Breakaway Scoring - Players will be put into groups. Each player will have a minimum of three breakaways, winners in each group advance to final group. Single round until one player is left. Goalies will also be judged on this event and a winning goalie will be selected based on best save percentage.

Fastest Skater - Each participant will be timed on 1 lap around the rink. Top two times will face off in a final.

Accuracy Contest - There will be four targets attached to the inside corners of a goal. Shooters will get up to 10 opportunities to hit all 4 targets.
