THE BLUE NATION WAY

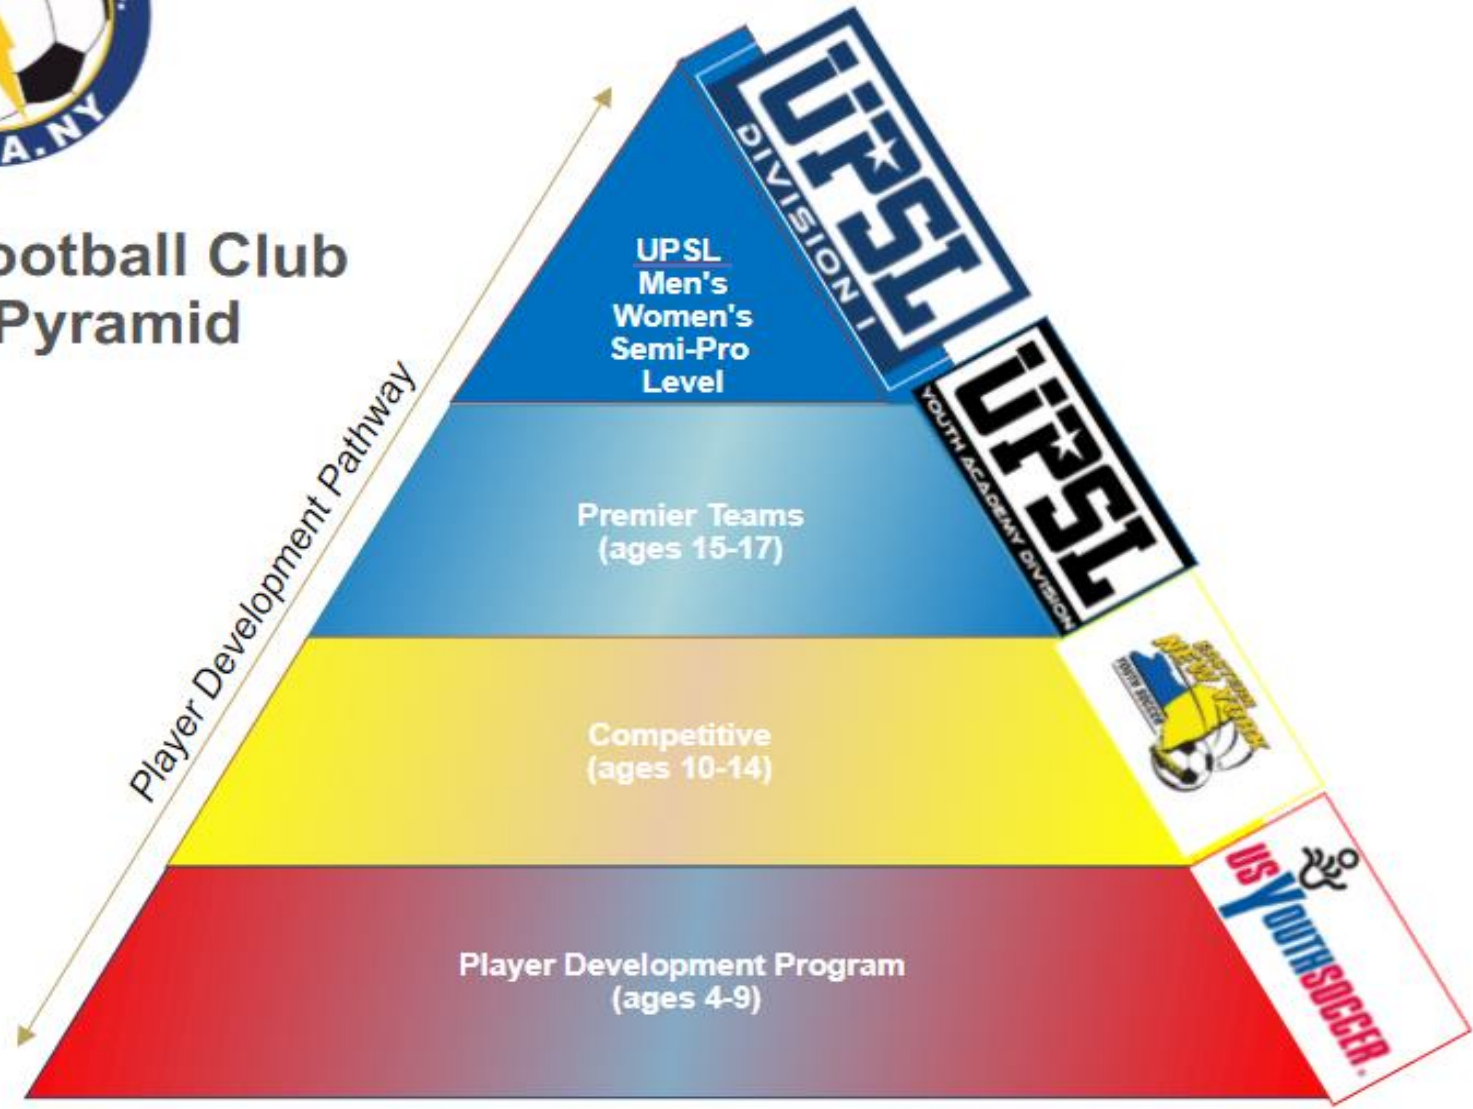

Playing Style– *“Ball possession, taking good care and maintaining control of the ball as a team. Always looking to move the ball forward and to be offensively dangerous.”*

