opponent in his own half of the ice so as to cross the goal line of the player shooting, it shall not be considered "icing." When a puck is shot by a team from their own half of the ice and is deflected several times before crossing the center red line, icing shall be nullified if at least one of these deflections was off an opposing player. If the puck shall go beyond the goal line in the opposite half of the ice directly from either of the players while facing-off, it shall not be considered a violation of this rule. If, in the opinion of the Linesman, any player (other than the goalkeeper) of the opposing team is able to play the puck before it passes his goal line, but has not done so, play shall continue and the icing violation shall not be called. This includes the situation whereby the opposing team, while in the process of making player substitutions during the play, are able to play the puck, but choose not to do so to avoid being called for too many men on the ice. Icing should not be called. If the puck touches any part of a player of the opposing side, including his skates or his stick, or if it touches any part of the opposing team's

goalkeeper, including his skates or his stick, at any time before or after crossing the goal line, it shall not be considered icing.

81.6 Numerical Strength – If the puck was shot by a player of a side below the numerical strength of the opposing team, play shall continue and the icing violation shall not be called. When a team is “short-handed” as the result of a penalty and the penalty is about to expire, the decision as to whether there has been an “icing” shall be determined at the instant the penalty expires. Should the puck be released from the stick of the player shooting the puck down the ice prior to the penalty expiring, the icing infraction shall not apply. The action of the penalized player remaining in the penalty box will not alter the ruling. When a team is “short-handed” by reason of a major penalty, and they have neglected to ensure there is a player on the penalty bench to exit upon the expiry of the penalty, they will continue to play short-handed but are not permitted to ice the puck. Icing will be called. They may substitute for this penalized player at the next stoppage of play. See Rule 20.3 – Major Penalties.

Rule 82 – Line Changes

82.1 Line Change - Following the stoppage of play, the visiting team shall promptly place a line-up on the ice ready for play and no substitution shall be made from that time until play has been resumed. The home team may then make any desired substitution, except in cases following an icing, which does not result in the delay of the game. “Placing a line-up on the ice” shall mean that both teams shall place the full complement of players (and not exceed) to which they are entitled within the line change time frame. If there is any undue delay by either team in changing players, the Referee shall order the offending team or teams to take their positions immediately and not permit any further player changes. When a substitution has been made under the above rule, no additional substitution may be made until play commences. Once the line change procedure has been

completed (82.2), no additional player substitutions shall be permitted until the face-off has been completed legally and play has resumed, except when a penalty or penalties are imposed that affect the on-ice strength of either or both teams. This may include penalties imposed following the completion of the line change and prior to the face-off, or due to a penalty assessed for a face-off violation. A team that is in violation of Rule 63.7 – Delaying the Game or Rule 81 – Icing, shall not be permitted to make any player substitutions prior to the ensuing face-off. However, a team shall be permitted to make a player substitution to replace a player who had been substituted for an extra attacker, to replace an injured player or goalkeeper, or when a penalty has been assessed which affects the on-ice strength of either team. The determination of players on ice will be made when the puck leaves the offending player's stick. Goalkeepers' substitution during a game will be conducted within the same time frame as a regular line change. No extra time will be allotted to the goalkeeper coming off the bench, except in the case where an injury to a goalkeeper occurs.

82.2 Procedure - Following a stoppage of play, the Referee will enforce the following line change procedure once he has determined that this procedure may begin:

- (i) The Referee shall give the visiting team up to five (5) seconds to make its line change.
- (ii) The Referee shall raise his hand to indicate no further changes by the visiting team and to commence the home team's line change.
- (iii) The Referee shall give the home team up to eight (8) seconds to make its line change.
- (iv) The Referee shall lower his hand to indicate no further changes by the home team.

