

ACCUMULATED FOULS

The first five (5) fouls in a half MAY be opposed with a WALL at least 15 feet away.

At the sixth ACCUMULATED FOUL against a team in the same half (time)

- The restart is a penalty kick from the top of the key.
- All players except the defending goalkeeper must be even with or behind the line bisecting the top of the key and all defenders at least 15 feet from the ball until the ball is kicked.
- The kicker must shoot directly on goal and the goalkeeper must be in his/her penalty area on the goal line.

Half Time:

- If a team has 6 or fewer accumulated fouls, their foul count will be erased for the second half.
- If a team enters half time with 7 or more accumulated fouls, the foul count over 6 will remain on the board. Maximum of 3 fouls can be carried over to the second half.
- Example:
 - Team A commits 7 fouls in the first half. At the start of the second half, Team A will start the half with 1 foul on the board.
 - 8 first half fouls, Team A starts the second half with 2 fouls on the board
 - 9 first half fouls, Team A starts the second half with 3 fouls on the board

BUILD OUT LINE – U12 and younger

- When a ball is out of play because it crosses a goal line without scoring a goal after being last touched by the attacking team, the restart is a Goal Clearance (not a corner) by the defending goal keeper.
- The goal keeper picks up the ball and, from anywhere in the penalty area, throws or rolls the ball out of the penalty area.
- During the Goal Clearance, the defense must back up to the half court line (the BUILD OUT LINE) to allow the ball to be put in play.
- The ball cannot be touched by either team until it clears the penalty area.
- The defense can react as soon as the keeper releases the ball.
