

COMMUNITY TICKET PROGRAM

POSITIVELY IMPACTING KIDS LIVES THROUGH SPORTS

The Sockers Community Ticket Program is designed to positively impact deserving youth, families, and charity organizations in the community by providing them with free admission to Sockers games throughout the season and exposing them to the beautiful game of soccer. The program focuses on groups that would not usually be able to attend a professional soccer game on their own. We offer three discounted packages to meet your needs. It is a great way to tell San Diego that you are committed to supporting our community. Community Tickets, which are located in the General Admission section, can be donated to a charity of your choice or we can provide them to one of our charities.
