

Krajisnik FC Utica NY, member of the United Premier Soccer League (UPSL) announced today that it has established a club partnership with SDA Utica. As part of the relationship, it will also be confirmed at a Utica FC City home game. In this January Newsletter we will inform our members of the details of this partnership.

Statement from the Krajisnik FC board of directors: “We are very excited to create this club partnership with SDA Utica. This relationship will play a vital role in establishing a stronger connection with our players and our community. We are looking forward to working together, and bring the players of both clubs together. To compete in a higher level of soccer, outside our area. This is a great way for us to showcase our talent that we have on both teams to, the soccer community. As well helping each other grow as community soccer organizations. Krajisnik FC as a non-profit semi-pro/youth club, will still keep true to our mission statement. Of providing low-cost competitive and development soccer for the Central New York area. Krajisnik FC will still ensure that players are coached and mentored to play at their highest level in a positive and challenging environment, while also promoting high ethical and academic standards, good sportsmanship, diversity and community involvement.”

Details of the Krajisnik FC & SDA Utica Partnership:

1. With this partnership, will open doors. For our club with the connections that Dave and Wayne owners of SDA, have with local businesses and their partnerships they already established, with local foundations. That will help us reach our goals, with funding of our sport field complex, and sponsorships of players.
2. All teams in both clubs, will stay the same. With playing in local indoor and outdoor leagues. As well playing in tournaments of their choosing. The prices will stay the same for players, that play on our teams.
3. Every player will be put into a player poll, and gets a chance to join a team of players of both sides. To make one team that will play in competitive tournaments like state cup and in US soccer regional and national Leagues.
4. Players from their age groups will practice together, once a week. (Training schedule pending) Wearing practice shirts with both club logos for each combined practice.

5. Both Krajisnik FC and SDA can pick from this player pool. To help their existing teams, in tournaments that the clubs are participating in. For leagues, the clubs can not be in the same league. They have to be in different leagues to participate in both clubs.
6. Both club boards will come up with a long term plan. That will benefit all our club members and soccer community. Our long term goal is, to provide all players to showcase their talent. In a high level soccer environment. With this partnership we can achieve that goal.
7. Any questions regarding this partnership please feel free to email or call the president.
