

SAN DIEGO SOCKERS READING PROGRAM

WELCOME KIT

Thank you for your registering your child with our Student Reading Program. The Sockers believe reading is the foundation to success and hope to help the San Diego youth cultivate a life-long love of reading! The program focuses on volume reading with the hope of helping students with reading proficiency and comprehension. The program will run September 1 through March 1. We will honor all students who complete a minimum of 1000 minutes for Junior members and 1500 for Seniors members, at a home game to celebrate their reading accomplishments.

Enclosed is your Reading Log to keep track of your child's reading minutes. Once a level is complete, return the log to jgreene@SDSockers.com. You will then be given instructions on how to receive your rewards.

We thank you again for your participation and for helping your child discover the magic of reading while earning wonderful rewards. If you have any questions, please contact me at jgreene@SDSockers.com or by calling 866-877-4625.
