

Girls Multi-District District Player Development/Evaluation Camp
Colorado College, Colorado Springs, CO
June 13-18, 2015

FAQ

Why are we staging a Multi-District Player Development/Evaluation Camp?

There is a need for further development, education, and exposure for the female hockey player. A Multi-District (Rocky Mountain, Pacific and Northern Plains) Girls Development/Evaluation Camp using a structure and format very similar to current national camps but increasing the numbers to reach more female athletes expands the opportunities for all of the girls in the three Districts.

What is the format of the Camp?

The Camp will emphasize skill development and provide an opportunity for players to measure themselves against the best players from the three districts. Players attending the camp will be placed on teams, with a Team Leader, upon arrival and will be on the ice with NCAA College, AAA, Prep School, USAH National personnel twice a day. There will also be off-ice sessions, hockey related educational seminars, a college fair and a visit to the USA Hockey National Offices. Finally, players will be evaluated for selection to the birth year specific National USA Hockey Select Camps.

Who is eligible to attend and how do I qualify for the Camp?

All female US citizens, whose primary residence is within one of the three Districts with birth years of 1998, 1999, 2000 and 2001 are eligible to attend. Each affiliate in the Rocky Mountain (AZ, CO, ID, NM, UT, OK, TX), Pacific (CA, OR, WA, NV, HW, AK) and Northern Plains (MT, ND, SD, WY) Districts of USA Hockey have been given allocations to the Camp. Each affiliate will hold a Player Development Camp to select players to attend the Multi-District Camp. All players can only advance to the Multi-District Camp through their affiliate.

I go to school and play out of my District. Am I still eligible to attend?

USA Hockey determines player eligibility for camps based upon a player's primary residence (where do your parents pay taxes?). You must tryout through your district process. If you cannot make your affiliate (State) camp then you need to work through your affiliate to arrange to be evaluated by at a Camp local to you. Do not attend a Camp local to you unless you have coordinated with your State Player Development Director. **Contact your Affiliate and your State Player Development Camp Director for details and to make arrangements.**

Where will the Camp be held?

The camp will be held in Colorado Springs, CO on the campus of Colorado College from Saturday, June 13 to Thursday, June 18, 2015. A schedule will be posted on each of the three District's website by May 1, 2015. The Camp schedule will be subject to minor change, but the Camp start and end times will not change so folks can make their travel arrangements in advance. Players will be housed in dorms and fed on campus. CC has an on-campus rink and we will also be utilizing Sertich Ice Arena, a short five minute bus ride from the CC campus.

What is the registration procedure?

For the selected and invited players, the registration process will be online through Rocky Mountain Registrars. This is the same online process that all of Rocky Mountain and Pacific already use. Each player will receive an email telling what procedures to follow online. We will put a deadline on your registering and if you do not meet the time line given you run the risk of losing your spot. If you have difficulty in meeting the time line, please communicate with us and we will help to work it out. After registering and prior to the Camp each player will receive a "Player's Packet" with additional Camp specific information and check-in procedures.

How much does the Camp cost?

The cost is \$650/player and includes housing, meals, ice, coaching, seminars, jerseys and socks as well as transportation to and from the airport. Participants will be responsible for travel to Colorado Springs or the Denver Airport and spending money.

Can Parents attend?

Yes, parents can attend. All ice sessions and seminars will be open to the parents. If parents attend, they will be responsible for their own housing, transportation and meals (the dorms are not available to the parents). Parents will have **VERY** limited access to their daughters during the camp as all participants will be under the care of USA Hockey in a team environment. They will be very busy. You may be able to see your daughter just before and/or after the on-ice sessions.