(v) Any attempt by the either team to make a change after the Referee's signal, attempt to place too many men on the ice for the subsequent line change, or attempt to make additional personnel changes, shall not be permitted and the Referee will send the players who have attempted to change back to their players' bench. The Referee will then issue a warning to the offending team (through the Coach) indicating that any subsequent violations during the rest of the game (including overtime), shall result in a bench minor penalty for delaying the game. This penalty shall be announced as a "Bench Minor Penalty for Delay of Game – Improper Line Change." (vi) The Linesman conducting the face-off will blow his whistle (once the Referee has lowered his hand for the line changes) to indicate that all players must be in position and on-side for the face-off within five (5) seconds. The face-off will then be conducted in accordance with Rule 76 – Faceoffs.

(vii) Players who are slow (after the five-second warning whistle given by the Linesman) getting to the face-off location or who are in an off-side position for the ensuing face-off will be warned once in the game by the referee. This warning will also be given to the offending team's Coach. In this situation, the offending team's center is not ejected from the face-off. Any subsequent violation shall result in a bench minor penalty for delay of game being assessed to the offending team.

(viii) In the last two (2) minutes of regulation time and any time in the overtime period(s), points (6) and (7) above are not applicable. The Linesman shall give the teams a reasonable amount of time to set up for the ensuing face-off after points (1) through (5) above have been enforced.

82.3 Bench Minor Penalty - Any attempt by the visiting team to make a change after the Referee's signal shall result in the assessment of a bench minor penalty for delay of game. Players must proceed directly to the location of the face-off to participate

in the ensuing face-off. Any attempts to delay the game by stalling or otherwise unnecessary actions by either team shall result in the assessment of a bench minor penalty for delaying the game. This penalty shall be announced as a “Bench Minor Penalty for Delay of Game – Slow Proceeding to Face-Off Location (or, Slow Proceeding to Players’ Bench).” During the play, if a player wishes to retire from the ice and be replaced by a substitute, he must do so at the players’ bench and not through any other exit leading from the rink. This is not a legal line change and therefore when a violation occurs, a bench minor penalty shall be imposed.

Rule 83 – Off-side

83.1 Off-side - Players of the attacking team must not precede the puck into the attacking zone. The position of the player’s skates and not that of his stick shall be the determining factor in all instances in deciding an off-side. A player is off-side when both skates are completely over the leading edge of the blue line involved in the play. A player is on-side when either of his skates are in contact with the blue line, or on his own side of the line, at the instant the puck completely crosses the leading edge of the blue line. “On his own side of the line” shall be defined by a “plane” of the blue line which shall extend from the leading edge of the blue line upwards. If a player’s skate has yet to break the “plane” prior to the puck completely crossing the leading edge, he is deemed to be on-side for the purpose of the off-side rule. A player controlling the puck who shall cross the blue line ahead of the puck shall not be considered “off-side,” provided he had possession and control of the puck prior to his skates crossing the leading edge of the blue line. If a player legally carries, passes or plays the puck back into his defending zone while a player of the opposing team is in such defending zone, the off-side shall be ignored and play permitted to continue.

83.2 Deflections / Rebounds – When a defending player propels the puck out of his defending zone and the puck clearly rebounds

off a defending player in the neutral zone back into the defending zone, all attacking players are eligible to play the puck. However, any action by an attacking player that causes a deflection/rebound off a defending player in the neutral zone back into the defending zone (i.e. stick check, body check, physical contact), a delayed off-side shall be signaled by the Linesman. A puck that deflects back into the defending zone off an official who is in the neutral zone will be off-side (or delayed off-side, as appropriate).

83.3 Delayed Off-Side – A situation where an attacking player (or players) has preceded the puck across the attacking blue line, but the defending team is in a position to bring the puck back out of its defending zone without any delay or contact with an attacking player, or, the attacking players are in the process of clearing the attacking zone. If an off-side call is delayed, the Linesman shall drop his arm to nullify the off-side violation and allow play to continue if: (i) All players of the offending team clear the zone at the same instant (skate contact with the blue line) permitting the attacking players to re-enter the attacking zone, or (ii) The defending team passes or carries the puck into the neutral zone. If, during the course of the delayed off-side, any member of the attacking team touches the puck, attempts to gain possession of a loose puck, forces the defending puck carrier further back into his own zone, or who is about to make physical contact with the defending puck carrier, the Linesman shall stop play for the off-side violation. See 83.6 If, during a delayed off-side, an attacking player in the attacking zone elects to proceed to his players' bench (which extends into the attacking zone) to be replaced by a teammate, he shall be considered to have cleared the zone provided he is completely off the ice and his replacement comes onto the ice in the neutral zone. If his replacement comes onto the ice in the attacking zone, if the delayed off-side is still in effect, he too must clear the attacking zone. If the remaining attacking players have cleared the

