

A LEGACY OF CHAMPIONS SINCE 1978!

16-TIME CHAMPIONS

1982, 1983, 1984, 1985, 1986, 1988, 1989, 1990, 1991, 1992, 2010, 2011, 2012, 2013, 2020 & 2021

CLASSROOM TEACHER PROGRAM

The Classroom Program, which can be done in any time frame, combines soccer and education to help students have fun while learning about Math, Science, English and Social Studies.

We provide the teacher a four-part lesson plan in four areas of study including:

- Mathematics
- Health & Science
- English/Language Arts
- Social Studies

The lessons are only suggestions and can be changed to make them more appropriate for any grade level and we encourage you to customize them to fit your classrooms learning environment.

The teacher will also receive a Progress Report to complete. Once completed, the teacher will submit the report to the Sockers, and then each student and teacher will receive a FREE GA ticket voucher to a Sockers regular season game. In addition, you will be given a link to purchase additional tickets at a discounted price.

Once your class is registered, you'll receive the classroom curriculum. To register, go to sdsockers.com/classroom. For more information, contact Jon Greene at jgreene@sdsockers.com