Training– *“The primary focus of each session is to help our players improve in their technical ability and challenge them to better understand the functional and tactical aspect of the game.”*

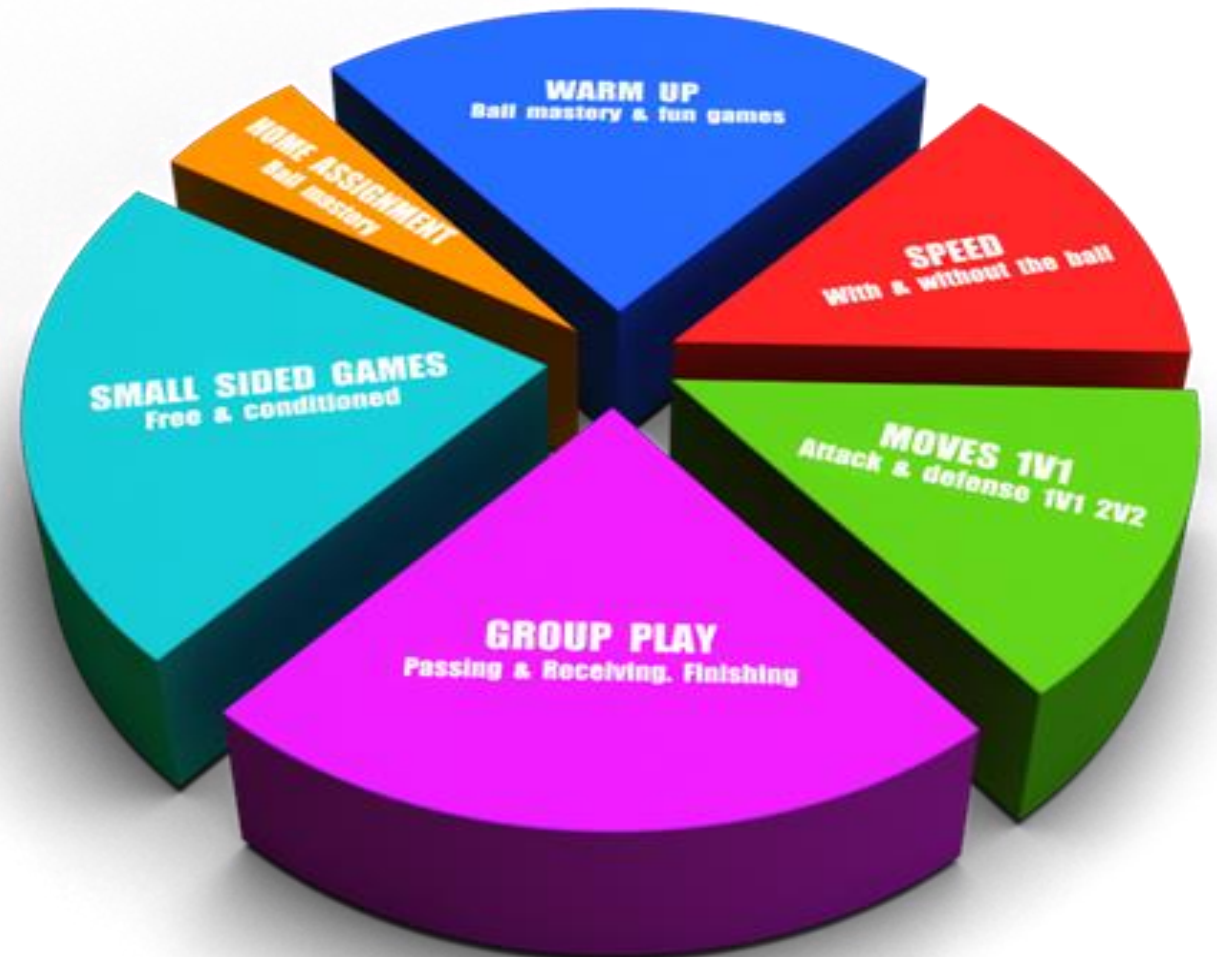

Methods – *“We will accomplish this by using developmentally appropriate (age and skill level) functional and technical activities, which are based on small-sided games”.*