attacking zone and the Linesman has lowered his arm for the delayed off-side, he shall be considered on-side.

83.4 Disallowed Goal – If the puck is shot into the attacking zone creating a delayed off- side the play shall be allowed to continue under the normal clearing- the-zone rules. Should the puck, as a result of this shot, enter the defending team's goal, during a delayed off-side, either directly or off the goalkeeper, a player, the boards, the glass, a piece of equipment or an official on the ice, the goal shall be disallowed as the original shot was off-side. The fact that the attacking team may have cleared the zone prior to the puck entering the goal has no bearing on this rule. The face-off will be conducted at the face-off spot in the zone closest to the point of origin of the shot that gives the offending team the least amount of territorial advantage. The only way an attacking team can score a goal on a delayed off- side situation is if the defending team shoots or puts the puck into their own net without action or contact by the offending team. Other than in situations involving a delayed off-side and the puck entering the goal, no goal can be disallowed after the fact for an off-side violation, except for the human factor involved in blowing the whistle.

83.5 Face-Off Location - For violation of this rule, the play is stopped and the puck shall be faced-off in the neutral zone at the face-off spot nearest the attacking zone of the offending team when the violation occurs as a result of the attacking team carrying the puck over the attacking blue line, or from the face-off spot in the zone closest to the attacking blue line, or from the face-off spot in the zone closest to the point of origin of the shot or pass (even if deflected off an attacking or defending player or an official). For every delayed off-side situation, including an intentional offside, the Linesman will raise his non-whistle arm. He will allow play to continue and, if a stoppage of play occurs, there will be four possible face-off locations:

(i) If carried over the blue line – face-off outside the blue line (ii) If shot into the zone (or errant pass) – nearest face-off spot from the origin of the pass/shot (even if deflected off an attacking or defending player or an official).

(iii) If the defending player is pressured or about to be checked by an attacking player - nearest face-off spot in the zone from which the pass or shot originated that gives the offending team the least amount of territorial advantage (even if deflected off an attacking or defending player or an official)

(iv) If deemed to be an intentional off-side – face-off spot in the offending team's end zone. When the Linesman signals a delayed off-side and a defending player shoots the puck which goes over the glass and out of play, the ensuing, face-off shall be conducted at one of the defending zone end zone face-off spots from where the puck was shot. When the Linesman signals a delayed off-side and the original shot deflects off a defending player and out of play, the ensuing face-off shall take place at the nearest face-off spot in the zone from where the puck was shot. When the defending team is about to be penalized in the defending zone and the Linesman has a delayed off-side signaled against the attacking team on the same play, the ensuing face-off shall be conducted at one of the defending zone end zone face-off spots.

83.6 Intentional Off-Side - An intentional off-side is one which is made for the purpose of securing a stoppage of play regardless of the reason, whether either team is short-handed. If in the opinion of the Linesman, an intentional off-side play has been made, the puck shall be faced-off at the end face-off spot in the defending zone of the offending team. If, while an off-side call is delayed, a player of the offending team deliberately touches the puck to create a stoppage of play, the Linesman will signal an intentional off-side.

