Emerging High-Performance Athletes (Tier 2)

2026–2027 Athlete Selection Rankings

Status: Tentative – Athlete Selection Review Applications Received: 48 (including OAAP and **Exceptional Athlete applicants) Available Positions:** 14 (7 Male / 7 Female) Appeal **Submission Deadline:** October 23, 2026 – 11:59 PM ET

Program Overview

The Ontario Amateur Wrestling Association (OAWA) received 48 unique athlete applications for the 2026–2027 Emerging High-Performance Athletes (Tier 2) Program, including 26 applicants currently appearing on the Ontario Athlete Assistance Program (OAAP) carding ranking list.

With 14 available positions (7 male and 7 female), the selection process is competitive. The Emerging High-Performance Athletes Program is designed to support Ontario wrestlers progressing through the high-performance pathway by providing access to targeted strength and conditioning programming, athlete testing, nutrition education, mental performance resources and other high-performance services.

Athlete Selection Methodology

Athletes have been ranked according to their standing on the official Ontario Athlete Assistance Program (OAAP) carding ranking list as of October 20, 2026.

Priority has been given to eligible athletes who submitted applications for the Tier 2 Program. Athletes already selected for OHPSI Tier 1 have been excluded from these rankings.

The following selection priorities have been applied:

1. Current OAAP Carding Rankings – Athletes are ranked according to their official OAAP standing.
2. Athlete Eligibility – Athletes must meet all applicable program requirements.
3. Exceptional Athlete Consideration – Applications are reviewed separately under the OAWA High Performance Program & OHPSI Athlete Selection Criteria & Guidelines.

The first seven athletes in each division are tentatively identified for selection, subject to final eligibility verification, appeals and OAWA approval.
