Agenda

Orlando City partnership contract review

Agenda Adopted

The Board received an advance copy of the contract to be reviewed prior to the meeting.

Issues / Concerns noted

- Contract indicated Winter Park; has been corrected to Winter Haven
- The approval of marketing and branding material could be time consuming as noted in contract.
 - Response – We would use templates to streamline the process.
- Impacts of the struggles on the pro side since they could terminate without cause.
 - Response - We should not suffer an impact if the pro side doesn't have success.
- Termination – We would owe for the 4 year contract period if they terminated early for no cause.

- How will the partnership appear on our website? On other partners' pages it appears Orlando City is primary.
- We need clarification on the branding and preserving our identity and history. We recently rebranded and developed a new logo we would like to maintain.
- The boundary should be 15 miles to avoid Four Corners. This will be discussed.

Benefits noted

- The leverage of the Orlando City Soccer School could give us more opportunities to get into higher leagues to benefit the players.
- NWSL is adding an MLS Next
- We would still be able to sell our existing gear.

Misc. Items Noted

- If we go to Orlando City, the first year of the recreation uniforms would be under \$50, 1st year competitive uniforms would be approximately \$150.
- Team 10 has options. We would get a percentage back to the club.
- The uniform company is independent. We will be exploring this option either way.

Questions / Discussions Remaining with Orlando City

- Clarification of branding on website.
- Update to the termination portion of the contract. We should not owe the remainder of the contract if terminated without cause.

No Votes Held