Rule 84 – Overtime

84.1 Overtime – Regular-season - During regular-season games, if at the end of the three (3) regular twenty (20) minute periods, the score shall be tied, each team shall be awarded one point in the League standings. The teams will then play an additional overtime period of not more than seven (7) minutes with the team scoring first declared the winner and being awarded an additional point. The overtime period shall be played with each team at a numerical strength of three (3) skaters and one (1) goalkeeper. The overtime period will be commenced immediately following a one (1) minute rest period during which the players will remain on the ice. NOTE: Teams are not permitted to return to the dressing room during this time. The teams shall change ends for the overtime period. NOTE: For the entire overtime period, teams will defend the same end-zone as they do in the second period. Goalkeepers may go to their respective players' benches during this rest period, however, penalized players must remain on the penalty bench. Should a penalized player exit the penalty bench, he shall be returned immediately by the officials with no additional penalty being assessed, unless he commits an infraction of any other rule.

84.2 Overtime – Regular-season – Extra Attacker - A team shall be allowed to pull its goalkeeper in favor of an additional skater in the overtime period. However, should that team lose the game during the time in which the goalkeeper has been removed, it would forfeit the automatic point gained in the tie at the end of regulation play, except if the goalkeeper has been removed at the call of a delayed penalty against the other team. Should the goalkeeper proceed to his bench for an extra attacker due to a delayed penalty call against the other team. Should the goalkeeper proceed to his bench for a extra attacker due to a delayed penalty call against the opposing team, and should the non-offending team shoot the puck directly into their own goal, the game shall be over and the team that was to be penalized declared the winner. Once the goalkeeper has been removed for

an extra attacker in overtime during the regular-season, he must wait for the next stoppage of play before returning to his position. He cannot change “on the fly.” If he does, a bench minor penalty shall be assessed for having an ineligible player.

84.3 Overtime – Regular-season – Penalties – When regulation time ends and the teams are 5 on 3, teams will start overtime 5 on 3. Once player strength reaches 5 on 4 or 5 on 5, at the next stoppage of play, player strength is adjusted to 4 on 3 or 3 on 3, as appropriate. When regulation ends and teams are 4 on 4 teams will start overtime 3 on 3. If at the end of regulation time teams are three 3 on 3, overtime starts 3 on 3. Once player strength reaches 4 on 4, 5 on 4 or 5 on 5, at the next stoppage player strength is adjusted to 3 on 3 or 4 on 3 as appropriate. At no time will a team have less than three players on the ice. This may require a fourth and/or fifth skater to be added in the event penalties are assessed. Refer to Reference Tables – Table 20 – Penalties In Effect Prior to the Start of Overtime – Regular Season on page 168. If a team is penalized in overtime, teams play four 4 on 3. If both teams are penalized with minor penalties at the same stoppage of play (with no other penalties in effect), teams will continue to play 3 on 3. In overtime, if a team is penalized such that a two-man advantage is called for, then the offending team will remain at three (3) skaters while the non-offending team will be permitted five skaters. At the first stoppage of play after the two-man advantage is no longer in effect, the numerical strength of the team will revert back to 4 on 3 or 3 on 3 as appropriate. Refer to Reference Tables – Table 21 – Penalties Assessed in Overtime – Regular Season on page 170.

84.4 Shootout - During regular-season games, if the game remains tied at the end of the seven (7) minute overtime period, the teams will proceed to a shootout. The rules governing the shootout shall be the same as those listed under Rule 24 - Penalty Shot. The teams will change ends for the shootout. The

home team shall have the choice of shooting first or second. The teams shall alternate shots. NOTE: For the shootout, teams will defend the same end-zone as they do in the first and third periods. Eligible players from each team shall participate in the shootout and they shall proceed in such order as the Coach selects. All players are eligible to participate in the shootout unless they have been assessed a misconduct, game misconduct or match penalty. When a goalkeeper has been assessed a misconduct, the player designated to serve the misconduct penalty becomes ineligible for the shootout. If the misconduct is assessed to the goalkeeper during the course of the shootout, the player designated to serve the misconduct must be player who has yet to shoot and thus becomes ineligible to shoot. Guidelines related to stick measurement requests during the shootout are outlined in 10.7 – Stick Measurements – Prior to Shootout Attempt. Once the shootout begins, the goalkeeper cannot be replaced unless he is injured. No warm up shall be permitted for a substitute goalkeeper. Each team will be given three shots, unless the outcome is determined earlier in the shootout. After each team has taken three shots, if the score remains tied, the shootout will proceed to a "sudden death" format. No player may shoot twice until everyone who is eligible has shot. If, however, because of injury or penalty, one team has fewer players eligible for the shootout than its opponent, both teams may select from among the players who have already shot. This procedure would continue until the team with fewer players has again used all eligible Shooters. Regardless of the number of goals scored during the shootout portion of overtime, the final score recorded for the game will give the winning team one more goal than its opponent, based on the score at the end of overtime. The losing goalkeeper will not be charged with the extra goal against. The player scoring the game-winning goal in the shootout will not be credited with a goal scored in his personal statistics. If a team declines to participate in the shootout procedure, the game will be

declared as a shootout loss for that Team. If a team declines to take a shot it will be declared as "no goal."

84.5 Overtime – Playoffs – In the Governors Cup Playoffs, when a game is tied after three (3) twenty (20) minute regular periods of play, the teams shall take a 5 (5) minutes intermission and resume playing twenty (20) minute periods. Teams shall start overtime in the opposite end they started the game, and will change ends to start each subsequent overtime period. The team scoring the first goal in overtime shall be declared the winner of the game.

Rule 85 – Puck Out of Bounds

85.1 Puck Out of Bounds - When a puck goes outside the playing area at either end or either side of the rink, strikes any obstacles above the playing surface other than the boards or glass, causes the glass, lighting, timing device or the supports to break, it shall be faced-off at the nearest face-off spot in the zone from where it was shot or deflected out of play. Should the officials rule that the shot or deflection that caused the puck to go out of play originated from the neutral or defending zones, the resulting face-off location shall be the nearest face-off spot closest to the origin of the shot or deflection that gives the offending team the least amount of territorial advantage. If the puck comes to rest on top of the boards surrounding the playing area, it shall be considered to be in play and may be played legally by hand or stick. When the puck goes outside the playing area directly off the face-off, regardless as to which player may have last contacted the puck, the face-off shall remain in the same spot and no penalty will be assessed to either team for delaying the game. When the puck is shot and it makes contact with the gloves or the body of a player hanging over the players' bench, or if the puck enters the players' bench through an open bench door, the face-off shall take place at the nearest face-off spot in the zone from where the puck was shot, however, if the

puck hits an opposing player's glove or body that is hanging over the opposing team's players' bench or enters the opposing team's players' bench through an open bench door, the face-off shall take place in the neutral zone adjacent to the opponent's players' bench. Should the puck strike the spectator netting at the ends and the corners of the arena, play shall be stopped and the ensuing face-off shall be determined as if the puck went outside the playing area. However, if the puck striking the spectator netting goes unnoticed by the on-ice officials, play shall continue as normal and resulting play with the puck shall be deemed a legitimate play. Players must not stop playing the game until they hear the whistle to do so.

85.2 Puck Unplayable - When the puck becomes lodged in the netting on the outside of either goal so as to make it unplayable, or if it is "frozen" between opposing players intentionally or otherwise, the Referee shall stop the play. The puck may be played off the goal netting by either team. However, should the puck remain on the goal netting for more than three (3) seconds, play shall be stopped. Should the goalkeeper use his stick or glove to freeze the puck on the back of the net or should a defending player shield an attacking player from playing the puck off the back of the net, the face-off shall take place at one of the face-off spots in the defending zone. Should the puck go under the goal either from behind or the side, or through the mesh from behind or the side, if this is witnessed by an on-ice official, play should be stopped immediately and the ensuing face-off should take place at the nearest face-off spot in the zone nearest to the location where the play was stopped.

85.3 Puck Out of Sight - Should a scramble take place or a player accidentally fall on the puck and the puck be out of sight of the Referee, he shall immediately blow his whistle and stop the play. The puck shall then be faced-off at the nearest face-off spot in the zone where the play was stopped unless otherwise provided for in the rules.

85.4 Puck Striking Official - Play shall not be stopped if the puck touches an official anywhere on the rink, regardless of whether a team is short-handed or not. A puck that deflects back into the defending zone off an official who is in the neutral zone, will be deemed to be off-side as per Rule 83 – Off-side. The puck striking or deflecting off an official does not automatically nullify a potential icing. When a puck deflects off an official and goes out of play, the ensuing face-off will take place at the face-off spot in the zone nearest to where the puck deflected off the official. If a goal is scored as a result of being deflected directly into the net off an official, the goal shall not be allowed.

85.5 Face-Off Location - Should any player cause the puck to go out of play or become unplayable in any zone, the face-off shall take place at the face-off spot in the zone from which the puck was shot. If deflected out of play, at the nearest face-off spot in the zone where it deflected out of play. If the zone happens to be the neutral zone, the face-off spot selected shall be the one that gives the offending team the least amount of territorial advantage. For a puck that is unplayable due to being lodged in the netting or as a result of it being frozen between opposing players, the resulting face-off shall be at either of the adjacent face-off spots or at the nearest face-off spot in the zone from which the puck was shot, unless otherwise covered in these rules. If, the attacking team shoots the puck into the zone and a delayed off-side is indicated, or if the attacking team commits a game flow infraction such as contacting the puck with a high stick or batting the puck with a glove (causing a stoppage of play), the ensuing face-off shall be in the neutral zone outside the offending team's attacking zone.

85.6 Minor Penalty – A minor penalty for delay of game shall be imposed on a goalkeeper who deliberately drops the puck on the goal netting to cause a stoppage of play. See Rule 67.3.

85.7 Verification of Time - Any loss of time on the game or penalty clocks due to the puck going out of play must be replaced.

Rule 86 – Start of Game and Periods

86.1 Start of Game and Periods - The game shall be commenced at the time scheduled by a “face-off” in the center of the rink and shall be renewed promptly at the conclusion of each intermission in the same manner.

86.2 Bench Minor Penalty – A bench minor penalty shall be imposed on either or both teams if they are not on the ice or cannot be seen proceeding to the ice to start the second, third or any overtime period when the intermission time on the clock has expired. At the start of the second, third and any overtime period, all players with the exception of the starting players must proceed directly to their respective players’ benches. Skating, warm-ups or on-ice activities by non-starters will result in a bench minor penalty for delay of game to the offending team. When the visiting team must proceed by the way of the ice to their dressing room at the end of a period, they must wait for a signal from one of the officials before proceeding. Failure to wait for the official’s signal shall result in the assessment of a bench minor penalty for delay of game.

86.3 Choice of Ends - Home clubs shall have the choice of goals to defend at the start of the game except where both players’ benches are on the same side of the rink, in which case the home club shall start the game defending the goal nearest to its own bench. The teams shall change ends for each period of regulation time and, in the playoffs, for each period of overtime. (See Rule 84 – Overtime)

86.4 Delays - No delay shall be permitted by reason of any ceremony, exhibition, demonstration or presentation unless consented to reasonably in advance by the visiting team.

86.5 End of Periods - At the end of each period, the home team players must proceed directly to their dressing room while the visiting team players must wait for a signal from the official to proceed only if they have to go on the ice to reach their dressing room. Failure to comply with this regulation will result in a bench minor penalty for delay of game. Players shall not be permitted to come on the ice during a stoppage of play or at the end of the first and second periods for the purpose of warming-up. The Referee will report any violation of this rule to the Commissioner for disciplinary action.

86.6 Pre-Game Warm-Up - During the pre-game warm-up (which shall not exceed sixteen (15) minutes in duration) and before the commencement of play in any period, each team shall confine its activity to its own end of the rink. Refer to Rule 46.8 - Fighting. The Game Timekeeper shall be responsible for signaling the commencement and termination of the pre-game warm-up and any violation of this rule by the players shall be reported to the Commissioner. Twenty (20) minutes before the time scheduled for the start of the game, both teams shall vacate the ice and proceed to their dressing rooms while the ice is being flooded. Both teams shall be signaled by the Game Timekeeper to return to the ice together in time for the scheduled start of the game.

86.7 Start of Game - At the beginning of the game, if a team fails to appear on the ice promptly without proper justification, a fine shall be assessed against the offending team, the amount of the fine to be decided by the Commissioner. **86.8 Start of Periods** - At the beginning of the second and third periods, and overtime periods in playoffs (0:00 on the clock), clubs must be on the ice or be observed to be proceeding to the ice. Failure to comply with this regulation will result in a bench minor penalty for delay of game. Before the start of the second and third periods (and overtime periods in the playoffs), the teams will proceed directly to their respective players' benches. Only the starting line-up will be allowed on the ice. The visiting team will immediately place its

starting lineup at the face-off circle, then the home team will follow, with the Referee allowing the home team to make a line change if so desired prior to the face-off. Skating, warm-ups or on-ice activities by nonstarters will result in a bench minor penalty for delay of game to the offending team. No warm-up involving pucks on the ice shall be permitted for a goalkeeper at the start of any period. If, after one warning, this continues, the Referee shall assess a delay of game penalty to the offending team.

Rule 87 – Time-outs

87.1 Time-out - Each team shall be permitted to take one (1) thirty second time-out during the course of any game, regular season or playoffs. All players including goalkeepers on the ice at the time of the time-out will be allowed to go to their respective benches. Any player designated by the Coach will indicate to the Referee (prior to the drop of the puck) that his team is exercising its option and the Referee will report the time-out to the Game Timekeeper who shall be responsible for signaling the termination of the timeout. No time-out shall be granted following a face-off violation. No time-out shall be granted to the defensive team following an icing, following the goalkeeper causing a stoppage of play from a shoot-in from beyond the center red line, or when a defending player accidentally dislodges the net causing a stoppage of play. When a penalty shot has been awarded to either team by the Referee, no time-out will be granted once instructions have been given to the player taking the shot and the goalkeeper defending the shot. No time-out will be granted during the shootout. No warm-up involving pucks on the ice shall be permitted for a goalkeeper or replacement goalkeeper during a time-out. If, after one warning, this continues, the Referee shall assess a delay of game penalty to the offending team.

87.2 Promotional Time-out - Each team shall be permitted to take up to two (2) seventy five second promotional time-out(s) during the course of one period, regular season or playoffs. The

time-outs should be exercised at the first whistle following the 14 and 6 minute marks of the period. Teams are allowed three (3) seventy five second time-outs during the course of one period with prior league approval. These would be exercised at the first whistle following the 14, 10 and 6 minute marks of each period. All players including goalkeepers on the ice at the time of the time-out will be allowed to go to their respective benches. This time-out must be taken during a normal stoppage of play when teams are at even strength. Only one time-out, commercial or team, shall be permitted at any one stoppage of play. For the purpose of this rule, a commercial time-out is deemed an “official time-out” and not charged to either team. No commercial time-out is permitted after the scoring of a goal. No commercial time-out is permitted after the calling of an icing infraction, following the goalkeeper causing a stoppage of play from a shoot-in from beyond the center red line, or when a defending player accidentally dislodges the net causing a stoppage of play, except when a penalty or penalties are assessed that affect the on-ice strength of either team.

87.3 Cleaning Ice Surface - During promotional time-outs, teams are required to remove the snow in front of the bench area at least one time during the period. It shall be during the 14 minute time-out if teams are using two (2) promotional time-outs and the 10 minute timeout if teams are using the three (3) time-outs.

Rule 88 – Video Review (NA)

88.1 Video Review – It shall be the Referee’s sole discretion as to whether the use of the video review system shall be utilized for any apparent goal or non-goal that takes place during the course of the game. Any potential goal requiring video review must be reviewed prior to or during the next stoppage of play. No goal may be awarded (or disallowed) as a result of video review once the puck has been dropped and play has resumed. When a team scores an apparent goal that is not immediately awarded by the

on-ice officials, play shall be blown down and reviewed at the sole discretion of the on-ice officials. If the goal is confirmed by video review, the clock (including penalty time clocks, if applicable) shall be re-set to the time the goal was scored. If the goal is not confirmed by video review, no adjustment is required to the game clock time. Only one goal can be awarded at any stoppage of play. If the apparent goal was scored by Team A, and is subsequently confirmed as a goal through use of video replay, any goal scored by Team B during the period of time between the apparent goal by Team A and the stoppage of play (Team B's goal), the Team B goal would not be awarded. However, if the apparent goal by Team A is deemed to have entered the goal, albeit illegally, the goal shall be disallowed and since the play should have been stopped for this disallowed goal, no goal can be awarded to Team B on the same play. The clock (including penalty time clocks, if applicable), must be re-set to the time of the disallowed Team A goal and play resumed. Any penalties signaled during the period of time between the apparent goal and the next stoppage of play shall be assessed in the normal manner, except when a minor penalty is to be assessed to the team scored upon, and is therefore nullified by the scoring of the goal. Refer to Rules 16.2 and 18.2. If an infraction happen after the first stoppage of play following an apparent goal (infraction after the whistle) by either team, it is assessed and served in the normal manner regardless as to the decision rendered by the video review.

88.2 Procedure – If the Referee determines the use of the video review system is necessary, the referee shall inform the off-ice official at ice level and the Public Address Announcer shall announce that “The play is now under review”. Once the play has been reviewed and deemed a goal, the goal will be announced in the normal manner. If the review reveals that the goal must be disallowed, the Public Address Announcer shall announce the reason for the disallowed goal as reported by the Referee. When the Referee indicates there is to be a video review, all players (with the exception of the goalkeepers) will go

to their respective players' bench immediately. During the period of video review, no replay of the situation may be shown on the arena video screen or any other public video monitor. 88.3 Situations Subject to Video Review – The following are the only situations subject to video review by the Referee. (i) Puck crossing the goal line. (ii) Puck crossing the goal line prior to the goal frame being dislodged. (iii) Puck crossing the goal line prior to, or after expiration of time, at the end of the period. (iv) With the use of a foot/skate, was a distinct kicking motion evident? If so, the apparent goal must be disallowed. A distinct kicking motion is one which the player propels the puck with his skate into the net. If the Referee determines that it was put into the net by an attacking player using a distinct kicking motion, it must be ruled no goal. This would also be true even if the puck, after being kicked, deflects off any other player of either team and then into the net. This is still no goal. However, a puck that enters the goal after deflecting off an attacking player's skate or that deflects off his skate while he is in the process of stopping, shall be ruled a good goal. See also 49.2. (v) When the puck has been directed, batted, or thrown into the net by an attacking player other than with a stick. When this occurs, if it is deemed to be done deliberately, then the decision shall be no goal. A goal cannot be scored when the puck has been deliberately batted with any part of the attacking player's body into the net. (vi) To determine whether the puck entered the net by going through the net meshing. (vii) To determine whether the puck entered the net from underneath the net frame. (viii) To determine whether there was goalkeeper interference that took place prior to the goal being scored. (ix) Any situation in which the puck may have entered the net undetected by the Referee.

88.4 Coach's Challenge – There are no Coach's challenges in the APHL.

88.5 Video Review Assistant - The position of Video Review Assistant shall be recognized as an official off-ice officials position

required for each League game to assist the Referee in the timely review of any situation subject to video review as outlined under Rule 88.3. 88.6 Logistics and Equipment - The video review tablet shall be located at the scorer's table positioned between the penalty boxes or in the penalty box. The Referee shall have full control of the video review system at all times with the assistance of the Video Review Assistant if necessary.

88.7 Final Decision – If the Referee determines the use of video review is necessary, the Referee shall not be required to consult with the Goal Judge. In determining whether to award an apparent goal, the video review must conclusively show the entire puck entered the net legally with regard to the situations subject to review as outlined above. After the play has been reviewed with the use of the video review system, the Referee shall make the final decision. 88.8 Reports - Following any game in which the video review system was utilized, the Referee must report to the League all video reviews conducted during the game.
